Project NOAH
Food Assistance Program

The Project NOAH Food Assistance Program decreases food insecurity in Silicon Valley. We provide food packages, Shabbat meals, supermarket gift cards, food drives, breakfasts, food pantry, garden donations and more. Volunteers help plan, assemble, and distribute food.

We rely on community donations for gift cards and Shabbat meals for our neighbors in need.

Want to help?
For your next birthday, ask your friends to **skip the gifts**, and donate grocery and gas gift cards for local families who could really use your help. **Your birthday party can restore hope and transform lives.** Long after the other gifts will be gone, you will have the gift you received by helping others.

Support for Project NOAH Comes From:
The Claims Conference, FEMA Emergency Food and Shelter Program, Jewish Silicon Valley, Koret Foundation, Myra Reinhard Family Foundation, Safeway Foundation, and your donations.
