Defendant's Guide Sheet for Protective Orders - Please Read Carefully

This guide sheet provides more information about the petition and the order that have been served on you.

The PETITION contains the plaintiff's allegations against you and the relief that was requested from the court. The ORDER tells you what conditions the judge granted. If you were served only with a petition, a pre-issuance hearing will be scheduled.

IF YOU HAVE BEEN SERVED WITH: **ORDER OF PROTECTION.** An Order of Protection has been issued because you allegedly committed or may commit an act of domestic violence against the plaintiff. You and the plaintiff have one of the following relationships:

- married (past or present)
- live/lived together as intimate partners
- romantic or sexual relationship (past or present)
- parent of a child in common
- one party is pregnant by the other
- related as parent, grandparent, child, grandchild, brother, sister (including step or in-law)
- live/lived together but not as intimate partners

INJUNCTION AGAINST HARASSMENT. You allegedly have committed a series of acts (more than one) of harassment or one act of sexual violence (as defined in ARS § 23-371) against the plaintiff within the last year.

INJUNCTION AGAINST WORKPLACE HARASSMENT. This injunction, alleging at least one act of harassment, has been filed against you by an employer or a business owner for the benefit of an employee or the business.

SERVICE AND EFFECT This protective order is valid for one year from the date it was served on you. It is enforceable by law enforcement in any state or tribal nation in the United States.

CONTESTED HEARING If you disagree with this protective order, you have the right to request a hearing. The hearing will be held within 5 to 10 business days after you file a written request at the court that issued this order. If a hearing is held and the order remains in effect or is modified, and you and the plaintiff are either married (past or present), live together as intimate partners (past or present), or are parents of a child in common, you may be prohibited from possessing a firearm. This prohibition may apply even if you fail to appear for the hearing. If you have questions about whether your request for a hearing can result in a firearms prohibition, you should contact an attorney. The court cannot give you legal advice.

CHILDREN If your child is listed as a protected person, you may be referred to superior court. Only a superior court judge can decide child custody (legal decision-making) or parenting time in a separate family law action.

FAMILY COURT If either you or the plaintiff file an action for maternity, paternity, annulment, legal separation, or divorce, advise this court immediately so the protective order case can be transferred to the superior court.

6/8

MODIFYING OR DISMISSING THIS ORDER Only a judge can modify or dismiss this protective order. **The plaintiff cannot dismiss or change this protective order without the court's written approval.**

CONTACT WITH THE PLAINTIFF You can be arrested for violating this protective order, even if the plaintiff initiates contact with you. **You have the right to request a protective order against the plaintiff if you do not want the plaintiff to contact you.** But orders are not automatically granted upon request. Legal requirements must be met.

RESIDENCE AND PROPERTY The judge may have given the plaintiff exclusive use of a residence shared with you and may have allowed you a law enforcement standby. If the judge has granted standby on the protective order, you may return to the residence once with a law enforcement officer to obtain necessary personal belongings. You must arrange a date and time with law enforcement for the standby. Neither law enforcement nor this protective order can resolve conflicts over property, title, furniture, finances, real estate, or other ownership issues.

FIREARMS If the judge has ordered under Arizona law that you cannot possess, receive, or purchase firearms, you must surrender them within 24 hours after service of this protective order to the law enforcement agency named on this order. You should ask law enforcement to issue proof of the surrender. You may also have to provide documentation to the court that firearms were transferred to the specified law enforcement agency. If you have questions about a firearms prohibition and surrender, you should contact an attorney. The court cannot give you legal advice.

DO YOU ALSO WANT TO PLAY ON PAPER WITH ME

You are not in a position to demand shit at this point. We both both know it.

We had this conversation earlier on the phone when you called me. I told you to slow down relax and look around for one. I told you it was not a crisis now unless I run into money issues. I also told you that if I was gonna be a dick I'd go cut a new key at Chevy and just drive the motherfucker off.

Remember you taught me some of what I know. The rest I've adapt and overcome on my own. Always have while you sat in a bingo hall and dad did everything when us kids were growing up. Or how about you flushing dads whole goddamned retirement in the fuckin casino before he even retired and moved to San tan house.

