AND YOU!**

# LET'S SAVE LIVES

As we mark 65 years of serving our community, here's why we do what we do, and why we need your help:

**Fighting the diseases of despair:** Half of Americans are lonely. A growing number have no friends. And nobody feels more friendless than someone suffering from alcohol or drug disorders. Along with life-saving care, we nurture community, connection and purpose.

**Keeping people at work, in their homes, parenting their kids:** Substance use disorders destroy families, keep people out of the workforce, degrade our community. The cost of lost lives nationally has been calculated at 5% of gross domestic product — equivalent to \$1.5 billion last year for the tri-county area of Mid-Michigan.

**Holding the line for families, neighborhoods and the local economy:** Mid-Michigan Recovery Services has always performed above its weight class. But the resources have never matched what we know is our third-leading public health threat, behind only heart disease and cancer.

**We know this disease can be treated if our collective effort reflects the severity of the need.**

# LET'S APPLAUD RECOVERY

## **The beauty of recovery is hope:**

People in recovery can always tell you the exact date they stopped using alcohol and drugs, because it marks a turning point in their lives.

## **Isolation and futility are replaced by community and purpose:**

Recovery allows one to embrace life again. To rediscover skills and relationships once thought lost forever. To reimagine what is possible.

## **The joy of recovery deserves a creative outlet:**

The recovery community is expansive, welcoming — and talented! People in recovery are starring on the stages of their new lives. That deserves celebration and applause.

*"This program is really helping me get my life and recovery together."*

— A woman enrolled in Glass House residential recovery

*"This place gives you the opportunity to get help and work on yourself."*

— An Intensive Outpatient client

# LET'S SHINE A LIGHT

**For six years, our community has come together for our biggest and most important fundraiser of the year:** Your sponsorship and attendance at Shine A Light is critical to our ability to serve our neighbors and friends who are desperate to leave addiction behind and begin a new life.

The Talent Show theme for this year's Shine A Light event allows us to put a spotlight on the amazing, sometimes overlooked talents of the recovery community. The stars on stage will include those engaged in the lifelong work of recovery, as well as peers, family, advocates and professionals.
