

PayCenter Kiosk

The **PayCenter** kiosk offers the best of self service to operators and their customers.

Operationally, PayCenter is the most cost-effective kiosk solution in the market for Bill Payment and Prepaid Services featuring:

- Low cost of ownership
- Solid steel construction with business-hours security
- Smash proof Plexiglass LCD panel cover
- Large-capacity cash validator
- Large-capacity receipt printer
- Windows PC environment for expanded product set
- Dial & IP capability (optional 3G wireless)
- Optional **KioSoft Report Server** access for:
 - Daily reporting of Cash & Credit transactions
 - Real-time access to:
 - ✓ Transaction diagnostics
 - ✓ Low printer paper alerts

For the customer, PayCenter focuses on providing walk-in bill payments to serve the unbanked and under banked populations; approximately 100 million people in the US.

PayCenter's flexible payment options and easy-to-use interface encourage self-service payment. Approximately 64% of bill payments are made with cash. PayCenter also has credit & debit acceptance as a standard so merchants collect every payment.

PayCenter Kiosk

How PayCenter Works

PayCenter is a touchscreen interface designed to capture unattended payments for Bill Payment and Prepaid Services. Customers use cash or credit to pay for Electric, Gas, Telephone, Wireless, Cable, Water in a completely self-service environment.

PayCenter is perfect for:

- | | |
|----------------------------|-------------------|
| Municipalities | Gas stations |
| "Mom & Pop" grocery stores | Liquor stores |
| Convenience stores | Game shops |
| Wireless Accessory Stores | Electronic stores |

Consumer Benefits

- Convenience
- Pay their bills using cash
- Pay more than one bill at the same time
- Avoid late fees, service charges and bad credit reports
- Get a receipt for each bill they pay
- Can purchase other prepaid products in-store
