

# PARIS A LA PLEIADES

The purpose of this illustration is to suggest that the crystal Pyramid of the Louvre is on a ley-line that composes an adjacent depiction of the Great Pyramid of Giza layout. The illustration is an approximation of the street grid north of the Louvre Pyramid. It appears that all of the main components of the Great Pyramid are present although skewed. The various yellow arrows will point to the possible correlation between the street grid and the Great Pyramid design. In particular the ley-line from the Louvre Pyramid runs to the Palais Garnier that resembles the Descending Shaft to the Pit. There appears to be a correlation to an Ascending Shaft as the 'Pyramid' is bisected by the avenues of San Martin, Bonne Nouvelle, etc. Another possible ley-line correlation suggest that the 'Star Shafts' that orient themselves to Orion and Draco constellation are also depicted in the street grid although again very skewed. What is also very telling is that this 'Great Pyramid' template is in approximate phi ratio to the Paris Meridian or Devil's Line. This line is pegged to the Paris Observatory established by King Louis XIV. From this point of reference several measurements will be highlighted to certain famous landmarks that this study suggests have an encrypted significance of where they are situated by design.

## The Phoenix

This study suggests that the Owl Molech motif has an extension that when the ley-lines are elongated, the 'Owl transfers into a 'Phoenix'. This mythical bird motif is another of the Luciferian favorite to denote 'Orders'. The configuration suggests that this 'Phoenix' is set upon an encrypted Hexagram. In the occult a Hexagram is a key that is used to open 'portals' or gates, doors, etc.

Louvre nearly approximate orientation to Great Pyramid of Egypt. The Star Shafts correlated to Paris landmarks.

The Giza Pyramid complex is suggested to be the main template for the core city ley-lines. For example, the study suggests that perhaps the 3 main islands of Paris correlated to the 3 Pyramids of Giza. There is the main and biggest island called Île de la Cité. The next one is called Île Saint-Louis. The smallest is called Île aux Cygnes. This is where the replica of the Statue of Liberty is located at.

The spirit of Molech is that of Abortion and sacrificial blood-letting. Current official abortion rates in France are reported to range around 200,000/year. Unofficial statistics peg this rate at about 1 million.

The Luciferians thrive on and demand. Their plans depend in part by forging their Satanic ritualistic magic with certain places build on ley-lines and at certain days.
