- 9) Adjourn

Welcome & Introductions

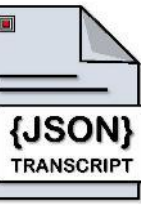

Welcome & Introductions

Overview of Documentation

- [Introduction & Overview](#)
- Announcement & Letter of Intent
- [PESC Policies & Procedures Manual for Standards Development, Approval & Maintenance](#)
- [JSON Transcript Workgroup Homepage](#)

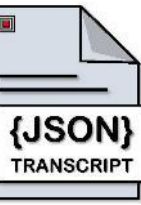

Goal of the Workgroup

The goal of the Workgroup is to develop and propose a candidate JSON Transcript Standard for review and approval as a PESC Approved Standard:

- By operating openly, transparently & respectfully
- By achieving consensus
- By following PESC's Policies & Procedures for Standards Development, Approval & Maintenance

“We pledge to work openly and transparently across all sectors for the greater common good of lifelong learning.”

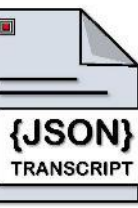

- JSON TRANSCRIPT WORKGROUP PLEDGE

Outputs of the Workgroup

The expected output of the JSON Transcript Standards Development Workgroup (the candidate standard) includes:

- JSON format
- Implementation Guide
- Instance/Example Document

Roles within Workgroup

Participation in the Workgroup is free and open to education stakeholders that agree to PESC's Policies and Procedures for Standards Development, Approval and Maintenance. In being Member-based, should consensus not be achievable and decision-making or voting be needed, voting within the Workgroup is limited to PESC Members.

- Active Participant (everyone in the Workgroup)
- Business (transcript experts w/ option for ad hoc meetings)
- Liaison (representatives from Partners, Sponsors & initiatives)
- Technical (technical experts w/ liaison to JSON Task Force)
- Co-Chairs (w/ reporting to Standards Forum for Education)
