**Debs Crafts And Things and Udderly Colorful Custom Apparel have joined forces to create Rose City Flea. I, Debra Fischer opened Debs Crafts And Things 5 years ago and have been doing craft shows and flea markets around the area. To set my stuff up at a flea market I had to drive to Avon New York which is a hike. I decided I wanted to start a flea market here in our great Village of Newark. I wanted to give vendors an opportunity to be closer to home and customers an opportunity to shop at a large flea market in our community.**

**I met Penny Teed at our local farmers market and quickly became friends. Penny moved her shop in with mine and we brainstormed with Mark Peake to find a location to make it happen. Without Penny's help this would not be happening. It is a very large venture that takes a lot of dedication and hard work. We have over 40 vendors signed up for our opening day and continue signing up more every week**

**Udderly Colorful Custom Apparel has been open for just over 1 year. T-shirts, hoodies, tumblers, coffee mugs, etc. are offered at the highest quality of graphics and very reasonable prices. I, Penny, have vast experience with vendor shows and flea markets. It's been a very long time since we have had a good 'ole Flea Market in our area. Our goal is to provide a venue that not only puts our vendors in a position to be profitable, but draws a lot of community members to find some good old fashion deals.**
