TELEPHONE AT THE LIMÓN CLINIC 24 08 24 85

People stateside can call the clinic but anyone wishing to call out from the Limon clinic will need to purchase a Tigo calling card. These can be purchased many places in Honduras including Limón. U.S. calling cards will not work on this phone.

TEAM CELL PHONE

Prior to your trip, check with Sandy to determine whether a cell phone is available. Adding minutes to a Honduran cell phone is an inexpensive way to call home. If used, the phone must be returned to Sandy. Teams are responsible for loss or damage.
