

How to Care for Your Allure Wig

Cleaning - Fill sink with 5 to 6in of cold water and a nickel size amount of wig Shampoo. Immerse and let soak for 20 minutes.

Rinse - Drain and rinse wig with cold running water.

Conditioning – Fill sink again with cold water and a nickel size amount of wig Conditioner and soak for 5 minutes.

Rinse- Rinse wig again with cold running water. Towel blot wig. Shake wig and place on your collapsible wig stand to dry.

TIPS

1. Your wig will usually dry in a couple of hours.
2. Always use a wire brush. Never use plastic or bristle.
3. Never use a blow dryer or curling iron. Heat Defiant wigs- follow directions given during your Consultation.
4. Keep away from heat. Such as ovens, furnaces, hot fires and grills.
5. If worn every day you usually need to wash your wig once every two weeks.
6. Six to eight months after purchase or if damage occurs, you may need to bring in to be refurbished. It does become worn. This process takes 24-48 hours. Please call for pricing.
