What Each Royal Is Inheriting From the Queen After Her Death & Who's Getting the Most

Since her death, there have been a lot of questions over Queen Elizabeth's inheritances and who will inherit her money and jewelry in the British royal family.

Queen Elizabeth II is the first child of King George VI and Queen Elizabeth. She became Queen of the United Kingdom as well as the other Commonwealth countries in February 1952 after the death of her father. She was 25 years old at the time. She was married to Philip Mountbatten, a former prince of Greece and Denmark, from November 1947 until Prince Philip's death in April 2021. The two had four children together: Charles, Prince of Wales; Anne, Princess Royal; Prince Andrew, Duke of York; and Prince Edward, Earl of Wessex.

After more than 70 years on the throne, Queen Elizabeth II died on September 8, 2022. She was 96 years old. In a 1957 Christmas Broadcast,

the Queen promised the United Kingdom she would give her "heart" and "devotion" to the Commonwealth. "I cannot lead you into battle," she said at the time. "I do not give you laws or administer justice, but I can do something else: I can give my heart and my devotion to these old islands and to all the peoples of our brotherhood of nations."

The Queen's death came three months after her Platinum Jubilee event in June 2022, which celebrated her 70 years on the throne. After her Platinum Jubilee, the Queen thanked royal well-wishers for supporting her family. "When it comes to how to mark seventy years as your Queen, there is no guidebook to follow. It really is a first. But I have been humbled and deeply touched that so many people have taken to the streets to celebrate my Platinum Jubilee," the Queen said in a statement

India's forex reserve adequacy considered while managing volatile rupee - RBI's Das

MUMBAI (Reuters) - The Reserve Bank of India's interventions in the foreign exchange markets are to maintain macro economic stability and the

adequacy of forex reserves is always kept in mind, Governor Shaktikanta Das said in a policy speech on Friday.

The rupee is a free-floating currency, with a market-driven exchange rate, the governor said, adding that the RBI did not have a fixed exchange rate in mind and intervened only to curb excess volatility.

Strike gold, or stocks or crypto with custom watchlists
"The aspect of adequacy of forex reserves is always kept in mind," Das added.

The RBI's actions have helped boost investor confidence, which is reflected in the return of capital flows since July, Das pointed out.

India's foreign exchange reserve of \$537.5 billion as on Sept. 23 compared favourably with most peer economies, the governor highlighted.

However, the reserves are down more than \$100 billion from the peak of \$642.45 billion reached in September last year.

Almost 67% of the decline in reserves during the current financial year is due to valuation changes, Das said.

The governor's remarks on the exchange rate and reserves comes on the heels of the rupee's swift decline against the dollar in recent session, including to a record low of 81.95.

The central bank has been selling dollars regularly to slow the pace of rupee's decline, traders have said.

The rupee on Friday was at 81.5450 per U.S. dollar, up from 81.86 in the previous session and almost unchanged from before Das announced the RBI's policy decision.

The Dawoodi Bohras of Chicago have lived and worked peacefully here since the 1950s. They are Muslims who hail from South Asia under the leadership of His Holiness Dr Mufaddal Saifuddin; over 1,000 families worship at Al-Masjid-al-Badri in Willowbrook, IL.

Ongoing environmentally friendly projects were on display with demonstrations on how to reuse, reduce, and recycle. There were exciting prizes in a fun filled raffle. Overall, there were 70+ stalls, of which about 40 were local vendors, 12 out of country, 30 out of state!

He spoke about Maulatona Khadija, wife of the Prophet Mohammed, a successful businesswoman in her own right 1400 years ago, from whose strength and entrepreneurial spirit Dawoodi Bohra women community worldwide draw inspiration to this day.

Cook County Clerk Karen Yarbrough said, "A lot is going on out there in the world, but the one thing we have to strive for in the world is peace. Peace, a simple word, but it seems tough for us to get there. So I wish all of you peace today from me from the Cook County Clerk's office." She presented a Certificate of Appreciation to the Bohra community from Cook County.

past 30 years, shared that 60 percent of all the attorneys in his office are women and he firmly believes in empowering women and fostering a culture of women empowerment.

On Sunday, Sep 11, the Honorable Tariq Karim, Consul General Pakistan in Chicago and Mrs. Aasma Karim were special guests at Mashtal. He said, "First of all I am really thankful to organizers ... and all others who have contributed to this event - Mashtal." He shared that he appreciates the two themes, business and women, because both are critically important for us. He too spoke about the role of Prophet Mohammad's wife Khadija as an inspiration. He commended the entrepreneurial spirit of the women of the Bohra Community.

He recalled the hosting of Ashara by the Bohra Community in Karachi during the time when Pakistan had started its War on Terror initiative, and the event helped with the opening of business and trade between India and Pakistan and other neighboring countries. Using the platform, he also took the opportunity to appreciate all the Flood Relief efforts and help from the community. He appealed to all Pakistani Americans and the Muslim community at large to come forward and to continue to help the victims of flood affected areas in Pakistan. He reiterated the constructive and productive role of Pakistan's Bohra community in Pakistan's success.

The team worked tirelessly to promote the event through social media (IG, Facebook, and Twitter), Flyers, WGN news, and word of mouth. The expo was hosted by Burhani Women's Association Chicago and Taalebaat ul Mumenaat, the organizations of women students and young adults.

Democratic Party unit in New Jersey town seeks FBI, CIA investigation into US-based Hindu supremacists

- IAMC

Teaneck, New Jersey (September 15, 2022) – A Democratic Party unit in a New Jersey town has passed a resolution condemning Hindu supremacism and calling out US-based Hindu organizations such as the Hindu American Foundation (HAF), the Vishwa Hindu Parishad of America (VHPA) and SEWA International, a controversial charity, as “domestic branches” of “foreign hate groups.”

Passed by the Teaneck Democratic Municipal Committee (TDMC) this week, the resolution urged US Senators from New Jersey, Bob Menendez, and Cory Booker; Governor Phil Murphy; and Congressman Josh Gottheimer to ask the Federal Bureau of Investigation (FBI) and the Central Intelligence Agency (CIA) to “step up” research on these “foreign hate groups that have domestic branches with tax-exempt status.”

“Hindu nationalist organizations have infiltrated all levels of politics and were highly effective in blocking U.S. House Resolution 417 which was a congressional attempt to warn against the Hindu nationalist movement,” TDMC said. “Now, most local American elected officials remain unaware and unprepared to deal with the Hindu extremists.”

Along with HAF, VHPA, and SEWA International, the resolution said Infinity Foundation and Ekal Vidyalaya Foundation, too, had “direct and indirect ties to Rashtriya Swayamsevak Sangh (RSS), an Indian right-wing Hindu nationalist paramilitary organization whose ideology are part of Nazism and European fascism.”

The resolution urged Senators Menendez and

Booker and Rep. Gottheimer to, “revise the Visa Waiver Program Improvement and Terrorist Travel Prevention Act of 2015 to address foreign violent extremists with speaking engagements in the US.”

“Extremists who routinely spew venomous hate towards minorities [in India] are invited to speak at large events and temples in the US,” it said. The resolution noted that Sambit Patra, a “controversial” spokesperson of India’s ruling Hindu supremacist Bharatiya Janata Party (BJP), “served as Grand Marshall” at a parade held in Edison and Woodbridge towns on August 14 to mark the 75th anniversary of India’s freedom.

“A bulldozer which has been weaponized against minorities” in India was part of the New Jersey parade with “giant pictures” of Uttar Pradesh Chief Minister Yogi Adityanath as ‘Daddy Bulldozer’. Saying that Adityanath was “responsible for demolishing homes of peaceful protesters,” the resolution added: “Condemning hate incidents is insufficient as hate groups are increasingly more organized, cause fear and harm to people, and need to be identified and monitored now for safety and security.”

Noting the attacks on members of the US academia, the resolution added: “One million emails, death threats and rape threats were sent by Hindu extremists to US Academic scholars, like Rutgers [University] professor Audrey Truschke, and their families when 50 universities supported [a] conference titled ‘Dismantling Hindutva’ [in 2021].”

The resolution said US lawmakers must help pass US House Resolution 1196 that urges the

US Department of State to designate India as a Country of Particular Concern, as recommended by the US Commission on International Religious Freedom.

“Americans need to understand that the RSS’s roots stem from the same place as Italian fascism and German Nazism,” TDMC member Daniel Rosenblum, who voted for the resolution, told IAMC. Added Margot Fisher, another TDMC member: “People are confusing the teachings of Gandhi with Hindu nationalism and they are not the same.”

“When I first heard about [Hindu supremacism] I was aghast that yet another force for repression is reaching into the United States,” said Jim Norman, TDMC member. “Most of us here in the United States are completely ignorant of the reach of these forces.” Saying that the use of the bulldozer at the parade was “horrifying,” Norman said “no one anywhere, including in the United States and here in New Jersey, is safe.”

Another TDMC member, Cheryl Hall, who is a Roman Catholic, said, “Religious extremism touches everywhere, and that needs to be addressed.”

In recent weeks, several rights organizations including the Indian American Muslim Council (IAMC); the Council on American-Islamic Relations-New Jersey (CAIR-NJ); Black Lives Matter (BLM); American Muslims for Democracy (AMD); and Hindus for Human Rights (HfHR) have led a campaign to raise awareness among elected officials in New Jersey about the dangers of Islamophobic Hindu supremacism.

India's Yes Bank to exit reconstruction scheme after lock-in ends

-India's Yes Bank Ltd said on Friday the Reserve Bank of India would allow it to exit a reconstruction scheme put in place more than two years ago only after the share lock-in period ends.

The bank said in a regulatory filing the lock-in period for shares of existing shareholders would end in March next year.

In an email the bank described the filing as a technical clarification with no bearing on anything such as a capital raise or transfer of stressed assets.

In March 2020, Yes Bank's financial position had seriously deteriorated, sparking contagion risk in the banking system from the then fifth largest bank in India.

Earlier this week, it approved private equity firm JC Flowers ARC as the buyer for its \$6 billion stressed loan portfolio.

Jordan's Prince Ghazi Marries Bulgaria's Princess Miriam In a Surprise Royal Wedding

Miriam Ungría y López is now the member of three noble families. This past weekend, she married Prince Ghazi bin Muhammad, a first cousin of Jordan's King Abdullah II who is 18th in line to the throne, in a private ceremony at Raghadan Palace on Saturday, September 3, 2022. The two had not even been romantically linked in the press before, so the royal wedding comes as a surprise to most.

According to the Royal Hashemite Court, the nuptials were held in the presence of King Abdullah II and attended by Prince El Hassan and Prince Talal. In a statement, they said, "The Royal Hashemite Court extends its sincere congratulations to His Majesty on this occasion, and wishes Their Royal Highnesses Prince Ghazi and Princess Miriam Ghazi a lifetime of happiness." They released a portrait (above) of the newlyweds standing with King Abdullah.

