“The CLEAR Change Coach Training Program has been a game-changer. As a seasoned coach for the past 13 years, my hope coming into this program was to learn more coaching tools and coaching frameworks/principles to enhance my practice. Little did I know that within the first month I would get my money's worth and learn a framework that I feel has been missing in the coaching world! Not only are we learning the ethics and competencies from the ICF, but exposed to a variety of expert guests and valuable feedback. The professionalism is next level. I'm grateful my ego listened to my heart on this one - my coaching will never be the same.”

QUESTIONS?

GENERAL PROGRAM:

What is the time commitment and structure for the Program?

This course is designed at the Masters Level with approximately 158 hours. The learning is divided into the following three categories:

- **Learning**- 4.5 hours of synchronous learning time/scheduled week. Learning Schedule includes 1 full launch day and 1 week long immersive module. Please see Learning Journey for specific dates. In addition, expect 30 minutes of asynchronous learning/week.
- **Practicing**- Mentor coaching, observed coaching and coach supervision
- **Applying**- 100 coaching hours are not included in the course hours but must be completed to obtain an ICF credential and the designation of CLEAR Change™ Coach. Participants should plan to set aside additional time to find, schedule, and coach clients.

To provide participants with a broad range of support and learning opportunities, the CLEAR Change™ Coach Training Program (CCCTP) utilizes a learning structure of Triads, Pods, and a Cohort.

1. **Triad** is a learning group of three that is participant led and provides practice, support, and accountability.
2. **Pod** is a learning group of 18. This is the small “classroom” that will meet for 2.5 hours/week during synchronous sessions. This group will be led by 2 facilitators who support and guide learning application and experience.
3. **Cohort** is the large learning group consisting of up to 5 pods. This group meets for 2 hours/week during synchronous sessions to learn from guest and expert facilitators. Utilizing a large cohort allows for diversity of training, learning, and interaction.

What is the work commitment of the program?

Each student will have their own working/study style. Each month you can expect to complete approximately one module and practice along with its asynchronous learnings. The program is designed to give you the depth and experience needed to become a well-trained coach while also working within your busy schedule. As with any program of this nature, you will get out of it what you put into it.

QUESTIONS?

GENERAL PROGRAM:

How do I best prepare for the Program?

Once you have been accepted into the program, we suggest the following preparation:

- Calendar your course time and have a plan to set aside time for class, asynchronous learning, and coaching sessions each week.
- Obtain a journal to record your personal discoveries that arise throughout the course (a participant workbook will be provided for each module).
- RSVP to synchronous learning on the events page of the learning platform.
- Spend time on the ICF website learning about the Core Competencies and ethics.
- Consider what you will do to support your whole person during this time.
- Begin to consider how you might get coaching clients to support your 100 hours of applied learning.

What is the CLEAR Change™ Coach Training Program education philosophy?

Transformation occurs when approached from the outside-in (adult-learning design principles, experientially-based developmental process for individual/pod/cohort and is delivered in an inclusive, psychologically safe way) and the inside-out (explores and transforms personal paradigms/beliefs and there's room and time for discovery and application).

We believe in a learning design that favours experience and practice in a space of trust and safety.

What is your mission and vision for being a coach educator provider?

We vision a world where coaches discover and trust their unique Whole Person Intelligence™ to enable self-authorship - both personally and professionally.

Our mission delivers an innovative coach education that connects the coach with their WPI™ in a safe and trusted environment.

What are the dates and locations of the program?

The Fall 2022 Cohort will run October 21, 2022 - November 14, 2023. All training is held virtually. A full calendar can be accessed on the learning platform.

What languages is the program offered in?

Currently English is the only language.

QUESTIONS?

APPLICATION, ENROLLMENT, & ATTENDANCE – con't:

Do I need to attend every synchronous (online group) learning session to complete the course?

The short answer to this question is yes! Each learning session correlates with required hours and competencies needed to complete your coach certification.

