

Mandatory COVID-19 Pre-Arrival Attestation and Registration Guide

Canadian Career Education College's first priority is the health and safety of our students. We are also obligated to follow the regulations and recommendations of various authorities, including the Government of Canada, provincial and local public health authorities.

The Government of Canada has put in place an emergency order under the Quarantine Act. It applies to all travellers arriving in Canada. Its purpose is to slow the spread of COVID-19 in Canada. Failure to comply with this order is an offence under the Quarantine Act.

Your Plan

Students who have their own self-isolation plans must be staying in their own home (proof of lease required) or with a friend or family (attestation form from friend/family member is required to be submitted). Additionally, students must be staying within the **City of Vaughan or (Greater Toronto Area (GTA))**. If you are not able to meet these requirements you must use the Canadian Career Education College Self-Isolation Program.

All students making their own self-isolation arrangements must also ensure that they have a Canadian phone number at which they can be reached at all times upon arrival at their self-isolation location. If you require a Canadian SIM Card to meet this requirement there are a wide variety of SIM Card services which will deliver a Canadian SIM card pre-departure – typical shipping time is 3-7 days depending on the provider and country. There are also some Canadian based services which will deliver to a traveller's self-isolation location.

If you will be **under the age of 18** when you arrive in Canada, please **DO NOT** complete the form below. You must contact services@cancollege.com for next steps.

Form to Register Your Self-Isolation Plan

Once you have your self-isolation arrangements confirmed and your lease/host attestation plan ready, please complete the following Self-Isolation Plan and Attestation Form.

I have My Own Self-Isolation Plan

When you arrive at the border, you need to have an adequate plan to quarantine for two weeks. An adequate plan includes a location where you can safely self-isolate in accordance with Public Health guidelines and outlines how you will access food and any other necessities required during your self-isolation. Public living areas should be avoided. As such, residences with shared living accommodations are not acceptable for quarantine or isolation. Students must demonstrate that they have their own accommodations or a family or friend's home which meets the requirements, as outlined by Public Health Guidelines (attestation from host required). Failure to meet these requirements may result in being denied entry to Canada or having to carry out quarantine in a government-approved facility.

All students, including those with their own self-isolation plans MUST self-isolate in the city of Vaughan or in the GTA (Greater Toronto Area). Students with their own self-isolation plans are required to use their own transportation services, to travel from their place of arrival in GTA to their place of self-isolation. Any co-arriving family members (spouse or dependents) should be transported as well.

You will be tested for COVID-19 upon arrival on day 14 of your arrival in Ontario. The College can arrange the ride for you to the Testing Centre and the test will be free. You agree to continue to self-isolate for the remainder of your two weeks (14 days) self-isolation period even if your tests confirms that you do not have COVID-19 and, should you test positive you will be required to continue to self-isolate as directed by Vaughan or (Greater Toronto Area (GTA) Public Health (normally 14 days from test date or onset of symptoms).

In order to ensure that students have appropriate self-isolation plans in place, we ask that you complete and digitally sign the below form **once you have booked your flight**. You should use this information when completing the questions in the ArriveCan App.
