

THE R.O.L.L.

It's Spring!

Report of Leisure Lake
APRIL 2020

THE PRESIDENT'S POINT

Covid-19 has taken control of our lives, but remember it's temporary. The Board and I still continue to work to improve our neighborhood. With a healthy capital reserve fund, we had money for expenses such as the clubhouse parking lot failure and the roof leaks. Our association is in sound financial shape at present. Violations team has awakened from winter hibernation, and noticed several covenant infractions. If you receive a notice, get it fixed and show your support in keeping Leisure Lake a great place to live. Blessed Easter to everyone.

President Garry

COMMUNITY COMFORT

Neighbors lets comfort together! From 4:30-5:00 during April, let's walk, take your golf cart or sit in your driveway for social-distance chatting. A friendly shout or a wave means a lot when alone all day and sunshine is good for the soul. Let's stand strong as a community and offer support - bring someone a smile!

VOLUNTEERS

A shout out to Beverly Truett and Leah Wilson who volunteered for the Yard of the Month selection team. Also thanks to Jon Hunt who didn't mind getting his feet wet power washing the clubhouse. Still need volunteers for the Beautification Committee, time to get flowers planted!

WATER AEROBICS

Thanks to Kathy Murphy who volunteered to lead water aerobics. Exercise will be announced as soon as the pool is reopened. Looking forward to a dip and a splash!

YARD SALE

Several chose to participate in the spring community yard sale. Social distancing was in order and the association's decision to allow it was appreciated.

MARCH POTLUCK

Kudos to the creative cooks that brought green food to the St. Patrick's day potluck, and thanks to these Shamrock Seven's hosting. Obviously, April potluck is CANCELLED. Hopefully, it can be held in May. Stay tuned!

POOL

Unfortunately, the early opening only lasted a few days until it had to be closed due to the restrictions issued by Baldwin County Health Dept., then Governor Ivey's notice that all commercial pools remained closed until April 17 or possibly later. Our pool is considered commercial because it is for a multi dwelling subdivision. It will reopen as soon as they lift the bans. The new gate security system is just about finished. When the gate is locked up, instructions for an access card will be emailed. If you have questions, call the Help Line and message your board member **Chuck Gentry**, who graciously serves as Pool Manager giving out the cards.

SPRING HAS SPRUNG

All the sunshine and humidity does take a toll on things. Take a look at your house, yard and landscaping as others see it. Things look a bit worn. Mailbox, driveway, porch, house need washing? Broken fixtures, flowerpots, yard art? What else you have got to do...get out in the fresh air and get busy. It is good for the body and spirit.

KEEP INFO CURRENT

There are still several U.S. and e-mails being returned, and phone numbers incorrect. If yours changed since 2019 – or even if you are not sure...call Susan Barbian, Secretary on the Helpline.

YARD OF THE MONTH

Congratulations to **John and Terry Cook**, 22970 Lake South, the first Yard of the Month winner for 2020. Job well done - flowers in full bloom – cute flags! With a little work like they did, you may be the winner of this honorable award.

CLUBHOUSE

The clubhouse remains open and provides a good place to relax. The new “Media Center” provides easy access to the forms, lake and fishing information, financials and the R.O.L.L. Look for the plastic bins on the wall in the office hallway. Browse the library for a book, bring your laptop; WIFI provided - go to www.leisurelake.info and check out the new posts and pics - help yourself to coffee in the kitchen. Watch for nesting birds in the trees.

BOARD MEMBER STEPS DOWN

Thank you to Dave Bernard, who served the first quarter of 2020. His time and talents were a significant contribution and helped accomplish several projects.

Well done, Dave!

Now, the search is on for a replacement to finish his term. If you have an interest in promoting community, we NEED YOU. Call to set up a time to talk about what you would be doing. It might be the thing to fill these long days.

RECIPE FOR BEAUTIFUL YARD

Two cups of pride, cup of energy, cup of boredom, dash of encouragement - yards looking sharp again. Yard light: remember covenants state post and

top must be white for uniformity, (board did not make the rule). White fixtures at Lowes are about \$30; save that bright pink, green and blue paint for flowerpots and yard art, not the light fixture.

OUR BEAUTIFUL LAKE

If you don't think fish are in the lake, check out these lunkers, caught by Billy Puckett with an 8" blue sparkle artificial worm. Why not drag out that fishing rod and wet your line? Lake Chairman Ryland Murden has seen bass beds all around the lake. If you've caught fish, call the Help Line with the

species, size & weight – this helps the Lake Committee and the Extension Agent determine the fish health.

As there have been numerous water moccasins seen at the water's edge recently, the safest place to fish is the gazebo. They normally only attack when threatened. For those living on the lake, use caution walking along the water's edge or on your dock. This one was killed on March 25 and was 4' long.

MAKE IT A GREAT DAY

Do you recognize the feet of a neighbor who got creative and made a relaxing spot for herself? Great job!

“DID YOU KNOW”

April Fool's Day - the custom of setting aside a day for the playing of harmless pranks. Why? In 1582,

France adopted the Gregorian Calendar, which switched the *beginning of the year* from the end of March to the first of January. Folks that would be confusing enough to make a fool out of most anyone!

DATES TO REMEMBER

- April Fool's Day – 1st
- National P-Nut butter & Jelly Day – 2nd
- Palm Sunday – 5th
- Easter Sunday – 12th
- Earth Day – 22nd
