

In the Bible we are clearly shown what Faith is and also how to apply faith to any given situation and there have been many teachings on these facts. Most generally there are laws which govern the use of almost anything in this world. In this **8 CD series** Dr. William Hohman will bring to life what the Law of Faith, which governs in the Kingdom of Heaven, truly is.

Faith is a noun, it is something you have. Believing is a verb, it is something you do with the information you receive from God. In the advance information (faith) we get from God, there are things for us to do. "If" we do them, "then" God will do what He declared in our advance (faith) information. For instance, God showed Noah that he would "save his house" provided he built the ark according to the advance faith warning. To put it differently, Noah would not have saved his house had he not acted upon the faith information he received from God. Acting upon our faith information is called "believe" in the Bible. "Believe," in the Bible, does not reside between our ears. *Believe* is not just agreeing mentally with what God said in a scripture. *Believe*, in the Bible sense, is acting out what is contained in the "if" part of our advance faith information.

In Hebrews 12:2 we are given the advanced information for the Law of Faith in the Kingdom of heaven, "Looking unto Jesus the author and finisher of our faith." If we would magnify the SON we would start a Faith Fire – Psalms 34:3-6 (NKJV) "Oh, magnify the Lord with me, And let us exalt His name together. I sought the Lord, and He heard me, And delivered me from all my fears. They looked to Him and were radiant, And their faces were not ashamed. This poor man cried out, and the Lord heard him, And saved him out of all his troubles." (Now That's Faith)