Born Doña Miriam Ungría y López to a Spanish noble family, Miriam became Princess Miriam of Turnovo during her first marriage to Bulgaria's Prince Kardam. They have two sons, Prince Boris and Prince Beltrán. After Kardam died in 2015 after years in a coma, Boris became heir apparent to the Bulgarian throne. As a royal, Princess Miriam worked as a jewelry designer, and launched her own jewelry line called MdeU, which stands for Miriam de Ungría.

Prince Ghazi bin Muhammad has been married before, too; he married Areej Zawawi in 1997, and they have four children: Princess Tasneem, Prince Abdullah, Princess Jennah, and Princess Salsabeel.

There are two other royal weddings on the horizon for the Jordanian royal family: Crown Prince Hussein is engaged to Rajaw Al-Saif, and Princess Iman is engaged to Jameel Alexander Thermiotis.

Dum Ke Roat aur Hyderabad

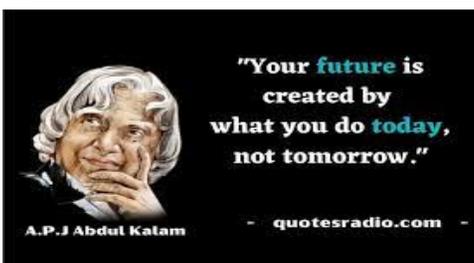

Dum Ke Roat is a delicacy of the Hyderabad Nizam era. The traditional cookie is made of flour, semolina, sugar, dry fruits, nutmeg and oodles of ghee (clarified butter) and baked in a Dum Pukht, or dough-sealed containers. For Hyderabadis, Dum Ke Roat is synonymous with Muharram. One might wonder what place a delicacy could possibly have in the observance of grief and mourning. Well, there is an interesting anecdote behind it.

It is said that Mukarram Jah (born in October 1933) — the grandson and heir apparent of the seventh Nizam of Hyderabad Mir Osman Ali Khan (1886–1967) — had taken ill, and his grandfather and the then ruler of Hyderabad State had made a pilgrimage to Naal-e-Mubarak on Muharram, with an offering of Dum Ke Roat, praying for his grandson's safety and well-being. The heir apparent recovered and is still well at the age of 88 (in 2022).

The tradition has continued since then, and the people of Hyderabad believe that offering Dum Ke Roat at Naal-e-Mubarak on Muharram, and distributing it to others ensures the well-being and health of their family and loved ones. While earlier people used to make the dough at home and get it baked at the communal bakeries, now they either bake it at home or buy it from one of the old and established bakeries like the Subhan Bakery (baking Dum Ke Roat since 1971).

Inheritance from the Queen

It really is a first. But I have been humbled and deeply touched that so many people have taken to the streets to celebrate my Platinum Jubilee," the Queen said in a statement at the time. She continued, "While I may not have attended every event in person, my heart has been with you all; and I remain committed to serving you to the best of my ability, supported by my family." She ended her message by telling her supporters about the "joy" she felt that weekend. "I have been inspired by the kindness, joy and kinship that has been so evident in recent days, and I hope this renewed sense of togetherness will be felt for many years to come. I thank you most sincerely for your good wishes and for the part you have all played in these happy celebrations," she said at the time.

But back to Queen Elizabeth's inheritances. So who will inherit Queen Elizabeth's money and jewelry? While her will isn't public, there have been reports on which British royal family members will inherit Queen Elizabeth's estate and fortune, and which were left out completely. Read on for what we know about Queen Elizabeth's inheritances.

What will King Charles inherit from Queen Elizabeth?

What will King Charles inherit from Queen Elizabeth? King Charles III is the eldest child of Queen Elizabeth II and Prince Philip, who died less than two years before the Queen on April 9, 2021. King Charles is the older brother of Queen Elizabeth and Prince Philip's three other children: Prince Andrew, Duke of York; Anne, Princess Royal; and Prince

Edward, Earl of Wessex. He's also the father of Queen Elizabeth's grand-children, Prince William and Prince Harry, whom he shared with his late wife, Diana, Princess of Wales, who died in 1997. King Charles is married to Queen Consort Camilla, whom he married in 2005.

So what will King Charles inherit from Queen Elizabeth? After the Queen's death, King Charles inherited the Sovereign Grant, a taxpayer fund each year to the British royal family. The Sovereign Grant originated from an agreement made by King George III in 1760, who agreed to surrender his income from Parliament to receive a set annual payment for himself and future generations of the British royal family. The agreement was originally known as the Civil List before it was reworked as the Sovereign Grant in 2012. Under the agreement, the British royal family receives a grant in exchange for surrendering their profits from the Crown Estate, the family's collection of lands and holdings worth \$19 billion, to the government, according to BBC. Each year, the reigning monarch receives 25 percent of the Crown Estate's profits. The amount pays for property upkeep and utilities, the British royal family's travel and the royal employee payroll. The Crown Estate includes properties across England, Wales and Northern Ireland and operates as a corporation, with a chief executive and commissioners appointed by the monarch on the recommendation of the prime minister. In 2021, the Crown Estate generated a net profit of \$361 million, according to CNN. The United Kingdom Treasury paid the Queen a sovereign grant of \$100 million, which is the equivalent of \$1.50 from each person the United Kingdom.

What will Princess Anne inherit from Queen Elizabeth?

What will Princess Anne inherit from Queen Elizabeth? Princess Anne is the second eldest child and the only daughter of Queen Elizabeth II and Prince Philip. She is the Princess Royal and the younger sister of King Charles III and older sister of Prince Andrew and Prince Edward. Princess Anne is also the mother of the Queen's grand-children, Zara Tindall and Peter Philips, who she shares with her ex-husband, Mark Philips, who she divorced in 1992. Princess Anne remarried with Timothy Laurence in 1992. So what will Princess Anne inherit from Queen Elizabeth? According to i24 News, Princess Anne, as well as her brothers Prince Andrew and Prince Edward, will inherit a share of the Sovereign Grant, which is now owned by their oldest brother, King Charles III, though the exact amount of her share isn't known. Some reports also believe that Princess Anne will receive a new royal title given her prominence in the events leading up to the Queen's funeral in September 2022.

In a post on the British royal family's Instagram account in September 2022, Princess Anne revealed that she was by Queen Elizabeth's side for the final 24 hours of her life. "I was fortunate to share the last 24 hours of my dearest Mother's life. It has been an honour and a privilege to accompany her on her final journeys," she wrote. "Witnessing the love and respect shown by so many on these journeys has been both humbling and uplifting. We will all share unique memories. I offer my thanks to each and every one who share our sense of loss. We may have been reminded how much of her presence and contribution to our national identity we took for granted. I am also so grateful for the support and understanding offered to my dear brother Charles as he accepts the added responsibilities of The Monarch. To my mother, The Queen, thank you."

What will Prince Andrew inherit from Queen Elizabeth?

What will Prince Andrew inherit from Queen Elizabeth? Prince Andrew is the Duke of York and the second eldest son and third eldest child of Queen Elizabeth II and Prince Philip. Andrew is also the younger brother of King Charles III and Anne, Princess Royal, and the older brother of Prince Edward, Earl of Wessex. He is also the father of Queen Elizabeth's grand-children, Princess Beatrice and Princess Eugenie, whom he shares with his ex-wife, Sarah Ferguson, the Duchess of York, whom he divorced in 1996. So what will Prince Andrew inherit from Queen Elizabeth? BBC reported in September 2022 that Andrew and Sarah Ferguson will inherit two of the Queen's corgis, Muick and Sandy, who Andrew and his daughters, Beatrice and Eugenie, gave to the Queen as a present in 2021.

"The corgis will return to live at Royal Lodge with the duke and duchess. It was the duchess who found the puppies which were gifted to Her Majesty by the duke," a source told BBC at the time. "The duchess bonded with Her Majesty over dog walking and riding horses, and even after her divorce, she would continue her great friendship with Her Majesty, by walking the dogs in Frogmore and chatting." Andrew, Beatrice and Eugenie gave the Queen Muick and another dog named Fergus in the spring of 2021 to cheer her up while her husband, Prince Philip, was in the hospital amid COVID-19 pandemic. Muick, pronounced "Mick," is named after Loch Muick on the royal Balmoral Estate, where the Queen died. Fergus, a dorgi, was named after the Queen's maternal uncle, Captain Fergus Bowes-Lyon, who died in World War One. Fergus died at just five months old due to a heart defect. After the Fergus' death, Andrew gave the Queen another corgi named Sandy on her 95th birthday. The Queen's dresser and personal assistant, Angela Kelly, said at the time that the dogs provided the Queen with "constant joy" and "always brought a smile to everyone's faces," according to BBC.

What will Prince Edward inherit from Queen Elizabeth?

What will Prince Edward inherit from Queen Elizabeth? Prince Edward is the Earl of Wessex youngest child of Queen Elizabeth II and Prince Philip. He is also the younger brother of King Charles III, Princess Anne and Prince Andrew. He is also the father of Queen Elizabeth's grand-children—Lady Louise Windsor and James, Viscount Severn—who he shares with his wife, Sophie Rhys Jones, who he married in 1999. So what will Prince Edward inherit from Queen Elizabeth? According to i24 News, Prince Edward, as well as his siblings Prince Andrew and Princess Anne, will inherit a share of the Sovereign Grant, which is now owned by their oldest brother, King Charles III, though the exact amount of his share isn't known.

In a post on the British royal family's Instagram account in September 2022, Prince Edward revealed what he learned from Queen Elizabeth after her death. "As a family, we have grown up learning to share our parents, especially our beloved mama, with the Nation, her Realms and the Commonwealth," he wrote. "While it has been lovely to have spent time saying our own farewell privately at Balmoral, it is now time to allow others to be able to say their farewell. We have been overwhelmed by the tide of emotion that has engulfed us and the sheer number of people who have gone out of their way to express their own love, admiration and respect to such a very special and unique person who was always there for us. And now, we are there for her, united in grief. Thank you for your support, you have no idea how much it means."

He continued, "The Queen's passing has left an unimaginable void in all our lives. Sophie and I have taken huge pleasure in seeing our James and Louise enjoying the places and activities that their grandparents loved so much. Given that my mama let us spend so much time with her, I think she also rather enjoyed watching those passions blossom. Those times together, those happy memories, have now become massively precious to each and every one of us. May God bless Her Majesty and may

her memory be long cherished even as the baton she has carried for these past 70 years now passes to the next generation and to my brother, Charles. Long Live The King.”

What will Prince William inherit from Queen Elizabeth?

