

SOAR seeking tutors, students

Success and Opportunity At Reading (SOAR!) Adult Literacy is in need of students and volunteer tutors.

Volunteers can have a profound effect on adults eager to learn to read.

To volunteer to tutor, or to learn or improve current reading skills, contact SOAR! Executive Director Adele Bowden-Purlee by phone at (812) 279-8126 or via email at soardirector@gmail.com.

Radius/Indiana, Ivy Tech, StoneGate partner to present cyber security classes

Classes scheduled to begin in March

BEDFORD – Ivy Tech Community College has expanded its cyber security program and will now offer certification training at StoneGate Arts & Education Center, 931 15th St.

Starting in March, Ivy Tech cyber security training will be offered at StoneGate in multiple formats, including eight-week courses during the day, eight-week evening courses, and one-week bootcamps.

From March 8-12, Ivy Tech will offer its first week-long Cyber Security Bootcamp to prepare participants to earn their CompTIA Security+ certification. Bootcamp classes will run from 9 a.m.-5 p.m. at StoneGate.

Individuals who complete the Bootcamp will be eligible to sit for the current CompTIA Security+ certification, which is an entry-level workforce credential for some cyber security positions.

Additionally, participants who successfully pass CompTIA Security+ can earn four Ivy Tech college credits to apply toward earning a credential.

“Through our partnership with Ivy Tech, we can be part of the solution to address critical cyber issues facing our community and region,” StoneGate Executive Director Gene McCracken said. “Also, we would like to thank Radius Indiana for its generous contribution of new computers that will help equip our classroom.”

Students who have not already earned a college degree, could be eligible to earn a tuition-free Ivy Tech certification in cyber security, paid for by the Workforce Ready Grant through Next Level Jobs Indiana.

“Because we have a new cyber security training lab at StoneGate, Ivy Tech can now offer other cyber security training courses that lead to a college certification or associate degree,” said Ivy Tech Community College Chancellor Jennie Vaughan.

“With enough demand, students will be able to complete a full associate degree in cyber security at StoneGate, downtown Bedford,” Vaughan said.

For information

For more information about the CompTIA Security+ Bootcamp from March 8-12 in Bedford, call Adam Gross at (812) 330-6004 or email agross52@ivytech.edu.

Those interested in learning about earning a tuition-free, cyber security credential at Ivy Tech and to apply for free, can visit ivytech.edu/bloomington/nextleveljobs.

About Ivy Tech

Ivy Tech Community College at StoneGate Arts & Education Center, 931 15th St., is a branch of Ivy Tech Bloomington.

Ivy Tech Bloomington will host a campus visit day to allow students to experience a day in the life of a fine arts or transfer student. **"Go Ivy Day"** with a focus on Fine Arts/Transfer Programs will take place from **10 a.m.-2 p.m. Feb. 21 at Ivy Tech's main campus**, 200 Daniels Way, Bloomington. During "Go Ivy Days," high school students can experience mock classes, tour campus, interact with current Ivy Tech students, chat with faculty, and enjoy a day as a college student. Students can RSVP to attend at www.ivytech.edu/goivyday/. Ivy Tech's admissions team can help answer questions students may have about taking the next steps for their educational goals.

Ivy Tech will host **Express Enrollment Day from 9 a.m.-6 p.m. Feb. 27**. The event allows new and prospective students the opportunity to complete enrollment in one day. Students can visit StoneGate or the Bloomington campus to meet with someone to discuss admissions, programs, FAFSA and course options. Students interested in taking classes this spring semester will be able to discuss options to start eight-week courses beginning March 16. Visit for more information about earning a credential free of cost through the Next Level Jobs program. RSVP form online at www.ivytech.edu/eeday.

To apply for free, enroll or to learn more about Ivy Tech classes in Bedford, call (812) 279-8126, option 3, or (888) 489-5463, or send email to bl-info@ivytech.edu.