DOCUMENTARY GAMBLING ISSUE

So when I cut you off on money to cover your gambling platinum status at casinos you got pissed. So wtf now huh. You got life insurance on me or something. Don't worry all my shits in one bag two folks have instructions and they split all my shit. Documented distributed and done.

So you done fukin playing. Or you gonna try to convince some dumb shit.

SHOWS TYPICAL DECEPTIVE NATURE

So when we talked earlier you tried to convince me that I told you that car was worth 500 bucks. Are you goofy. I got 500 in tires. So I told you to research what you'd pay for it then I'd meet you for lunch somewhere to talk about a deal.

You demanded time frame and what I'd sell it for well that ain't how it works in life. I haven't put a price on it yet cause I don't need to yet. You offered to buy it so you put down a number

That's how legit shit works

Yup and I know this gonna be a Deb pity party. Don't fuckin forget I still have Davids cell number in Tucson. Yup not ingorant kid here that can't breathe no more cause of something in your house

And side note there's a real cool thing called a bcc in emails. Wonder who got a blind

3/13

copy of this one I'm sending

So in closing. As stated now twice....

Relax surf around it's not a crisis right now. Every time you get pissy you come up with some fuckin way to shift it on me so I feel bad. Well after this one your on your own.

Don't know what you got yourself into but it's your problem to get yourself out of whatever mess you are in.

I'm in a damn good place. I can breath and eat and think and move about freely. Not the "oh just stick around here I'll bring food for you" uhh what the fuck was in that food. I ain't ate nothing different than I did in years and I feel much better still sinus crap a bit but that's clearing up too..

Like I told you on phone. I'll be getting my shit out of your house soon as I can. And yup left a mess that you created as a safety net. No one wants to go inspect that mess cause you'll be the one answering. You better be fuckin lucky I didn't run to VA emergency room when my heart would go from 65 beats to 120 and back eradicly.

Don't come fuckin with me. Not asking I'm telling you not to.

Same thing I said on phone earlier. I could give a fuck what's going on. Don't care long as it stops effecting me. But just like told you don't poke the bear. And what happened. Damn really so you not only poke the bear but you do it on paper. Christ thought you were smarter than that Deb.

And yup I ain't got no shame in this. I'll blast you on paper wars same as I did Kilhoffer.

I'm Honorable and folks know it.

New cool and either look for a car or get Uber app on your phone. Probably within two weeks I'll have to do something with car to cover crap financially for my damn near catastrophic loss on parts the last few months.

Let me know when you found one. Or when you are ready to meet for lunch somewhere and make a deal on that one.

And yup remember you signed my name on my motorcycle title years ago to sell it without me knowing it. But this car is in my name. David was gracious enough to give you 15k to go away. You should have bought a new car or at least a nice one. But id bet my ass you flushed it all in the casino.

Remember what I said. I will be coming down now and then to get my stuff out of your house. It's my home of record so you can't stop me from coming in there so don't play the "Chuck card" and try the J.D. ain't allowed in the house. I have a few cards myself. Want to play poker...

You had better give me a date, as I had the first surgery this AM and have 2 more to get through. But if I need to go looking with the bandages I will, kinda hard to see, but I am sure you could care less....

See you got another car / brand new car at your house.

Go ahead and leave my keys on the little entry table that came from great grandmas house.

I'll be by tomorrow to pick my Malibu up.

I need it now. Fuel in truck is hella expensive. Please be cool so I don't have to cut a key and do this the hard way.

ok so this identity theft and computer virus and the rest of the crap ive dealt with lately has pretty much taken a toll on my patience. dont make me loop a whole shit ton of people into this thing which i can very easily do, and have already prepared for..... they all have pretty much been left with plausible deniability so far..

heres how this is going to go. i can afford to live in my new place and pay my shit but im not about to try to lease a commercial shop somewhere while i still fight identity theft in one way or another every fukin day.

until my website stops getting strangleholded by someone by them using my accounts to fuck with my shit and well as of today i find out that my DNS for my site has been gettting fucked with also, which is why when folks click on my site links they get a white screen with a cant verify security type error. which stops them from buying my parts. which stops me from making the 6k to 9k a month my site should be generating.