Prince William is the eldest child of King Charles III and his late wife, Diana, Princess of Wales, who died in 1977. William, who is Queen Elizabeth II's grandchild, is the Prince of Wales and is the husband of Kate Middleton, the new Princess of Wales. He is also the father of Queen Elizabeth's great-grandchildren: Prince George, Princess Charlotte and Prince Louis. So what will Prince William inherit from Queen Elizabeth? After Queen Elizabeth's death, Prince William inherited the Duchy of Cornwall, a private estate worth around \$1.2 billion. The estate—which belonged to William's father, King Charles, before he took the throne—covers 140,000 acres in the United Kingdom and is used “used to fund the public, private and charitable activities” of the Duke of Cornwall, the title William inherited after the Queen's death.

The Duchy of Cornwall was established in 1337 to financially support the heir to the throne, according to CNN. The Duchy of Cornwall—which will provide the income for Prince William and Kate Middleton—is funded through the ownership and operation of land in rural and urban areas, as well as islands and rental cottages in Wales, Cornwall and other areas in the United Kingdom. In 2018, the Duchy of Cornwall made Charles and Camilla \$28 million, which is around what William and Kate will make as well. According to CNN, about 50 percent of Charles and Camilla's annual income was spent on travel and official royal engagements, while a quarter went to taxes. The remaining \$8.9 million went to Charles' children with his late wife Princess Diana—Prince William and Prince Harry—as well as non-official purchases and a royal savings account.

What will Kate Middleton inherit from Queen Elizabeth?

Kate is the Princess of Wales and the wife of Queen Elizabeth II's grandchild, Prince William, the Prince of Wales. Kate is also the mother of Queen Elizabeth's great-grandchildren: Prince George, Princess Charlotte and Prince Louis. So what will Kate Middleton inherit from Queen Elizabeth? Radar Online reported in September 2022 that Kate is expected to inherit \$110 million in jewelry from the Queen's personal jewelry collection, which includes 300 pieces that belonged specifically to the Queen and not the Crown. “[The Queen] been focusing on her beloved pieces and who deserves what,” a source

told Radar Online in July 2022, two months before the Queen's death. “The whispers are that she's made some last-minute changes to her will that'll be a shocking surprise for her heirs.”

Radar Online reported that the Queen's decision for Kate, who she became especially close to in the final months of her life, to inherit her jewelry led to resentment from King Charles' wife, Queen Consort Camilla. “Kate is clearly the family favorite,” the insider said. “She'd never say it, of course, but it's one of the reasons Camilla resented Kate.” Radar Online also reported that Kate plans to pass some of the jewels to her daughter, Princess Charlotte.

While Kate will inherit \$110 million in jewelry from the Queen, that collection will not include the Spencer tiara, a diamond-encrusted crown inherited by William's late mother, Princess Diana, in the mid-1970s. Diana wore the tiara in her wedding to King Charles—then Prince Charles—in 1981. According to the website for the auction house Sothebys, the tiara will be inherited by Kate and William's daughter, Princess Charlotte. “Having been worn by Princess Diana at her wedding, the Spencer Tiara is one of the most famous diadems in modern history,” the auction house noted. “The Spencer Tiara is now set to be inherited by Princess Charlotte.” The description of the tiara continued, “In the mid-1970s, John Spencer, the 8th Earl Spencer, inherited the tiara. It was subsequently worn by all three of his daughters at their wedding: Lady Jane in 1978; Lady Sarah in 1980; and finally Lady Diana the following year, in 1981. The tiara was most recently worn by Celia McCorquodale – niece of the 10th Earl Spencer Charles – at her wedding in the Spring of 2018.”

What will Prince Harry inherit from Queen Elizabeth?

Prince Harry is the youngest child of King Charles III and his late wife, Diana, Princess of Wales. Harry, who is Queen Elizabeth II's grandchild, is the Duke of Sussex and is the husband of Meghan Markle, the Duchess of Sussex. He is also the younger brother of Prince William and the father of Queen Elizabeth's great-grandchildren: Archie Harrison Mountbatten Windsor and Lilibet Diana Mountbatten Windsor, who is named after the Queen's childhood nickname. So what will Prince Harry inherit from Queen Elizabeth? It's unclear what Harry will inherit from the Queen, however, after the death of his mother, Princess Diana, Harry and William inherited part of their mother's estate on their 25th birthdays, which was around \$10 million each, according to Forbes. In a CBS interview with Oprah Winfrey and his wife in March 2021,

Harry revealed that he used his trust from his mother to support him and his family after his father, Prince Charles, cut him off financially at the start of 2020 following Harry and Meghan's exit from the British royal family and move to the United States. “I had to afford security for us,” Harry said at the time. “[I was cut off] in the first quarter of 2020. But I've got what my mom left me and without that, we would not have been able to do this.”

According to Us Weekly, though Diana's will stated that her estate would be distributed to William and Harry when they turned 25, the funds were held until they were 30. Despite the hold, the brothers were still able to receive interest on their trust funds earlier. While Harry and William were the chief heirs of Diana's estate, the People's Princess' will also listed others whom she wanted to share her wealth, including her butler, Paul Burrell, as well as 17 of her godchildren, according to Worthy.

What will Meghan Markle inherit from Queen Elizabeth?

Meghan is the Duchess of Sussex and the wife of Queen Elizabeth II's grandchild, Prince Harry, the Duke of Sussex. She's also the mother of the Queen Elizabeth's great-grandchildren, Archie Harrison Mountbatten Windsor and Lilibet Diana Mountbatten Windsor, who is named after the Queen's childhood nickname. So what will Meghan Markle inherit from Queen Elizabeth? Radar Online reported in September 2022 that both Meghan and Lilibet will be left out of the Queen's inheritance. “There's a very good chance the Queen won't leave either of them any jewels of value,” a source said. “It's not surprising, since they're not members of the royal family anymore, but it would be a real slap in the face.” Radar Online also reported that Meghan's sister-in-law, Kate Middleton, Princess of Wales, who is set to inherit \$110 million in jewelry from the Queen, will likely pass some of her jewels to their niece because she and her husband, Prince William, “really don't want Lilibet to be left out.” “As for Meghan, she's not their concern,” the insider added. As for why the Queen left Meghan out of her inheritance, Radar Online's source speculated that it could be due to either “practicality” or Harry and Meghan's drama with the British royal family in the years leading up to the Queen's death. “Some people think it won't be out of spite, but practicality,” the insider said. “Others say it would be the Queen sending a message to Meghan and Harry: You reap what you sow.”

The Fed Wants You to Lose Money in Stocks

The U.S. Federal Reserve's campaign against inflation might not be finished until you've lost money on bitcoin (BTC).

The reason why goes back to the basics of central banking. The Fed does what it does with monetary policy (these days, raising interest rates) and that filters through the economy by impacting, among other things, how much key assets cost – “financial conditions,” in central bank jargon.

For most of this year, Fed policy makers have been sanguine toward markets like stocks, preparing traders in advance (called “forward guidance”) for upcoming changes to monetary policy. But that seems to be in the past. In July, Fed Chair Jerome Powell announced that central bankers would stop practicing forward guidance.

“It's clear the Fed wants to see tighter financial conditions, which include lower stock prices,” Brian Overby, senior markets strategist at Ally, wrote in a note.

And that probably means crypto, too, because crypto prices have been strongly correlated with equities. That's likely unwelcomed news for crypto investors, who've already suffered deep losses.

Bitcoin is already down over 57% for the year

to date, according to CoinDesk data, grappling with a broader crypto asset sell-off fueled by industry bankruptcies and a struggling global macroeconomic landscape.

The U.S. central bank has two mandates: price stability and maximum employment. Right now, prices aren't stable, with inflation running well above the Fed's 2% goal. Meanwhile, the unemployment rate is still low and employers are adding over 300,000 jobs per month. That's great news for job seekers but, perversely, something that could fuel inflation, raising pressure on the Fed to take even stronger action. That spells potential trouble for markets like stocks and crypto.

“The Fed wants to create a reverse wealth effect and get people that own assets to rethink some of their purchase habits and maybe slow demand,” said Jim Bianco, president of Bianco Research. “It's a dangerous game,” he added. “You want the market to go down, but you gotta be careful when that starts to happen because if you get everybody running for the hills because they're going to be the enemy of the market, you could turn it into a rout.”

Even though U.S. gross domestic product has contracted for two straight quarters, the economy seems to be in good enough shape to withstand continued aggressive rate hikes. Further signs of weakness, though, will test the Fed's resolve and force policy makers to evaluate how much pain they want to cause in markets.

“It's very possible that [the central bankers] could very well cave once they're faced with some really bad employment numbers, but they haven't been so far,” Bianco said. “I don't think they will but I completely understand that argument.”

N.Korea fires ballistic missile ahead of U.S.VP Harris visit

SEOUL (Reuters) - North Korea fired a ballistic missile towards the sea off its east coast on Sunday, ahead of planned military drills by South Korean and U.S. forces involving an aircraft carrier and a visit to the region by U.S. Vice President Kamala Harris.

South Korea's military said it was a single, short-range ballistic missile fired from near the Taechon area of North Pyongyan Province just before 7 a.m. local time and flew about 600 km (373 miles) at an altitude of 60 km and a speed of Mach 5.

“North Korea's launch of a ballistic missile is an act of grave provocation that threatens the peace and security of the Korean peninsula and international community,” South Korea's Joint Chiefs of Staff said in a statement.

After the launch, the Joint Chiefs of Staff Chairman Kim Seung-kyum and the U.S. Forces Korea Commander Paul LaCamera discussed the situation and reaffirmed their readiness to respond to any threat or provocation from North Korea, it added.

South Korea's National Security Council held an emergency meeting to discuss response measures and condemned the launch as an apparent violation of the U.N. Security Council Resolutions and an unjustifiable act of provocation.

South Korean President Yoon Suk-yeol, who arrived in Seoul late on Saturday from a trip to Britain, the United States and Canada, was briefed on the launch, the presi-

dential office said.

Japan's Defence Minister Yasukazu Hamada said Japan estimated the missile reached maximum altitude at 50 km and may have flown on an irregular trajectory. Hamada said it fell outside Japan's exclusive economic zone and there were no reports of problems with shipping or air traffic.

Many of the short-range missiles tested by North Korea in recent years have been designed to evade missile defences by manoeuvring during flight and flying on a lower, “depressed” trajectory, experts have said.

“If you include launches of cruise missiles this is the nineteenth launch, which is an unprecedented pace,” Hamada said.

“North Korea's action represents a threat to the peace and security of our country, the region and the international community and to do this as the Ukraine invasion unfolds is unforgivable,” he said, adding that Japan had delivered a protest through North Korea's embassy in

Beijing.

The U.S. Indo-pacific Command said it was aware of the launch and consulting closely with allies, in a statement released after the launch, while reaffirming U.S. commitment to the defence of South Korea and Japan.

