And the winner is?????

MARTHA BUMMER!!!!!!

Congratulations to Martha Bummer, the recipient of our first Sports person of the Year Award.

Congratulations to Dave Craig for Freshwater Angler of the Year and Gary Gillingham for Saltwater Angler of the Year.

The annual Awards banquet was held on December 9, 2009 and yes I finally got the date correct. I am sure all those who attended had a great time. There were prizes galore and a few lucky members won trips for the upcoming year.

Before we go forward into 2010, I want to thank everyone who assisted in making 2009 a success. Membership is up, I see an increase in people at the monthly meetings, more prizes and I see more people interested in trips and showing up at

The fight goes on with MLPA; volunteers will be needed in 2010 for Dan Hernandez, United Angles, Friends of Roll, 976-Tuna etc. It is the Boy Scouts anniversary and I am already hearing about fishing trips they would like help with. So if you can spare the time try to volunteer this year.

Mr. Giuliani is lining up an impressive array of speakers this year. The Newsletter and website have numerous pictures and articles about the fishing adventures of our members and their family.

I am still collecting new and used fishing gear for the kids. A new group that assists Los Angeles County Orphans, Friends of Foster Children-San Gabriel PO Box 1105 Arcadia, CA 91077-1105, (626) 445 5442, FOFC@Earthlink.Net was collecting fishing gear at the Santa Anita Mall this year. Through private and corporate donations they have assisted over 81,000 kids in the past 34 years! Denise and I donated some new fishing equipment (my winnings from the Awards banquet and 2 freshwater set ups) to them and told them how to contact Dan Hernandez, 976-Tuna, and Friends of Rollo. If you know of a noteworthy group, please bring it to the club's attention. Maybe someone will find some way to assist the group in meeting their goals.

As in past years I want to have a Sale, Trade, or Swap new or used gear in July. Members have asked about an outside event which does not include fishing and at which the whole family can attend. I am working on a Bar B Que at Santa Anita, maybe October. I am open to other suggestions.

There is a proposal before the board to have whopper board pictures turned in within two or three months of the picture being taken to cut down on "sandbagging" and to promote competition throughout the year. It will be voted on at a board meeting and possibly at a future meeting.

Please send in your articles on fishing, your vacation, and volunteer events. Wil Ebersman, Don Udlock and Denise Florin usually have volunteer opportunities they need help with. As stated, this year is the anniversary of the Boy Scouts and I have heard they plan many fishing and camping events they could use help with. Tim Campbell, past president, is planning some of the activities.

Please share the newsletter, take it to work, invite people to attend a meeting or join the club. Help make your club fun and enjoyable. Congratulations to all the winners and good luck to everyone in 2010.

Board Meeting

The Board is meeting 1/12/10. If you have any issues you wish to have discussed, please contact William Davis before that date. Leave voicemail if he does not answer. Thank you.

Fresh Water Event Update

Welcome back to another exciting year in the fishing world. I hope you all had a great time at the banquet. Some of you were lucky again winning some top prizes, I didn't get didily squat. I'm letting all of you know right now I'll be out with a vengeance this season. I have striped bass and a lingcod already in the books. It's only January folks so look out!

Let's get to the fresh water trips. Nothing "cast" in stone yet ,but less outing will be booked this year say every other month starting in March at DVL. Date pending. Maybe we can do a quick surf trip in Feb. gimme some feedback please. I want to see the saltwater trips and the dates before I make any plans. I don't want our trips to clash. Remember your participation is important.

See u all at the next meeting. Mike Maurizio

"DVL still on fire"

**By
Ed Cazares**

What an incredible fishery;

DVL continues to kick out quality LMB with no signs of slowing down. Where else could you imagine catching quality fish at the end of December with morning air temps in low 30's. It sure was cold when we arrived but the fishing was hot as it gets. I took my brother Ben

FRIENDS of ROLLO RAFFLE

This year at the Annual Banquet the Friends of Rollo Raffle had 2 prizes. Don Udlock not only had the Saltwater Rod as incentive for ticket sales/donations but he also received a donation to the raffle that evening. Ron Coleman found he was unable to go on the Island Tak December 19 trip so he donated his trip to the Friends of Rollo Raffle. Ron said he would pull tickets until he found someone who was able to go on the trip that date. The winner of the Friends of Rollo Rod was Will Ebersman. Don Ishii was the lucky winner of the Tak trip on the first draw. Don Udlock will have the final tally of the Raffle at the January Meeting. Thanks to Don Udlock for doing this Raffle every year, thanks to Ron Coleman for generously donating his Tak trip to the Raffle, and a special thanks to the Club members who generously supported this worthy cause.

