This is what Stephanie says about WEW, Inc.

I work with WEW, Inc. (Women Empowering Women) because I believe that it takes the wisdom and leadership of all of us to help the next generation to succeed. Our goal is to impart information that we have learned or can acquire so that others will be better prepared to meet the challenges of life. The programs we offer are as diverse as the people we serve. We assist senior citizens, families, single parents and young girls. We realize that in order to help someone succeed, we must meet them at the point of need.

It has been my pleasure to see the gratitude and love bestowed on this organization, as we have reached and/or exceeded a recipient's immediate need and catapulted them to continue to grow. We believe that every person has the right to better their lives and circumstances. Our goal is to assist them to become the best they can be. We are reaching these goals by partnering with various organizations and with public support. Reaching One At Any Cost and changing lives one life at a time!