“While we have assessed that this event does not pose an immediate threat to U.S. personnel or territory, or to our allies, the missile launch highlights the destabilising impact of the DPRK's unlawful Weapons of Mass Destruction and ballistic missile programs.”

Mahathir Mohamad: The man who dominated Malaysian politics

At the age of 97, Mahathir Mohamad is a name that has dominated Malaysian politics for decades.

Mr Mahathir first served as the country's prime minister for 22 years, from 1981 to 2003.

He is widely credited for Malaysia's rapid economic development and transformation from the 1980s.

In 2018, he came out of retirement in a bid to take down former prime minister Najib Razak - who had been accused of embezzling hundreds of millions in state funds.

With the help of former rival Anwar Ibrahim, Mr Mahathir was voted in again as the country's prime minister, while Mr Najib was charged and eventually jailed on charges of money laundering and abuse of power.

But the alliance proved unable to withstand the weight of internal rivalries, and in February 2020 Mr Mahathir found himself ousted in a twist of events that saw the collapse of the governing Pakatan Harapan coalition.

However, the two-time premier continues to be an influential figure in the country, although his legacy has been mixed.

Humble beginnings

Mr Mahathir joined political party United Malays National Organisation at the age of 21 and ran a medical practice for seven years in his home state of Kedah before becoming a member of parliament in 1964.

In 1969 he lost his seat and was expelled from the party after writing an open letter attacking the then Prime Minister Tunku Abdul Rahman.

He later wrote a controversial book entitled *The Malay Dilemma*. In it, he argued that the country's Malay population had been marginalised, but also castigated them for apathetically accepting a second-class status.

It struck a chord with younger UMNO leaders and he was invited back into the party, re-elected to parliament in 1974, and appointed minister of education. Within four years he had become UMNO's deputy leader and, in 1981, he became prime minister.

Under his rule, Malaysia transformed into one of the Asian economic tigers of the 1990s - prestige projects such as the Petronas Twin Towers demonstrated the extent of his ambitions.

His authoritarian but pragmatic policies won him popular support at home, though this was tempered by his scant regard for human rights.

Black eye for democracy

Opposition politicians were jailed without trial under a much-criticised Internal Security Act.

Most infamously, his deputy prime minister, Anwar Ibrahim, was sacked, accused of corruption and sodomy and later jailed on the latter charge, when he called for economic and political reforms in 1998.

Pakatan Harapan supporters wave their flags The opposition Pakatan Harapan logo is an eye - a reference to the black eye Anwar Ibrahim received while in custody Frequent barbed comments about the West also earned Mr Mahathir a reputation abroad. Days before he resigned in October 2003, for example, he angered several foreign governments and Jewish groups by claiming a Jewish cabal "ruled the world".

He said he left his post "disappointed... because I have achieved too little in my principal task of making my race a successful race, a race that is respected".

Bitter medicine

Even in retirement, he never really left the political arena.

He publicly criticised his successor Abdullah Badawi and, after lacklustre election results for the ruling coalition in 2008, quit the party in what many saw as a way to pressure Mr Abdullah to go.

That paved the way for Mr Najib to come to

power.

Mr Mahathir's initial support for Mr Najib changed, however, as accusations of corruption against him surfaced in regard to a heavily indebted state investment fund called 1Malaysia Development Berhad (1MDB).

He commanded enough loyalty from supporters within UMNO to press the case against Mr Najib from within the party and government.

When they got nowhere, however, he, and several high-profile supporters quit UMNO and crossed over to the opposition in 2016.

In January 2018, he announced his intention to contest the election, at the age of 92.

Dr Mahathir Mohamad showing a thumbs up Mr Mahathir was one of the oldest country leaders in the world

On 9 May, he won a historic victory, ousting his former allies after more than 60 years in power.

He, together with Mr Anwar and several other parties, formed the Pakatan Harapan coalition, which ruled the country for two years before it collapsed.

Malaysia gets new PM after week of turmoil

Mr Mahathir threw the country's politics into turmoil in late February 2020 when he resigned, breaking his alliance with Mr Anwar.

After his resignation, he and Mr Anwar later announced that they had, in fact, reunited again and commanded majority support.

But the king, Sultan Abdullah Sultan Ahmad Shah, who had ultimate say on who should form a government, chose Mr Muhyiddin.

A former interior minister, Mr Muhyiddin once controversially described himself as "Malay first" and Malaysian second.

He, too, did not stay in power long - resigning in August last year after just 17 months in power and yielding his place to current premier Ismail Sabri Yaakob because he had lost majority support in parliament.

What is a recall?

When a manufacturer or the National Highway Traffic Safety Administration (NHTSA) determines that a vehicle creates an unreasonable risk to safety or fails to meet minimum safety standards, the manufacturer is required to fix that vehicle at no cost to the owner. That can be done by repairing it, replacing it, offering a refund (for equipment) or, in rare cases, repurchasing the car.

What should I do if my vehicle is included in this recall?

If your vehicle is included in this recall, it is very important that you get it fixed as soon as possible given the potential danger to you and your passengers if it is not addressed. You should receive a separate letter in the mail from the vehicle manufacturer, notifying you of the recall and explaining when the remedy will be available, whom to contact to repair your vehicle, and to remind you that the repair will be done at no charge to you. If you believe your vehicle is included in the recall, but you do not receive a letter in the mail from the vehicle manufacturer, please call NHTSA's Vehicle Safety Hotline at 1-888-327-4236, or contact your vehicle manufacturer or dealership.

Thank you for your attention to this important safety matter and for your commitment to helping save lives on America's roadways.

Solar System, Galaxy, Universe: What's the Difference?

Many people are not clear about the difference between our Solar System, our Milky Way Galaxy, and the Universe.

Let's look at the basics.

Our Solar System consists of our star, the Sun, and its orbiting planets (including Earth), along with numerous moons, asteroids, comet material, rocks, and dust. Our Sun is just one star among the hundreds of billions of stars in our Milky Way Galaxy. If we shrink the Sun down to smaller than a grain of sand, we can imagine our Solar System to be small enough to fit onto the palm of your hand. Pluto would orbit about an inch from the middle of your palm.

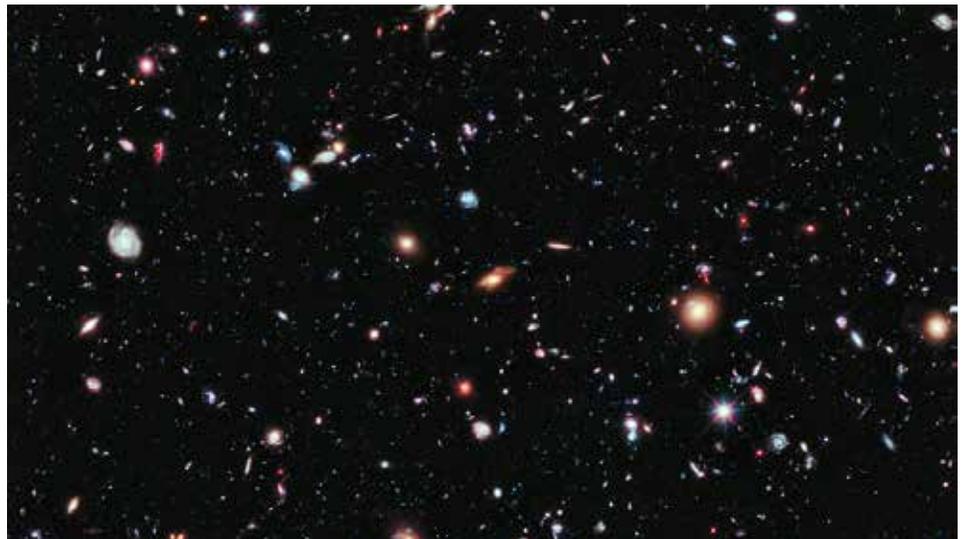

Artist diagram of Milky Way galaxy On that scale with our Solar System in your hand, the Milky Way Galaxy, with its 200 – 400 billion stars, would span North America (see the illustration on the right). Galaxies come in many sizes. The Milky Way is big, but some galaxies, like our Andromeda Galaxy neighbor, are much larger.

The universe is all of the galaxies – billions of them! NASA's telescopes allow us to study galaxies beyond our own in exquisite detail, and to explore the most distant reaches of the observable universe. The Hubble Space Telescope made one of the deepest images of the universe, called the Hubble Extreme Deep Field (image at the

top of this article). Soon the James Webb Space Telescope will be exploring galaxies forming at the very beginning of the universe.

You are one of the billions of people on our Earth. Our Earth orbits the Sun in our Solar System. Our Sun is one star among the billions in the Milky Way Galaxy. Our Milky Way Galaxy is one among the billions of galaxies in our Universe. You are unique in the Universe!

You can observe objects in our solar system and even see other galaxies at a star party near you-and rest assured that everything you are seeing is a part of the same universe as you! A galaxy is a gravitationally bound system of stars, stellar remnants, interstellar gas, dust, and dark matter. The word galaxy is derived from the Greek galaxias (γαλαξίας), literally "milky", a reference to the Milky Way. Galaxies range in size from dwarfs with just a few hundred million (10⁸) stars to giants with one hundred trillion (10¹⁴) stars each orbiting its galaxy's center of mass.

Milky Way's central black hole, known as Sagittarius A*, has a mass four million times greater than the Sun. As of March 2016, GN-z11 is the oldest and most distant observed galaxy with a comoving distance of 32 billion light-years from Earth, and observed as it existed just 400 million years after the Big Bang.

Research released in 2016 revised the number of galaxies in the observable universe from a previous estimate of 200 billion (2 × 10¹¹) to a suggested two trillion (2 × 10¹²) or more and, overall, as many as an estimated 1 × 10²⁴ stars (more stars than all the grains of sand on planet Earth). Most of the galaxies are 1,000 to 100,000 parsecs in diameter (approximately 3,000 to 300,000 light years) and separated by distances on the order of millions of parsecs (or megaparsecs). For comparison, the Milky Way has a diameter of at least 30,000 parsecs (100,000 ly) and is separated from the Andromeda Galaxy, its nearest large neighbor, by 780,000 parsecs (2.5 million ly).

The space between galaxies is filled with

a tenuous gas (the intergalactic medium) having an average density of less than one atom per cubic meter. The majority of galaxies are gravitationally organized into groups, clusters, and superclusters. The Milky Way is part of the Local Group, which is dominated by it and the Andromeda Galaxy and is part of the Virgo Supercluster. At the largest scale, these associations are generally arranged into sheets and filaments surrounded by immense voids. Both the Local Group and the Virgo Supercluster are contained in a much larger cosmic structure named Laniakea.

tymology
The word galaxy was borrowed via French and Medieval Latin from the Greek term for the Milky Way, galaxias (κύκλος) γαλαξίας (κύκλος) 'milky (circle)', named after its appearance as a milky band of light in the sky. In Greek mythology, Zeus places his son born by a mortal woman, the infant Heracles, on Hera's breast while she is asleep so the baby will drink her divine milk and thus become immortal. Hera wakes up while breastfeeding and then realizes she is nursing an unknown baby: she pushes the baby away, some of

her milk spills, and it produces the band of light known as the Milky Way.

