

www.FlamingoGardens.org

Supplies:

Template, crayons, scissors, (googly eyes and glue are optional)

Instructions:

1. Color turtle template; 2. Cut out the turtle around the edges. 3. Cut along the thick line that goes up to the center of the shell. 4. Cut along the thick lines at the base of the triangles (these triangles will make the tail). 5. Glue on googly eyes if you have them. 6. Fold at the center cut so that the two triangles overlap, and tuck the triangles together at the base cut to hold them together. **Now you have a turtle!**
