Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances. (Amendment 1, the Consti-

tution of the United States).

The freedom of religion that our forefathers shed blood for granted Christians in America the ability to worship God without fear of persecution. There has never been a nation in all of history that rose to power more quickly than America. Our country was blessed for its huddled masses that had dignity and standards, feared and respected God and were concerned about souls.

Today, standards such as the woman's covering in a dress are hard to find, and the church that Jesus started on the seashores of Galilee has transformed to a lukewarm church with doctrines that oppose the King James Bible. Freedom of religion has become the freedom to wrest scripture, yet, despite all of its opposition the gospel has been preserved. What is the gospel?

The Bible says, *For all have sinned and come short of the glory of God* (Romans 3:23). The price we pay for sin is that we eventually die (Romans 6:23a), as was instituted when Adam and Eve, who were supposed to live forever, sinned. Furthermore, since God will not allow sin into heaven, a **second death** awaits us where our soul goes to hell to burn forever (Revelation 20:15). The gospel then, which is the death, burial and resurrection of Jesus Christ, is the only way to be saved from hell. Jesus paid our sin debt on the cross so we can be washed clean and enter into heaven. By simply asking him to save you, and believing in him with all your heart, you can be 100% sure of heaven. Please say the prayer on the reverse: *For whosoever shall call upon the name of the Lord shall be saved* (Romans 10:13).
