

Emert Ranch 400 yard Clay Championship Match

The Emert Ranch 400 yard West Texas Championship match was held October 18, 2014. 38 shooters lined up Saturday morning to contest the West Texas Championship. As usual, the West Texas wind was blowing and changing throughout the day. As the day went on, the wind switched often enough to be different every time you went to the firing line. When all was finished, Dick Cunningham had quietly cruised to a very respectable win by scoring 890 of a possible 1,000 points. Dick was shooting a 6.5x284 and driving it very well. Congratulations Dick. You deserved the win.

Following Dick closely were Lance Modewell - 850, Paul Martinez - 830, Tad Emert - 830, and Chuck Dodson - 790. Rounding out the top ten were Donnel Gains - 760, Darrel Martin - 750, Rolando Aviles - 700, Joe Duke - 700, and Robert Smith - 690. Rolando Aviles certainly traveled the furthest to shoot as he came from Puerto Rico.

As usual, the match was run to provide benefits to the Water Valley Volunteer Fire Department who provide the meal, the Range Officer and target crew for the match. Thank you WVVFD for a well run Match as well the great job you do protecting the lives and property of your fellow citizens of the area.

Tad Emert says I would like to start by saying a big thank to all the shooters who attended the shoot. I would also like to thank the shooters who for good reason could not attend and donated their entry money as prize money or to the fire department. The wind was tricky both days but there were some shooters who had it figured out. Once again thank you. The shoot next year is planned for the first weekend in Oct. Start marking your calendars and we will see you next year.