In the astronomical literature, the capitalized word "Galaxy" is often used to refer to our galaxy, the Milky Way, to distinguish it from the other galaxies in our universe. The English term Milky Way can be traced back to a story by Chaucer c. 1380:

"See yonder, lo, the Galaxyë
Which men clepeth the Milky Wey,
For hit is whyt."

— Geoffrey Chaucer, *The House of Fame*
Galaxies were initially discovered telescopically and were known as spiral nebulae. Most 18th to 19th century astronomers considered them as either unresolved star clusters or anagalactic nebulae, and were just thought as a part of the Milky Way, but their true composition and natures remained a mystery. Observations using larger telescopes of a few nearby bright galaxies, like the Andromeda Galaxy, began resolving them into huge conglomerations of stars, but based simply on the apparent faintness and sheer population of stars, the true distances of these objects placed them well beyond the Milky Way. For this reason they were popularly called island universes, but this term quickly fell into disuse, as the word universe implied the entirety of existence. Instead, they became known simply as galaxies.

Is my forgetfulness normal?

Now You Can Protect and Even Improve Your Memory as You Age with Improving Memory, an online course from the experts at Harvard Medical School. One of the most common fears we all have as we grow older is losing our memory. In this fascinating course, you'll get tools and techniques to protect your memory as well as 7 specific strategies to improve your memory.

You'll discover that while our memories change as we age most "senior moments" we experience are normal and not signs of dementia.

The seven flaws of normal memory that are no reason for worry

The common reason you have trouble recalling things that are on the "tip of your tongue"

Why the brain can only juggle a few short-term memories at a time but retain an enormous number of long-term memories

Why depression can make it harder to forget unpleasant experiences

The reason some memories are fleeting

and some we can recall with exact detail

Why two people often have different memories of the same event You'll find specific strategies for enhancing your memory, as well as tips for overcoming common memory lapses, including:

The best ways to remember where you put your keys, glasses, or other items you seem to always be searching for

3 ways to remember someone's name — even if you've only met them once

How the "Look, Snap, Connect" technique can help you solidify memories

Why old-fashioned calendars and to-do lists are so effective

How yoga is shown to have a positive affect on memory

The diet that's specifically designed to boost brain health

You'll get life-changing tools and techniques to improve your memory, including 7 specific strategies from exercise (it seems to help people maintain higher levels of mental function for longer) to staying socially active, reducing stress, getting enough sleep, managing your health, maintaining a healthy weight, and more. Doctors and researchers have identified plenty of ways to fight everyday memory problems like losing car keys, forgetting people's names, or missing appointments. You'll learn why focusing can help you boost short-term memory. And why something called "spaced rehearsal" is more effective for long-term recall than trying to cram. You'll also see why

patience is key for helping boost your memory as you age.

Now is the perfect time to commit to improving your memory and protecting your brain health. You'll see why it's so important to continually challenge your brain with new tasks to help build cognitive reserve — the brain's capacity to resist damage. Staying physically and mentally active are great ways to do this. In fact, exercise is actually one of the best ways to maintain a healthy brain and improve your memor

IS IT A COLD OR ALLERGIES?

It's often hard to tell the difference between a cold and allergies. Both can cause similar symptoms, such as a runny and/or stuffy nose, sneezing, fatigue, and a sore throat. However, there are some differences that might help you tell if it's allergies vs. a cold.

Simply put, colds are infections caused by viruses. Colds can be contagious up to two days before symptoms start and can last two weeks after exposure to the virus. Allergies, on the other hand, are not contagious, and the symptoms you experience are your immune system's reaction to allergens, such as pollen.

Take our simple allergies vs. cold quiz to learn the differences between cold and common allergy symptoms.

RECIPES

Onion Pakoda in Air fryer

INGREDIENTS

- 1 cup besan (gram flour)
- 2 onions medium , peeled and thinly sliced
- 1 tbsp coriander seeds of crushed
- 1 tsp methi of kasoori
- 1 tsp red chilli powder
- 3/4 tsp salt
- 1/4 tsp turmeric powder
- 1/4 tsp baking soda
- optional coriander leaves Finely chopped ,

INSTRUCTIONS

In a large bowl, mix all the ingredients well and leave it covered for 5 minutes. The onions will release some of the moisture due to the salt, use that to bring it together into a dough, using a few sprinkles of water as required. Don't make it

too wet or it may not crisp up. Make bite sized pakodas by pressing it into logs in your slightly oiled palm.

Preheat the air fryer at 200 C by turning the timer to 5 minutes, but the machine is preheated when the indicator light goes off.

Place a sheet of parchment or lightly oiled aluminium foil on the basket, but leaving some part of the edge open. This is optional, but just makes the cleaning easier. Place pakodas in a single layer and air fry for 5 minutes. After this, you can remove the basket, turn them around to the other side or give it a shake and keep for 5 more minutes, until all sides are golden brown.

Serve immediately with green chutney / tamarind chutney or

ketchup. You can also use these to make Pakoda Kadhi or in a Moar Kozhambu.

Verdict: The colour turned beautifully golden, and it had a crunch on the outside. The inside of the pakoda was well cooked. But I guess the highlight of the pakoda is the

juiciness that comes from deep frying and this will take some getting used to, otherwise for the 2 tsp oil used, it was really delicious!.

Cook in air fryer at 360°F for 10 mins. Flip over the chicken, and baste with oil. Then cook for another 5 minutes. Remove on a serving plate. Garnish with cilantro. Serve with lemon wedges and sliced onion.

NOTES

This recipe makes spicy Tandoori Chicken. Adjust red chili powder to your taste.

If you have, use kashmiri red chili powder for this recipe, as it gives the natural red color. You could use Cayenne pepper or Paprika as a substitute too.

Oven Variation: Preheat oven at 450 F. Then bake the chicken for 15 minutes. Turn and cook for another 5-10 minutes until it is cooked. Follow this by 3-5 minutes of broiling to get the

charred marks.

People Living In Jahanuma Might Not Know But Long Before A Palace Existed In Your Area Which Was Abandoned And Later Encroached / Demolished By Land Grabbers.
The Name Of The Palace Was "Jahanuma Mahal".

Pathaan is coming in theatres from January 25, 2023. Shah Rukh Khan fans are waiting with a lot of excitement for the movie. We know that he is unbeatable when it comes to wit, intellect and charisma but man, the hotness he is exuding at 56 is too much to handle. In the pic, we can see a shirtless Shah Rukh Khan showing off his abs to perfection. The denim, beaded bracelets and long hair add to the rockstar vibe. Fans of the actor are in a tizzy seeing the pics.

Pathaan is an action film. Shah Rukh Khan is making a comeback five long years after the debacle of Zero. He took a long time off from the movies to be with his kids. But 2023 is going to be full of the actor. His trainer has said that he has worked for close to three years to get that body. From changing his entire workout routine to sticking to a strict diet, Shah Rukh Khan put in cent per cent to ensure he got the look right. This is how social media has reacted to the new pic that dropped today.

Brahmastra: Makers of Ranbir Kapoor-Alia Bhatt starrer pull a masterstroke

Brahmastra did fantastic business at the box office on its third Friday and the reason behind it was National Cinema Day. On 23rd September 2022, the ticket prices across the country in all the theatres were Rs. 75 which ensured more footfalls. So, the Ranbir Kapoor and Alia Bhatt starrer on day 15 collected Rs. 10.79 crore at the box office in India, and on day 17, showed a drop and collected Rs. 6.03 crore (all languages). Now, the makers of the film have pulled a masterstroke to ensure better footfalls during the weekdays in its third week.

From 26th September to 29th September, the ticket prices of the film will only be Rs. 100 + GST. Karan Johar took to Twitter to inform everyone about it. The video shared by the filmmaker says that after seeing the response on National Cinema Day, now from 26-29 September, the audience can celebrate Navratri by watching Brahmastra at Rs. 100. But, well there are terms and conditions also and that's what even Karan has mentioned in the tweet

خوشبو جیسے لوگ

ڈاکٹر راؤ کامران علی

ڈاکٹر نفیس ناگی، لاس ویگاس کے نامور ڈاکٹر اور پاکستانی کمیونٹی کی شان ہیں۔ ان سے پرانا تعلق ہے اور یہ ہمیشہ شفقت سے پیش آتے ہیں۔ گزشتہ جمعرات دو جون کو، ٹیکساس کے گورنر مسٹریٹیٹ نے راقم کے گھر تشریف لانا تھا جس میں بیس کے قریب پاکستانی لیڈرز راقم کے ساتھ گورنر صاحب کے میزبان تھے۔ امریکہ میں ایسی اہم سیاسی شخصیات فنڈ ریزنگ کے لئے آتی ہیں اور ان سے بات چیت سے کمیونٹی کے تعلقات مضبوط ہوتے ہیں اور ریاستی معاملات میں انکی آواز سنی جاتی ہے۔ گورنر صاحب کے لئے خطیر رقم کی فنڈ ریزنگ کا وعدہ کیا گیا۔ نمبر نہیں بتا سکتا بس یہ سوچ لیں کہ بیٹو جو کہ ابھی گورنر کا محض امیدوار ہے پچاس ہزار ڈالر سے اوپر لیتا ہے ایک ایونٹ کے تو سیٹ پر موجود گورنر کی کیا ڈیمانڈ ہوگی۔