Island Tak Dec 19 2009

**By
Gary Gillingham**

Quick report of the Club's last trip of 2009. On board were Rich Jenkins, Ernie Branch, Jim Clough, Gary Gillingham, Sam Zanrosso, Xavier Lopez, Hugo Gutierrez, Herb Mitchell, Paul Yazaki and Don Ishi.

Great trip! We went out and fished Santa Rosa Island for a change. The weather was chilly and the wind was not too bad. The visibility was fantastic as the mainland and all the Island's looked sharp.

We anchored in about 240 feet of water. It was game on as it did not take long to get limits of Rockfish. The majority of the fish were Chuckleheads and some Reds mixed in. They were nice fish with lot's of fish in the 5 to 7 pound range. We then moved into the shallows for Whitefish and Sheephead. Lot's of nice Sheephead were caught.

We decided to have 1st and 2nd place Jackpot using the largest fish caught since the only Calico was caught by Captain Steve Kelly!

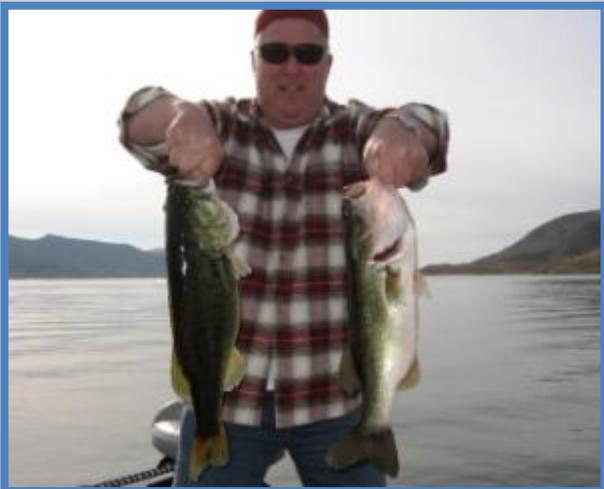

1st Place Gary Gillingham 13 lb Sheephead
2nd Place Paul Yasaki 12 lb Sheephead

and Brother-In-Law Stig out fishing to wrap up our Holiday weekend. They both caught quality LMB and are spoiled rotten with the fishing at DVL. I also got in the action with some big fat chunks!

My brother Ben Cazares with his fine cast of females:

My brother-in-law Stig Hedlund with a different healthy pair of Greenbacks:

It sure was a treat to see my brothers hang some giants. My brother Ben and I slayed them last weekend also. These guys havent bass fished much but with their outdoor instincts from hunting and sports they caught on very quickly, I think Ive created some monsters in these two guys as far as 'the bass bug' goes, what do you think??

I cant imagine how good this place will be when the spring comes around!

Later; Big Ed!

Man what a killer fishery DVL has been! By Big Ed

I hit up the Jewell today with my son Little Big Ed and we were about 5th in line. It had occurred to me I had forgotten to purchase a 2010 fishing license so after a quick little stop at the tackle shop that slowed me down five valuable minutes we were off to our first stop only to find somebody camped out right on my favorite spot. That guy stayed there right on the spot for over three hours so there was no need for me to ask him later when I saw him how he did.

Well it caused me to go looking at spot number two that only produced one fish and one missed bite in ten casts or so. I only spent 10 minutes there at number two. The bite at DVL has been fast, hard and furious for the first 30-45 minutes of the morning before it slows down as the light gradually increases. I knew at this point I only had 15-20 minutes max before the bite would shutdown so I exploited a new area that I had been scoping out from a distance that had many of the same key features that spot number one has and it payed off handsomely. We landed a fish every other cast for the next 15 minutes in 20'-35' feet of water and just like a light switch it was over as soon as it started.

Today I did more knot tying and more rig unsticking than I wanted. Little Ed got to fish unbothered and I got to hand him fresh gear and spend more time undoing tangles and being a guide and he still had the nerve to tell me he thought he had big fish for the day.

Today water temps were only one full degree colder than last week about 57.5 degrees. Today I could not get bit on the big 10" worm as I had the previous two weeks. They ate the carolina rigged brushhogg with a passion as they were also doing earlier. After 8:00am rolled around we began to throw drop shots both shallow and deep for a couple of dinks and ended up with two more clone LMB to round out the day. Those fish both came out of 50'+ deep. We ended up with about 10 fish and were off the lake by noon thirty.

This lake is awesome. I think I will be hitting Perris for the next couple of weeks in hopes of finding a pattern for my upcoming club tournament Jan 23rd. Im banking on finding some willing fish that will chew now that DVL has opened to relive the pressure.

Later; Big Ed!

Edward Cazares
