This Month at Preschool

Bears, bears, and more bears continue to appear in our classroom this month, from polar bears to teddy bears and everything in between. You may have already heard stories of bear-shaped “cookies” being created at the playdough table, or have seen fuzzy polar bear gluing crafts coming home with your child.

Prior to spring break our students will shift their energies towards exploring St. Patrick’s Day with these themes emerging in songs, stories, and art projects around the classroom.

Also, Mrs Miller has requested that if your children have any old valentines they are no longer using or are interested in keeping, please consider donating them back to the preschool for future uses.

Learning Through Play

Carpet time at the end of each class not only teaches children important social skills, like keeping their hands to themselves, but also provides an opportunity for our teachers to share a story with the class. Did you know that books and storytelling help children to:

- Learn pre-reading skills such as how to hold a book
- Learn new words and meanings
- Develop imagination
- Develop their interests
- Understand different social situations
- Understand that print carries the meaning of the story
- Share experiences with other children and adults
- Develop a positive attitude towards books, which will help them when they learn to read