average till the spam scam campaign started last fall along with yearly average of 120k site visitors. do the math i aint fukin dumb. you dont go from numbers like that to 800 hits a month, it dont happen that way not when i am the only one in the world that makes my parts.

till my site gets back to normal and my accounts quit getting fucked with you are plain ol stuck with me in some ways. no two ways about it...

so it would be in your best interest to do whatever you need do to make my life settle down and get back to electronic easy and normal in general. i shit you not. i have enough shit logged and tucked away in multiple places around the country to make one hell of a fuss if my shit doesnt smooth out real goddamned fast

how are you stuck.. im keeping my shop and shit down there until i can afford to pay for one elsewhere. all of it needs to be fumgsted and let to off gass for a good while before i can bring it into my house. that damn carhart coat i wear all the time is flooded with something, i cant wear it without feeling all doped up and disconnected not clear and normal same way i feel when i spend much time down there.. thats just how it works. i tested it when i was forst gone from down there. left it in the suite i was staying in just in the normal room area, when i got back that shit choked the fuck out of me. put it in the bathroom with vent fan on and presto couple hours later everyting was fine in the room and i didnt feel like that no more. put back into room and viola felt like shit again.

11/13

not to mention that shit made my skin soft and want to rip real easy. now my skins back to normal in clean air. dont give a fuck whats in the air down there but theres something. so when i do come to work in my shop ill be leaving garage door up and using fans to move fresh air in. once i get back to my normal dollar income ill lease a shop somewhere but till then.. again... yer stuck with it period..

your shit and the rest of this shit has cost me about 30k cash so far when all added up..

and im here to tell you right now i give a fuck less ill smoke the whole shtiin match if my life dont get back to normal and smooth like it has been for years.

as soon as i raise hell with someone about something my accounts etc get fucked with even more. this is all documented on the servers for those accounts.

prime example yesterday i had to call paypal cause i couldnt get into it. again... to process mondays orders.

it was logged as i tried and then made the call. well paypal walked thru with me and i still couldnt access it but they showed a sucessfull login while i was on the phone with the girl. told her i was not in and that was the felony id theft fucker that was in my account.

i got a ton more so lets not go there.

should we mention the date on your new car 30 day tag. 03-02-2020. means that car was bought 30 days before that. which would have been while i was still there. so why would you play the "do i need to go look for a car sob story cause you just had your forehead cut on at the doctor" you already had that car bought and hid long before that. so why would you do that in a premeditated fashion deb....

again lets not go into it.

you get whoever the fuck off my ass and i mean right fukin now. and i dont care what you have to do to make it happen.

you WILL make it happen. or i will stitch the whole fukin thing together on paper and hand it over.

i shit you not. try to explain why you would taste food from the center of my partially eaten pork kraut and mash taters while i was sitting in the chair in living room, thouht i was fsar enough out to not notice that. or why you always had your laptop in the office in the front room but now you have it on the kitchen table, or how you conveynetly scream different statements for certain reasons, like walking in the front door and screaming I GOT A PACKAGE FROM CHINA. pretty obvious playing for the

12/13

<https://outlook.office.com/mail/AAMkAGE3YjliMGNjLWQ...>

microphone on your cell....

and why you would bitch at me that i didnt need to use that alarm when i was in that house but you sure have had it on every damn time ive been down there and you've been inside alone before i got there.

how about when [REDACTED] made a comment to me that only you and i should have known about since it was a conversation you and i had in the garage with the door down

again i dont know what the fuck you are in the middle of and i dont give a fuck what it is

YOU GET THIS SHIT THE FUCK OFF ME NOW OR ILL DEAL WITH IT AND ALL OF YOU MOTHERFUCKERS MY WAY.....

to include the ink wristed fucker that lied to me at the bank....

all this said when i come down there to work and shit we can just ignore eachother thats fine. but you will unfuck this mess you created and do it now.

i aint worried bout getting killed no more cause the crap i was breathing and eating has worn off and im good to go. i make myself very easy to get to on purpse. you forget i enlisted for combat years ago and didnt get to go play

ill be down there soon to straighten up my shop and get to work on parts and shit i need to do to make money

make this shit get real smooth and quiet deb
its in all of yalls best interests