What if I miss a class?

We understand that life is always happening. If you must miss a class, please reach out. We will work with you to make up a session. If you need to miss multiple sessions, we can assess how much you'll miss and perhaps move your learning to a better time. Another aspect of missing classes means you may miss mentor feedback. CCCTP™ is the all-inclusive program in that Group and Individual Mentor Coaching sessions are part of offering and have been carefully added to the schedule to meet ICF requirements. Due to the difficulty of replicating a Group Mentor Coaching Session, you will be responsible to pay an additional fee to cover the cost of an individual mentor coaching session should you need to miss a Group Mentor Coaching session.

My schedule has changed, and I can no longer meet with the group, can I take the class independently?

This course has been designed for group learning. We are happy to discuss an option to postpone learning to a better time.

What if I have a medical or other emergency?

In the case of a medical or other emergency, please contact us to discuss how we might support you.

What if I decide this course is not a good fit for me? Can I get my money back?

Tuition cost will not be refunded once the program has started. We are always happy to work with you to postpone learning to a better time.

QUESTIONS?

APPLICATION, ENROLLMENT, & ATTENDANCE – con't:

I want to participate but do not have internet access, can I call in to the synchronous learning sessions?

The synchronous learning sessions are held via Zoom. Our synchronous and asynchronous learning can be accessed via the phone. You will want to have camera access, as we will use learning approaches that require camera use.

Will there be tests throughout the course?

We will provide opportunities for reflection as well as assignments that advance learning. We do not have traditional 'tests' that will be graded throughout the course. At the end of the course, you will have a coaching assessment as part of your certification requirements.

What is mentor coaching?

The ICF defines mentor coaching as “coaching and feedback in a collaborative, appreciative and dialogued process based on an observed or recorded coaching session to increase the coach’s capability in coaching, in alignment with the ICF Core Competencies.

Mentoring provides professional assistance in achieving and demonstrating the levels of coaching competency and capability demanded by the desired credential level. Mentor Coaching should take place over an extended time (three-month minimum) in a cycle that allows for listening and feedback from the Mentor Coach while also allowing reflection and practice on the part of the individual being mentored.” In alignment with ICF’s standard, CLEAR Change™ Coach Training Program mentor coaches have received a PCC or MCC level coach accreditation with the ICF.

What is observed coaching?

The ICF defines observed coaching as “sessions in which a participant is coaching any client, fellow participant or another person as a method for practicing their coaching skills. Observed coaching sessions are observed by an instructor/observer who is responsible for providing written feedback to the participant, noting the participant’s use of the ICF Core Competencies in the coaching session. These sessions may be observed live or through a recorded session. Observed coaching sessions count as part of the total instructional hours of the program.”

QUESTIONS?

CERTIFICATION & COMPLETION – con't:

What is Coach Supervision?

Coach supervision is a collaborative learning practice to continually build the capacity of the coach through reflective dialogue for the benefit of both coaches and their clients.

Coach supervision focuses on the development of the coach's capacity through offering a richer and broader opportunity for support and development. Coach supervision creates a safe environment for the coach to share their successes and failures in becoming masterful in the way they work with their clients.

What is an ACC?

An ACC is an Associate Certified Coach with the International Coaching Federation (ICF). To learn more, visit: <https://coachingfederation.org/credentials-and-standards/acc-paths>

What is a PCC?

A PCC is a Professional Certified Coach with the ICF. The CLEAR Change™ Coach Training Program is designed to certify coaches at a PCC level. To learn more, visit: <https://coachingfederation.org/credentials-and-standards/pcc-paths>

What is a course that has “been designed to meet the ICF Level 2 requirements?”

This indicates that the course is designed to meet the ICF Level 2 requirements but has not yet been formally accredited by the ICF. ShadowLight is in the process of accrediting this course. When accreditation is obtained, program participants will receive their certification of completion for an ICF accredited Level 2 program. ShadowLight agrees to abide by the standards and ICF Coaching Education Accreditation Code of Conduct.

