

Hello Everyone,

I hope you and your family members are all healthy and in good spirits. We will continue our weekly communications each Monday to help you prepare for our combined season ending concert, EMF Session I and II as well as next season auditions.

Each year, seniors in TYS ask me to give them advice as they prepare to go to college. So, I will share with each of you the most important message I give them. **A good attitude is above all else!** Short comings in ability can always be remedied by the proper training. A poor attitude, however, affects the individual as well as everyone around them in a negative way. This is why I always stress being positive, helpful and kind.

The second bit of “Cobbs wisdom” is this: “It’s not about how high you can jump or how fast you can run, but rather, how well you are able to bounce.” Life will invariably knock you down, however, you will need to develop the ability to get back up and keep moving forward.

Please look below to see the works you will be performing for the concert. Make sure that you are ready when the time comes. Each group will have a rehearsal in the morning and then perform that afternoon/evening.

Just like the U.S. Marines...“Improvise, Adapt, Overcome” and sign up for EMF...

Stay safe, stay healthy
Dr. Cobbs
