Plastics are hurting our ecosystem, making it difficult for many animals to survive. Because plastic does not fully deteriorate, we need better solutions for our discarded trash.

Water bottles are collected then processed into pellets. These pellets are melted into yarn. We then weave the yarn into this cute plush toy.

That is why Green County Critters is made with 100% recycled water bottles, taking plastics out of nature and turning them into beloved toys.

Available with red or maple leaf imprinted ribbon.