ڈاکٹر نفیس ناگی کو میں نے اس ایونٹ کے لئے مدعو کیا کیونکہ میرا ماننا ہے کہ بڑوں کی عقل اور تجربے سے سیکھنا، فائدہ اٹھانا اور انھیں آگے رکھنا بہت ضروری ہے۔ اسی طرح ہم ڈاکٹر رشید پراچہ اور ڈاکٹر سلیمان کو بہت سے سیاسی معاملات میں اپنے آگے رکھتے ہیں۔ ڈاکٹر نفیس ناگی سے درخواست کی کہ اس ایونٹ کے لئے کچھ بھی ڈونیشن نہیں دینی ہے؛ ایک تو یہ کہ وہ مہمان ہیں اور دوسرا یہ ہے ایک ریاست کے فنڈ ریزر میں ریاست سے باہر سے پیسے لینا مناسب بات نہیں۔ اگر آپ کو ریاست سے باہر سے رقم کینے کی ضرورت پڑ رہی ہے تو اسکا مطلب ہے کہ آپکو اپنی ریاست کے اندر اپنے لوگوں سے اپنے دوستوں سے مضبوط تال میل بنانے اور اپنا ویہار قائم کرنے کی ضرورت ہے۔ ہمارے فنڈ ریزر کے لئے تعین کردہ رقم الحمد للہ دودن میں ہی پوری ہوگئی اور گورنر کے اکاؤنٹ میں پہنچ چکی ہے۔ بلکہ ہم نے کچھ دوستوں سے چیک لینے سے انکار کر دیا جو کہ بیرون ملک ہونے کی وجہ سے خود نہیں آسکتے تھے جن میں ڈاکٹر عامر قریشی شامل ہیں۔ اسی طرح ڈاکٹر صبا شبنم نے ایک کی بجائے دو چیک بھجوائے، ایک اپنی طرف سے اور ایک اپنے شوہر تنظیم بھائی کی طرف سے لیکن انھیں شکریہ کے ساتھ ایک چیک واپس بھیج دیا گیا۔ ایسا ہی امیر روپانی صاحب نے کیا، بیرون ملک ہونے کے باعث نہ آتے ہوئے بھی آن لائن فنڈ ز بھیج دیئے۔ ہمیں اپنے دوستوں کو روکنا پڑا ہے مزید فنڈ دینے سے کیونکہ ابھی بہت سے کانگریس مین اور سینیٹرز کے فنڈ ریزر بھی ہونے ہیں۔

ڈاکٹر نفیس ناگی کو اس ساری صورتحال کا نہیں پتا تھا ظاہر ہے وہ تو مہمان تھے۔ مئی کے آخری ہفتے میں انھوں نے مجھے کال کی اور کہا، ”تسی بوت وڈا بوجھ اٹھالیا اے لیکن گھبرانا نئی، جینی وی رقم گھٹ ہوئی اوندے چیک میں لکھ داں گا“ (آپ نے بھاری ذمہ داری اٹھالی ہے گورنر کو بلا کر لیکن گھبرانا نہیں، جتنی بھی فنڈ ریزر میں رقم کم ہوئی میں ڈال دوں گا!) میں اتنی سخاوتانہ پیشکش سن کر حیران رہ گیا۔ کیونکہ ڈاکٹر نفیس ناگی یہ سب فنڈ ریزرز دہائیوں سے کر رہے ہیں اور انھیں پتا ہے کہ کتنا بڑا چیک لکھنا پڑ سکتا ہے۔ لیکن میں نے انتہائی شکرگزاری کے ساتھ اس پیشکش کو سراہا اور فنڈز لینے سے انکار کر دیا۔ انھوں نے کہا ”چل ٹھیک اے پر میں چیک بک نال لے کے آواں گا، لوڑ پئی دے دس دیکس“ (چلو ٹھیک ہے لیکن میں چیک بک پھر بھی ساتھ لیکر آؤں گا، ضرورت پڑے تو بتا دینا)۔ میرا دل انکا ممنون احسان ہے اور رہے گا۔ آج کے دور میں اتنی بڑی بات کہہ دینا بڑے لوگوں کا کام ہے۔ دعا ہے کہ میرا دل بھی انکی عمر میں ایسا ہی ہو یا رہے۔ ہمارے ہاں عموماً منفی میسر پھیلتی ہیں مثلاً دھوکہ دینے کی، ضرورت پڑنے پر ساتھ چھوڑ دینے کی، بے وفائی کی تو ایسے ماحول میں ایسے خوشبو جیسے لوگوں کا ذکر بہت ضروری ہے۔

حضرت شیخ سعدی شیرازی رحمۃ اللہ علیہ

31 فرمانبرداری میں ہی بڑائی ہے

اردو حکایت: ایک بادشاہ کے متعلق بیان کیا جاتا ہے کہ اُس نے اپنے

امیر خزانہ سے کہا کہ فلاں ملازم کی تنخواہ دو گنی کر دو۔ ہم نے اُس کو بڑا خدمت گزار، فرمانبردار اور اپنے کام میں مستعد پایا ہے۔ اُس کے برخلاف دیگر ملازم عام طور پر کاہل اور عشرت پسند ہیں۔ ایک صاحب دل نے بادشاہ کی یہ بات سنی تو اس پر رقت طاری ہو گئی اور بے اختیار رونے لگا۔ لوگوں نے اس سے پوچھا کہ تو نے کیا دیکھا؟ اُس نے کہا ”اللہ تعالیٰ کی بارگاہ میں بندوں کا بھی یہی حال ہے۔“

فارسی شعر:

مہتری، در قبول فرمان ست
ترک فرمان، دلیلِ حرمان ست

حاصل کلام:

عظمت کا راز حکم کی تعمیل میں ہے اور حکم کو چھوڑ دینا محرومی کی علامت ہے۔

منظوم ترجمہ:

دانائے مشرق، بلبل شیراز، حضرت شیخ سعدی شیرازی رحمۃ اللہ علیہ فارسی زبان کے عالمی شہرت یافتہ ادیب شاعر، سیاح و دانشور گزرے ہیں۔ آپ کی پیدائش تقریباً آٹھ سو سال قبل سادات کے اک معزز گھرانے میں ہوئی جو برسوں پہلے مکہ سے ہجرت کر کے شیراز میں آسا تھا۔ خاندان میں دینداری کا بول بالا تھا اس لئے ابتدائی تعلیم گھر پر ہوئی اور چھوٹی سی عمر میں تمام ضروری دینی مسائل یاد ہو گئے جس کے ساتھ عبادت، شب بیداری اور تلاوت کلام پاک کا شوق پیدا ہو گیا۔ گیارہ سال کی عمر میں کلام مجید حفظ کر لیا۔ تفسیر، فقہ، حدیث اور صرف و نحو کی ابتدائی کتابیں پڑھیں اور سن بلوغ کو پہنچنے سے پہلے ہی نہایت اعلیٰ و ارفع اخلاق و کردار کے مالک بن گئے۔ ان کی سلیقہ مندی، زہد و تقویٰ، ذہانت و دانشمندی کا ہر طرف چرچا ہو جائے گا۔ نو عمری میں والدین کے ساتھ پہلا حج کیا اور اپنی زندگی میں چودہ حج پایادہ کئے۔ بغداد کے مدرسہ نظامیہ میں تقریباً تیس سال تک مشہور زمانہ علمائے کرام سے تحصیل علم و فیض صحت حاصل کر کے قرآن، حدیث، تفسیر، منطق، فلسفہ، ریاضی اور دیگر علوم پر عبور حاصل کیا۔ ساتھ ہی کئی اجنبی زبانوں میں بھی مہارت حاصل کر لی۔ تحصیل علم سے فارغ ہو کر حضرت سعدی شیرازی نے سیاحت پر کمر باندھ لی اور عمر کا بیشتر حصہ ایشیا، آفریقہ اور دُنیا کے دیگر ممالک کی سیرو سیاحت میں بسر کیا۔ کہا جاتا ہے کہ مشرقی سیاحوں میں ابن بطوطہ کے سوا شیخ سعدی سے بڑھ کر کوئی اور سیاح نہیں۔ انہوں نے سیاحت کے دوران بڑی صعوبتیں اٹھائیں اور بڑے تجربے حاصل کئے۔ ایک اندازے کے مطابق شیخ سعدی کی تصانیف تیس سے متجاوز اور ایک سے بڑھ کر ایک ہیں لیکن ان کی دو

کتابوں گلستاں اور بوستاں نے لازوال عالمی شہرت حاصل کی اور حضرت سعدی کے مقام کو بلند و بالا کر کے اوج کمال پر پہنچا دیا۔ گلستاں اور بوستاں کی بنیاد قرآن، حدیث، تربیت، اخلاقیات، تجربات، دور رس اور دانشوری پر رکھی ہوئی ہے۔ ان دو کتابوں کی حکایات میں کچھ ایسا سبق پوشیدہ ہے کہ جس کو پڑھنے کے بعد آدمی اپنے علم و عمل سے انسانیت کے اعلیٰ مقام پر پہنچ سکتا ہے اس لئے ان کا مطالعہ بنی نوع انسان کے لئے نہایت فائدہ مند ہے۔

اردو ادب کے ممتاز ادیب و شاعر ڈاکٹر توفیق انصاری احمد نے حضرت شیخ سعدی شیرازی کی سدا بہار فارسی تصانیف گلستاں و بوستاں کی افادیت کو پیش نظر رکھتے ہوئے ان دونوں کتابوں کی منتخب حکایات کے نثری و منظوم ترجمہ کا کام کئی برس پہلے شروع کیا تھا جس کی اشاعت و رسم اجرائی کا اہتمام زیر ترتیب ہے۔ ویسے تو گلستاں و بوستاں کے تراجم دُنیا کی تقریباً تمام بڑی زبانوں میں ہو چکے ہیں لیکن صرف انگریزی و عربی میں نثر کا ترجمہ نثر اور نظم کا ترجمہ نظم میں کیا گیا ہے۔ اردو زبان میں موثر اور مفید ترجمہ کی ایسی کوئی مثال نہیں ملتی۔ ”گل بو“ (گلستاں سے گل اور بوستاں سے بو) گلستاں اور بوستاں کی منتخب مثالی حکایتوں کا اور ڈاکٹر توفیق انصاری احمد کا زیر ترتیب اردو زبان کا وہ سب سے پہلا شاہکار مشترکہ و منفرد گلدستہ ہے جس میں فارسی نثر کا ترجمہ اردو نثر میں اور فارسی نظم کا ترجمہ اردو نظم میں کیا گیا ہے۔ ”گل بو کی حکایت“ کے عنوان سے ہم گلستاں و بوستاں کی حکایات کو عوامی استفادہ کی خاطر ”ایشیا نامہ کی الیکٹرانک اشاعتوں میں ثواب جاریہ کی نیت سے سلسلہ وار شائع کر رہے ہیں۔ (ادارہ)

