

Welcome to the 2026 season at the Prestonwood Polo Club!

The cold winter days are starting to melt away and we are excited to welcome you all back to another fantastic season at Prestonwood.

Over the past few months, we've been hard at work preparing for the season. From consistently improving our arena footing, fields, upgrading the facilities, and planning social events. We are confident this will be our best season yet.

Many new members have joined the club over the last few seasons, and we look forward to including them in our first field chukkers. Additionally, the Southern Methodist University has made the move to Prestonwood. This now totals four intercollegiate teams between UNT and SMU. Both teams will set their sights on national trophies in the Spring of 2026.

Bi-weekly practices continue in the arena through March, then we will start grass practices in April. our official start of the Grass season will be Sat May 2 with the crowd-favorite Saturday Polo pro-am matches. The DFW Polo Assn. is pleased to bring back the 4-Goal League and possibly some 8-goal and 12-goal again in late spring and fall.

Together, let's make the 2025 season an unforgettable chapter in your polo journey. Saddle up!

Sincerely,

The Prestonwood Polo Club family
