

## Recovering Our First Love Part 1 of 2

02.19.2026

The Lord bless you, my precious heart dwellers, with the wonders of His heavenly provision to bring us all back to our first love. We have labored long and hard, we are weary, we want to return to our first love despite the deep injuries and fatigue we have suffered. But are we willing to accept His way without denominational bias, based mostly on misconception, which He has addressed in the seven-part playlist, the Blessed Virgin Mary's role according to scripture on our YouTube channel [heart\\_dwellers.org/playlist](https://www.youtube.com/channel/UC...).

This conversation began tonight with our Lord, pointing to his mother on how to receive instruction on falling deeply in love again with our first love, Jesus. Well, it really began during worship when I was sent a big wall of grace, oh my goodness. I was pretty much overtaken by the sweet loving presence of the Lord as I cried out to Him, Lord, I want to go deeper, much deeper. Help me please.

So the Lord pointed to His mother on how to receive instruction on falling in love deeply again with our first love, which is Him.

So I said, oh Lord, shouldn't we praying in tongues?

*Pray always in tongues, but pray also with your understanding and enlisting My mother is not like any other prayer, for I have given all things into her hands in intercession. Do not doubt that when you pray the rosary with true intention, focusing on the mysteries of My life, the virtues and the events in My life, You were setting off fuses leading to dynamite under the enemy, under the cages and traps holding down the anointing. You were setting the captives free and launching ministries.*

*Clare, why do you doubt Me? Do not doubt My daughter. I'm revealing to you the power of her intercession. She knows precisely where to set the bomb and when to light the fuse. She is your intercessor par excellence, given the highest honors in heaven. And when she hears you, in your sincere heart, she moves to bless those things most central to your needs, and especially the needs of your destiny and mission. Never doubted, Clare. She is your intercessor, and though she is small in stature, she is mighty in the passing out of the graces I've entrusted to her, and fighting the wars that stand before you. Rest in this. Believe in this, and do not doubt. Show your gratitude to her, for she has done so much for you and this community.*

And at that moment I took a pause, and I said, Wow, Mother, I never thought of it that way.

Jesus answered, *I know, that is why I took time out to tell you. Her heart is so tender towards you and this community, so very tender. She's suffered with you in every possible way.*

You know, guys, the great cloud of witnesses does not have to sit up there in heaven and watch you stumble around and make huge mistakes headed for the abyss. They pray. They are there with God. They're not going to just stand there and watch you. They pray. They intercede and they suffer in their hearts in that they want to be helpful. They empathize with us, and their prayers are powerful.

Okay, the Lord continued, *She knows and is painfully aware of all the details that make your life hard. But she is also so compassionate, and comes to Me regularly to plead for mercy and her prayers are well -founded because you do respond as you should and she loves to speak with you. Would you please consider giving her time?*

Well, in Florida, 40 years ago, She was appearing in our prayer group of medical professionals and military people with a devotion to her. She imparted messages to us that were always about her Son and fidelity to the scriptures, with many admonitions to no longer live worldly lives or be children of the world. But to pay off our debts, repent, and reform our lives, for time was short. Then she reminds us to pray for our nation and the world, and to take care of the poor and the broken hearted. We don't want to be left empty-handed when the Lord comes for His bride.

Of course, Lord, next to speaking with all three of you, it is the greatest honor to be in her presence and receive her instruction.

Jesus continued, *she is not a second -class citizen to Me. From her very flesh and blood I was formed and her sacrifices paralleled mine blow for blow. She is the very jewel of creation and the glory that is yet to come in the sons and daughters of the Kingdom and I do wish for you to cultivate time with her.*

Oh Jesus, it's my pleasure. What an honor.

Your lady, forgive me for not taking you more seriously and not enlisting you as I should.

Then I heard her voice clearly.

She said, *Speak nothing of it.*

*For my son comes before all else and when you honor Him, you honor me. Oh Clare I have so much to say to you, you will be overwhelmed and incredulous if I were to tell you all and that is why I cannot only bits and pieces daughter. It is not your discipline or abilities that qualify you. It is your piteousness, your littleness, your insufficiency, and transparency that make this special relationship possible.*

You know, guys, one of our main purposes is to demonstrate to you that God is not far away, heaven is not far away and they're within reach of our hearts.

Okay, moving on.

*I want to convey to all mankind what my Son can do with just one inadequate, weak, and faulty vessel. I want all to share in the glories of my Son's gifts, but first they must recognize their true state before him and repent then all these things can be added. That truly is our mission now and you're singing and conveying my Son's messages has much to do with this. Will you please buckle down and sing for me?*

I answered her, I want to but stuff happens. Like tonight, which was two days later of this message, my struggling bedridden husband who's been through hell with pain tonight, I run the gauntlet to relieve him up until 11 p .m. And I'm waiting on the Lord to renew my strength, which I just don't have to even begin to work on music.

Our lady continued, *well, now that you are convinced of the futility of information,* here she's referring to my weakness for YouTube news, which most of it is bogus.

*You can devote more to music. You know that you must do with your body, discipline, voice, and perseverance when you least feel like it. Does not the Holy Spirit come through all the time with relief, Clare? Please, would you do this for me? The songs we have given you are from heaven, and they are anointed and needed for aching and confused souls.*

And so I said, I've been thinking about how I have disappointed you with the keyboard, which you provided for me 20 years ago.

She had mentioned something to the Lord that she was disappointed I wasn't using keyboard singing more.

She continued, *yes, I have put this on your heart. You see, this is the Lord and I am speaking with you. You saw the tiny chocolate heart in the kitchen just now. That was your confirmation.*

And by the way, Jesus sends me little hearts of all different kinds when things are tough, they say, I know it's hard. Keep going.

*Clare, beloved daughter, I am quite serious. None of us know when the father will come for you, but what you are found doing in that moment will define much of how you will be positioned and equipped in heaven. So forsake these worldly distractions once and for all, and work for him with all your heart. Whatever you do, work at it with all your heart as working for the Lord, not for human masters.*

That's Colossian 3:23, New International Version.

*Much depends on your faith and obedience, even and especially in the very moment, when things seem most dire and impossible, be faithful, for nothing is impossible to him, and He will, with your cooperation, fulfil all the promises He has made to you.*

And then she was very quiet...