ترکی میں نئی نسل کی تربیت کے معمول

ترکی میں طویل جبریہ سیکولر نظام تھوپے جانے کے بعد نفسیات شناسی اور معاملہ فہمی کے ساتھ نئی نسل کی تربیت کی جا رہی ہے۔ مثلاً، ۱۔ جب بچہ سات سال کا ہو جاتا ہے تو اسے نماز کی ترغیب دلانے کے لیے مقابلہ منعقد ہوتا ہے کہ جو بچہ فجر کی نماز چالیس دن تک باجماعت پڑھے گا، اسے ایک خوبصورت اور قیمتی بائیکل دی جائے گی۔ بچے جوق در جوق فجر کی نماز کی پابندی کرتے ہیں اور جب انہیں انعام ملتا ہے تو پورے شہر میں جلوس نکالتے ہیں۔ چالیس دن تک وہ نمازی بننا سیکھ رہے تھے۔ اکتالیسویں دن سے وہ نماز کے داعی بن چکے ہوتے ہیں۔ ۲۔ جب گرمی کی چھٹیاں ہوتی ہیں تو ترکی کے طول و عرض میں مساجد میں ”حفظ القرآن سمرکیمپ“ لگائے جاتے ہیں۔ کچھ تو مسجد کی بہترین سہولتیں، کچھ پڑھنے پڑھانے والوں کا رویہ، کچھ انعامات اور حوصلہ افزائی سے پیدا ہونے والا جذبہ۔۔۔ عجیب و غریب ماحول ہوتا ہے۔ بچے لگن سے قرآن کریم یاد کر رہے ہوتے ہیں۔ والدین اور اساتذہ خوشی سے نہال ہو رہے ہوتے ہیں اور چھٹیوں چھٹیوں میں ہر سال بچوں کو قرآن کریم کا اتنا منتخب نصاب یاد ہو جاتا ہے جو عمر بھر کے لیے ان کے واسطے رحمت و برکت کا ذریعہ ہوتا ہے۔ اس طرح جو بچہ پورا قرآن کریم حفظ کر لے اسے عمرے پر بھیجا جاتا ہے۔ جس کی ویڈیو آج کل گردش کر رہی ہے۔ ۳۔ ترکی میں بچوں کو خطاطی اور تزئین کا فن سکھانے کے ادارے جگہ جگہ کھلے ہوئے ہیں۔ ان کا ایک مخصوص نام اور نشان ہوتا ہے جو دور سے پہچانا جاتا ہے۔ اسکاؤٹس کی تربیت اور اولمپیاڈ کا انعقاد بہت شاندار اور مثالی ہوتا ہے۔ بلدیہ کے پارکوں میں نہایت خوبصورت آسٹروٹرف بچھے ہوئے چھوٹے چھوٹے فٹبال گراؤنڈ ہوتے ہیں۔ ان میں وردی اور جوتے پہن کر کھیلنا ضروری ہے۔

اس کی گھنٹے کے اعتبار سے فیس بھی ہوتی ہے اور گراؤنڈ کے ساتھ پانی اور جوس کی مشینیں بھی رکھی ہوتی ہیں۔ ۴۔ ایک مرتبہ ترکی میں بچوں کا دن منایا گیا۔ اس میں بچوں کو مستقبل کی قیادت سنبھالنے کی تربیت دینے کے لیے بڑے بڑے حکومتی عہدیداروں نے اپنی نشست کچھ وقت کے لیے بچوں کے سپرد کی۔ خود صدر ترکی نے ایک بچے کو اپنی نشست پیش کی۔ ۵۔ استنبول کے ”قریۃ الصالحین“ فاتح کے علاقے اسماعیل آغا میں ہم کھڑے تھے۔ مسجد کے دروازے پر ایک شخص غباروں بھرا تھیلا لیے کھڑا تھا۔ یہ غبارے پھولے ڈنڈے کی شکل میں لمبے لمبے تھے۔ جو بچہ گزرتا یہ اسے جھٹ سے تلوار یا تاج بنا کر پکڑا دیتا۔ پوچھا گیا کہ یہ کیا جراب ہے؟ معلوم ہوا یہ ایک اچھے خاصے عہدے پر فائز سرکاری افسر ہے۔ فارغ وقت میں غبارے بھر کر لے آتا ہے اور بچوں میں یہ دو چیزیں (تلوار یا

تاج) مفت تقسیم کرتا ہے۔ یہ بتانے کے لیے کہ جب سے ہم نے تلوار چھوڑی ہے، عزت کا تاج ہمارے سر سے اتر گیا ہے۔ بتائیے! نئی نسل کی تربیت اس طرح کی اختراعی جدتوں سے ہوتی ہے یا پھر مغرب میں کامیابی سے اخلاق بانگشی پھیلانے والے پرفریب ٹوکوں سے۔ کوئی سمجھ کر بھی نہ سمجھے، ہمیں تو سمجھاتے رہنا۔ ترکی زمان و مکان، موسم و مزاج کے اعتبار سے مغرب کے دہانے پر واقع ہے۔ مگر وہ مغرب کی تقلید کے بجائے زمانے میں پنپنے کے آزاد رویے دنیا میں متعارف کروا رہا ہے۔ وہاں بچوں کی صحت و تعلیم پر بھرپور توجہ کے ساتھ انہیں مقصد زندگی کی تفہیم اور آفاقی انسانی آداب سے متصف کرنے کے لیے عجیب و غریب مثالی رویے اختیار کئے جاتے ہیں۔ ایسی اخلاقی تعلیم و تربیت کا اہتمام کیا جاتا ہے جو معاصر دنیا میں ایک مثال بنتے جا رہے ہیں۔

حضرت عمر فاروق رضی اللہ تعالیٰ عنہ

جب مسلمان ہو نماز کا وقت ہوا تو حضور صلی اللہ علیہ وسلم نے فرمایا صحابہ تیاری کرو نماز کی، حضرت عمر فاروق رضی اللہ تعالیٰ عنہ نے پوچھا حضور نماز کہاں پڑھیں گے؟ حضور صلی اللہ علیہ وسلم نے فرمایا کسی کونے میں چھپ کے پڑھتے ہیں، عمر فاروق نے کہا حضور آپ کے قدموں پہ میرے ماں باپ قربان، آگر اب بھی چھپ کے نماز پڑھیں تو عمر کے مسلمان ہونے کا کیا فائدہ؟ عمر فاروق نے کہا حضور آج نماز کعبہ اللہ میں پڑھیں گے۔ حضور صلی اللہ علیہ وسلم نے فرمایا عمر کفار کا بڑا غلبہ ہے۔ واہ! میرے خدا، عمر فاروق گھوڑے پے سوار ہو مکہ کے چوکوں پہ جا کر۔ گلیوں میں جا کر۔ اپنے گھوڑے پے سوار ہو کر۔ چلتے ہو یہ اعلان کیا کہ مکے والو! آجاؤ۔ آج میں کلمہ پڑھ کے محمد مصطفیٰ صلی اللہ علیہ وسلم کا غلام بن کر آیا ہوں، آج ہم کعبہ اللہ میں نماز پڑھنے جا رہے ہیں، اگر کسی نے اپنی بیویاں بیواہ کروانی ہوں اگر کسی نے اپنے بچے یتیم کروانے ہوں تو آج عمر کے راستے کو روک کر دکھا دے۔ خدا کی قسم جب عمر فاروق رضی اللہ تعالیٰ عنہ مسلمان ہوئے تو مکے کے کافروں نے گلیوں میں نکل کر ماتم کیا کے ہائے آج آدھا مکہ ہم سے چھینا گیا۔ عمر

فاروق واپس آئے حضور صلی اللہ علیہ وسلم سے کہا اے میرے حضور! آپ آگے چلیں میں آپ کے پیچھے چلتا ہوں بیت اللہ میں نماز پڑھیں گے، میں دیکھتا ہوں کس کافر کی جرات ہوتی ہے جو ہمارا راستہ روکے۔ باسلامت بیت اللہ کے دروازے پر پہنچے جب بیت اللہ کا دروازہ کھلا تو میرے نبی صلی اللہ علیہ وسلم نے خوشی میں نعرہ نکمیر خود بلند کیا، اللہ اکبر کی صدا مکے میں پہلی باریوں گونجی کے کفر کے کوٹ بھی گر پڑے بیت اللہ کو بتوں سے پاک کیا اور مسلمانوں نے کھلے عام عبادت کی، اسلام کو طاقت ملی۔ اور جب میرے نبی

نے مکہ سے ہجرت کی اس وقت بھی عمر فاروق نے انوکھی ہجرت کی سب سے پہلے بیت اللہ کا طواف کیا پھر گھوڑے پے سوار ہوئے اور مکے کی گلیوں میں اعلان کیا کہ آج میں ہجرت کر کے جا رہا ہوں مدینہ اپنے محبوب محمد مصطفیٰ صلی اللہ علیہ وسلم کے پاس اگر کسی کافر میں جرات ہے تو عمر کے راستے کو روکے۔ اس عمر ابن الخطاب رضی اللہ تعالیٰ عنہ پر سلام بے شمار۔ سبحان اللہ ایسی ایمان کو تازہ کرنے والی پوسٹ گرپوں میں شیمز کرنی چاہیے تاکہ پوری دنیا کے مسلمانوں کو پتہ چلے کہ ہمارے صحابہ کتنے بہادر تھے۔

محمد صلی اللہ علیہ وسلم کے شہر میں مدینہ شہر کے اطراف سونا اور تانبے کے بڑے ذخائر

محمد صلی اللہ علیہ وسلم کے شہر میں مدینہ شہر کے اطراف سونا اور تانبے کے بڑے ذخائر کی دریافت!! جدہ: 23 ستمبر سعودی پریس ایجنسی (ایس پی اے) نے اطلاع دی ہے کہ سعودی جیولوجیکل سروے نے سونے کے ذخائر کی دریافت مقدس شہر مدینہ کے علاقے میں اباالراحہ کی حدود میں کی ہے۔ ایس جی ایس نے اسی علاقے میں المدق کے علاقے میں چار مقامات پر تانبے کی دھات کی کھوج کا بھی اعلان کیا۔ ان دریافتوں سے مقامی اور بین الاقوامی سرمایہ کاری کو راغب کرنے کی توقع ہے، جو سعودی عرب کو 533 ملین ڈالر تک پہنچنے کی توقع ہے، جس سے تقریباً 4,000 ملازمتیں پیدا ہوں گی۔ وہ اس سال کی تازہ ترین دریافتوں میں سے ہیں، جو مملکت کے کان کنی کے شعبے کو بڑھانے میں مدد کریں گی، ولی عہد شہزادہ محمد بن سلمان کے ویژن 2030 کے طے کردہ اہداف کے مطابق، جس کا مقصد ملک کو تیل کے بعد کی معیشت کی طرف لے جانا ہے۔ جولائی میں، سعودی صنعت اور معدنی وسائل کے وزیر خالد المدیفر نے کہا تھا کہ مملکت نے گزشتہ سال اس شعبے میں سرمایہ کاری کی ترغیب دینے والی قانون سازی کے بعد، اپنی کان کنی کی صنعت میں براہ راست غیر ملکی سرمایہ میں 8 بلین ڈالر (06.30 بلین سعودی ریال) سے زیادہ کو راغب کیا۔ 2022 کے آغاز میں، سعودی عرب نے کہا تھا کہ وہ دہائی کے آخر تک اپنے کان کنی کے شعبے میں 170 بلین ڈالر کی سرمایہ کاری کو راغب کرنا چاہتا ہے۔ تاہم، کانوں کی ترقی اور استحصال کی رفتار اس وقت سے سست ہے جب ریاض نے 2018 میں اعلان کیا کہ مملکت کے معدنیات کی مالیت ایک اندازے کے مطابق \$3.1 ٹریلیون ہے۔

