

To Whom It May Concern:

Over the past several years, I have worked with Ms. Washington on several community based projects and outreach efforts to underserved youth in the Central Florida region. During this time, she has proven herself to be an invaluable asset to our community and to other nonprofit agencies as well as our organization LifeReach.

Ms. Washington is a hard-working and energetic person, driven by her desire to create successful young men and women by helping them to secure opportunities to further their education and pursue their passions. Ms. Washington is an excellent role model and person of integrity and is well respected by parents, community leaders and the young people she comes in contact with. "Ms. Toni" as she is called serves as surrogate parent, trusted advisor in the community and in lives well after young people leave her programs.

Do feel free to contact me with questions or inquiries. Ms. Washington would be an asset to any organization and I would recommend her for any endeavor she chooses to pursue. Do not hesitate to contact me with any questions about her.

Sincerely,

Dr. Vincent T. Polite