QUESTIONS?

CERTIFICATION & COMPLETION – con't:

Am I able to start coaching as soon as the program starts?

Yes! In fact, we encourage you to begin coaching and gather as much experience as possible. You can indicate to clients that you are a student coach. Be sure to track your coaching hours in the ICF log that is provided under “ICF Certification Information” on the learning platform.

Does ShadowLight provide coaching clients for my coaching hours?

ShadowLight does not provide coaching clients. As part of your learning, you will be able to effectively communicate what coaching is and isn't when approaching people for coaching.

Who can my coaching clients be?

A coaching client is anyone whom you have a successfully and mutually agreed to partner and have established a coaching agreement with. We encourage you to consider the ICF code of ethics to align with clients who will be a good fit.

<https://coachingfederation.org/ethics/code-of-ethics>

What are coaching hours and how do I track my coaching hours?

According to the ICF, “Applicants for the ICF ACC, PCC and MCC Credentials must meet designated coaching experience requirements for eligibility. Specific requirements vary by credential level. ACC candidates are required to document at least 100 hours (75 paid) of coaching experience with at least eight clients following the start of their coach-specific education or training. At least 25 of these hours (paid or unpaid) must occur within the 18 months prior to submitting the application for the credential.” PCC candidates are required to document at least 500 hours.

As soon as you begin a coach training program, you are able to begin tracking hours towards your goal.

Questions?

CERTIFICATION & COMPLETION – con't:

What is a performance evaluation?

A performance evaluation is an opportunity to measure progress of observable coaching competencies. This evaluation takes place at the end of the program. You will upload a 30-minute recorded coaching session of your choice to the learning platform for evaluation. It is our goal that you will feel very prepared when this moment arrives! While we do recommend submitting a session towards the end of your training, you are welcome to submit a session that was recorded during the Program's duration.

ICF provides the following “Level 2 accredited providers must administer a final performance evaluation in a formal testing environment. The final performance evaluation must, at a minimum, contain an actual observation of coaching at least one half-hour (30 minutes) to one hour in length which is graded as a final performance evaluation.

The performance evaluation must be graded at or above the ICF Credential PCC level, which is described in the minimum skill requirements for PCC. Participants must receive written feedback/scoring for their performance evaluation that provides information regarding their performance on each of the ICF Core Competencies. Performance evaluation reviewers must hold an ICF Credential at the PCC or MCC level and competently understand the ICF Core Competencies and Code of Ethics.”

What do I need to consider as I prepare for my performance evaluation?

First off, please don't stress! You will have many opportunities to practice demonstrating the coaching competencies and will receive feedback and support. You will also be assigned to a mentor coach who will be able to help you navigate any questions or concerns. In addition, the ICF has informed the following: "The performance evaluation must be an actual coaching session between you and a paid or pro bono client (not part of coach training). The client may not be a coach unless they are a regular client."

Questions?

CERTIFICATION & COMPLETION – con't:

What if I do not pass the performance evaluation at a PCC level?

You will be well prepared to take the coaching evaluation. In addition, you will be connected with a learning community that can provide support. To receive an ICF certification, you need to pass at an ACC or PCC level. If you do not pass the CLEAR Change™ Coach Training Program evaluation at a PCC level, but you are able to demonstrate coaching at the ACC level, you will still be able to apply for ACC certification. If you do not pass at the PCC or ACC level, ShadowLight will give you the opportunity to take a second evaluation at an additional charge (pending ShadowLight accreditation).

In addition to the ICF requirements for a level 2 program, the CCCTP™ adds coach supervision, additional mentor coaching hours, and learning journey support to engineer a learning container that engenders trust, expands awareness and creates choice. Done well, the design moves individuals from reflection to application of doing to being.

How do I contact someone at ShadowLight if I have questions about the program?