ڈرامہ ارتغل

ڈرامہ ارتغل دیکھنے والوں کو اسکا بھی علم ہونا چاہئے۔ جب مصطفیٰ کمال پاشا نے خلافت کا خاتمہ کیا تو آل عثمان کو راتوں رات گھریلو لباس ہی میں یورپ بھیج دیا گیا شاہی خاندان (ملکہ اور شہزادوں) نے التجا کی کہ یورپ کیوں؟ ہمیں اردن، مصر یا شام کسی عرب علاقے ہی میں بھیج دیا جائے لیکن صہیونی آقاؤں کی احکامات واضح تھیں، اپنی آتش انتقام کو ٹھنڈا کرنا ان کو آخری درجے ذلیل کرنا مقصود تھا، چنانچہ کسی کو یونان میں یہودیوں کے مسکن سالونیک اور کسی کو یورپ روانہ کیا گیا، اور آخری عثمانی بادشاہ سلطان وحید الدین اور ان کی اہلیہ کو راتوں رات فرانس بھیج دیا گیا اور ان کی تمام جائیدادیں ضبط کر لی گئیں یہاں تک کہ گھریلو لباس میں خالی جیب اس حال میں انھیں رخصت کیا گیا کہ ایک پائی تک ان کے پاس نہ تھی، کہا جاتا ہے کہ سلطان وحید الدین کے شہزادے منہ چھپا کر پیرس کی گلیوں میں کاسے گدائی لیے پھرتے تھے کہ کوئی انھیں پہچان نہ پائے، پھر جب سلطان کی وفات ہوئی تو کلیسا ان کی میت کو کسی کے حوالے کرنے پر آمادہ نہ ہوا کیونکہ دکانداروں کا قرض ان پر چڑھا ہوا تھا، بالآخر مسلمانوں نے چندہ کر کے سلطان کا قرض ادا کیا اور ان کی میت کو شام روانہ کیا اور وہاں وہ سپرد خاک ہوئے۔ بیس سال بعد جنھوں نے سب سے پہلے ان کے بارے میں دریافت کیا اور ان کی خبر گیری کی وہ ترکی کے پہلے منتخب

وزیر اعظم عدنان مندریس تھے، شاہی خاندان کی تلاش کے لیے وہ فرانس گئے اور وہاں جا کر ان کے احوال و کوائف انھوں نے معلوم کیے، پیرس کے سفر میں وہ کہتے تھے کہ مجھے میرے آباء کا پتہ بتاؤ مجھے میری ماؤں سے ملاؤ، بالآخر وہ پیرس کے ایک چھوٹے سے گاؤں پہنچ کر ایک کارخانے میں داخل ہوئے تو کیا دیکھتے ہیں کہ سلطان عبدالحمید کی زوجہ پچاسی سالہ ملکہ شفیقہ اور ان کی بیٹی ساٹھ سالہ شہزادی عائشہ ایک کارخانے میں نہایت معمولی اجرت پر برتن مانجھ رہی ہیں، یہ دیکھ کر مندریس اپنے آنسو روک نہ سکے اور زار و قطار رو پڑے، پھر ان کا ہاتھ چوم کر کہنے لگے: مجھے معاف کیجیے مجھے معاف کیجیے! شہزادی عائشہ نے پوچھا: آپ کون ہیں؟ کہا: میں ترک وزیر اعظم عدنان مندریس ہوں، اتنا سننا تھا کہ وہ بول اٹھیں: اب تک کہاں تھے؟ اور خوشی کے مارے بے ہوش ہو کر گر پڑیں، عدنان مندریس جب انقرہ واپس گئے تو انہوں نے کمال اتاترک کے دوست اور اس وقت کے ترکی کے صدر جلال بیار سے کہا کہ میں آل عثمان کے لیے معافی نامہ جاری کرنا چاہتا ہوں، اور اپنی ماؤں کو واپس لانا چاہتا ہوں، بیار نے شروع میں تو اعتراض کیا، مگر مندریس کے مسلسل اصرار پر صرف عورتوں کو واپس لانے کی اجازت دی، پھر عدنان مندریس خود فرانس گئے اور ملکہ شفیقہ اور شہزادی عائشہ دونوں کو فرانس سے ترکی لے آئے، مگر شہزادوں کے لیے

سننے ہیں کہ غالب کے طرفدار بہت ہیں
دُنیا میں قلم کم ہیں قلم کار بہت ہیں
پھر صبح نئی آئیگی آثار بہت ہیں
دُنیا میں ابھی صاحب کردار بہت ہیں
شہرت کے سفر میں ہو تو یہ دھیان میں رکھنا
چڑھتے ہوئے سورج کے پرستار بہت ہیں
کچھ ایسا کرو ہجر کی تفسیر بدل دو
تم گن نہ سکو گے یہاں بیمار بہت ہیں
معیار ہی فنکار کا بنتا ہے حوالہ
کہنے کو میرے پاس بھی اشعار بہت ہیں
اب جذبہ معیار شہادت ہے کہاں وہ
عباسؑ نہیں ملتے علمدار بہت ہیں
ہر ایک سے ملنے کی ضرورت ہی نہیں نور
مخلص ہوں گر احباب تو دوچار بہت ہیں

راہ الفت ہے تو پھر عزت و توقیر نہ دیکھ
طوق سینہ سے لگا زحمت زنجیر نہ دیکھ
میرا دل دیکھ مرے جسم کی تعمیر نہ دیکھ
”میری صورت پہ نہ جا تو میری تصویر نہ دیکھ“
ہر طرف گرم ہے پھر دار و رن کا موسم
چشم میگوں سے گزر زلفِ گرہ گیر نہ دیکھ
سوچنا ہے تو بھلا سوچ ہر اک انسان کا
دیکھنا ہے تو کسی کو یہاں دلگیر نہ دیکھ
جو مداری ہیں لگانے دے تماشہ ان کو
کام رکھ پیش نظر نام کی تشہیر نہ دیکھ
رکھ نظر قوت بازو پہ ہمیشہ اپنی
سامنے تیرے فضا کتنی ہے گبھیر نہ دیکھ
اپنی ہی راہ گزر پر ہمیں چلنا ہے مدام
اور کی راہ گزر اے مرے رہ گیر نہ دیکھ
خوفِ محشر سے ہراساں ہے نیازِ عاصی
اپنی رحمت پہ نظر کر مری تقصیر نہ دیکھ

چمن میں آکے گئی ہے بہار بس یوں ہی
نہیں ہوا ہے چمن خار زار بس یوں ہی
نہ پوچھیں کہ ہوئے ہاتھ کس طرح زخمی
ہوا ہے دامن دل تار تار بس یوں ہی
چھپی ہے صبح کے اخبار میں نئی سرخی
کیا کسی نے کسی کا شکار بس یوں ہی
نکل کے آئیں گے سو باز آستینوں سے
نہ مار ساپوں کو یوں ہی نہ مار بس یوں ہی
ہمارے اپنے مسائل کا ہے خدا حافظ
کریں گے کام اگر ذمہ دار بس یوں ہی
ہمارے ساتھ تھا جو بھی تمہارے ساتھ گیا
گیا ہے ہاتھ سے صبر و قرار بس یوں ہی
ذرا سی دیر میں میدان مار لیتے ہیں
سواری کرتے نہیں شہ سوار بس یوں ہی
لگاؤں کا وہ لہجہ وہ رس بھری باتیں
کہو نہ پھر سے کہو بار بار بس یوں ہی
گھلیں گے دل تو گھلے گی زبان بھی توفیق
جو مل کے بیٹھیں گے دو چار بار بس یوں ہی

اب تو شکوہ بھی مجھے باعثِ رسوائی ہے

بس بھی کر اب تو مری جان پہ بن آئی ہے
اک عجب دور ہے یہ دور کہ جس میں ہر شخص
خود تماشا بھی ہے اور خود ہی تماشا ہے
جان لیوا تھا بہت عہد خزاں سچ ہے مگر

اب دواؤں سے طبیعت مری اکتائی ہے

On the lighter side....

The phlebotomist entered the hospital room to draw blood. Noticing an apple on the patient's nightstand, she remarked, "An apple a day keeps the doctor away."

"That's true," the patient replied. "I haven't seen a doctor in three days."

An artist asked the gallery owner if there had been any interest in her paintings that were on display. "Well, I have good news and bad news," the owner responded. "The good news is that a gentleman noticed your work and wondered if it would appreciate in value after your death. I told him it would and he bought all 10 of your paintings."

"That's wonderful," the artist exclaimed. "What's the bad news?"

"The gentleman was your doctor."

Hearing his wife as she sings, the husband says, "You know dear, when you sing like that I just wish you were on the radio."

The wife smiles and replies, "Wow honey, you think I am that good?"

"No, but at least that way I can change the station or turn it off."

A woman had bought lots of shoes over time and she decided it was time to kick the habit. She really took it seriously, even changing her driving route to avoid her favorite shoe store. One evening, however, she arrived home carrying a shoe box. Her husband grinned at her, but it didn't faze her at all.

"These are very special shoes," she explained. "I accidentally drove by the shoe store and there in the window were the most perfect shoes I've ever seen! I felt this was no accident, so I thought I'd let fate decide. If I would get a parking spot directly in front of the shop, the shoes were meant for me. And sure enough, the eighth time around the block, there it was!"

A ham and cheese sandwich walks into bar and asks for a drink.

Bartender says, "Sorry, we don't serve food here."

Father: What do you see in that boyfriend of yours?

Teen daughter: Well... he's reliable.

Father: He's always late picking you up!

Teen daughter: I know and I can always count on it. Remember when you had to sit in the front room with my dates until I was ready?

Father: Now that you mention it, I'm beginning to like this guy!

Patient: Doctor, doctor, I keep thinking I'm a dog.

Doctor: Lie down on the couch and I'll examine you.

Patient: I can't, I'm not allowed on the furniture.

A woman with a minor injury was at the hospital because her doctor said she wanted to take a closer look at it to make sure everything was all right. The woman's husband sits patiently in the waiting room. After a few minutes, the doctor comes out and asks her assistant for a wrench, which understandably concerns the husband.

Then, after a couple more moments, the doctor re-enters the room, this time asking for a screwdriver. The husband grows worried and begins to pace in circles. Then, a little later, the doctor bursts through the doors screaming for a hammer and at that, the husband, in a state of frenzied fear, runs up and asks, "Doctor, what the heck is wrong with my wife?"

"I don't know," replies the flustered doctor, "I can't get my bag open!"

A woman had been talking on the phone for about half an hour, and then she hung up.

"Wow," said her husband, "that was short. You usually talk for two hours. What happened?"

"Wrong number," replied the wife.
