

HELLO

*you!*

Dear Millbrae Community Foundation,

Thank you for choosing me to receive this generous scholarship. It fills me with pride knowing that you believe I can find success in the future. I plan on attending Northern Arizona University for Environmental Engineering. It will be challenging, but now I am sure I am worthy of the task. The transition from moving to Millbrae was difficult for me, but I realize that the community has welcomed me and family and we have found a home here. Thank you for helping me grow as a person more than I ever have anywhere else.

Sincerely,

Janette Barrantes
