WHOLESALE CATALOG No. 11 1971

## INTRODUCTION

### FELLOW INDUSTRIAL ARTS TEACHERS:

The BINGHAM ARCHERY CO. is owned and operated by an Industrial Arts teacher. This is a wholesale business designed to meet the needs of teachers and explorer leaders who desire to include archery in their shop programs. Students in junior high, senior high, university, and explorer groups can now construct modern recurve bows at a very low cost.

It is the aim of this company, not only to furnish inexpensive materials, but to make available information for the satisfactory construction of bows and arrows. BINGHAM ARCHERY CO. has prepared a fully illustrated booklet showing step by step procedures in laminating and completing a modern recurve bow by using air pressure. These techniques are similar to those used by leading archery manufacturers. Gone are the slow inadequate methods of laminating with clamps and rubber bands. Now, a bow can be laminated in less than one class period.

Included with the booklet on making bows and arrows is a full-scale blue print showing necessary information for construction of bow laminating press, riser shapes, limb shapes, and related information.

**BINGHAM ARCHERY CO. DISCLAIMER:** Bingham Archery Co.'s only obligation shall be to replace such quantity of product proved to be defective. Neither seller or manufacturer shall be liable for any injury, loss or damage, direct or consequential, arising out of the use of or the inability to use the product. Before using, user shall determine the suitability of the product for his intended use, and user assumes all risk and liability whatsoever in connection therewith.

**MAILING INFORMATION:** Postage and insurance will be charged on all orders and will appear on triplicate invoice mailed separately from package. A packing list will be attached to outside of one package, but will not have mailing cost listed. To process postal claims more efficiently, Bingham Archery will insure all postal shipments, charging the same insurance fee as the Postal Dept. Report all damaged items to Bingham Archery for immediate replacement.

In Parcel Post shipments of two or more packages, it is not uncommon for these packages to arrive in different deliveries. Give the Postal Dept. a few extra days to deliver a lost package. If after a few extra days you have not received all of your packages, then notify Bingham Archery. Orders will be shipped by truck when total weight of order cannot be sent by parcel post, or when less expensive. Orders will be sent by Greyhound bus when requested to nearest bus station only. Orders will be mailed promptly, with payment due on or before the 10th day of the following month. All shipments which are not ordered for school programs must be accompanied by check or money order, plus reasonable postage. Please, no C.O.D. Any balance or credit due on cash orders will appear on monthly statement.

**DISCOUNT INFORMATION:** All prices listed represent discounts of 20% to 50%, with most quantity items discounted a great deal more. Prices listed in catalog are net with no additional discounts allowed.

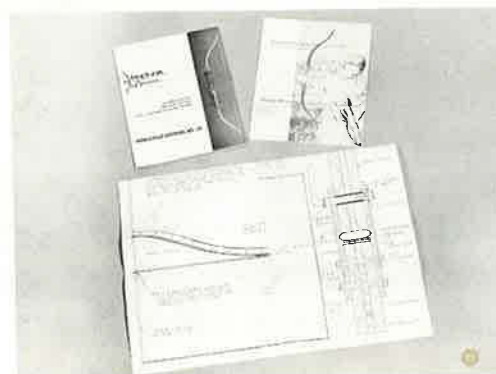

BINGHAM ARCHERY is primarily interested in stocking Archery items that are needed by those who want to make their own archery equipment. However, additional items not shown in catalog are available or can be specially ordered at discount prices.

PRICES SUBJECT TO CHANGE WITHOUT NOTICE.

Yours for better shooting,

ElMont L. Bingham

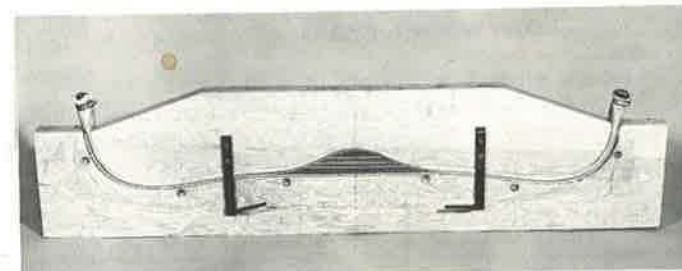

### INSTRUCTIONAL MATERIALS

Complete set of instructional materials for those who want to make up their own bow laminating press for making bows and all related items for an archery program. Set includes catalog, fully illustrated booklet, and a set of blueprints full scale. Free set of instructional materials furnished with first order of 5 or more bow kits and not furnished with each order of kits.

Additional sets of instruction may be purchased at the following prices:

| QUANTITY           | WHOLESALE PRICE |
|--------------------|-----------------|
| 1 to 5 sets .....  | \$2.00          |
| 6 to 11 sets ..... | \$1.75          |
| 12 or more .....   | \$1.50          |

### COMPLETE BOW LAMINATING PRESS

Bow press is a complete unit for building bows. Lower form is designed so press can be used for laminating both taper and parallel laminations. Complete instructions will show you how to build a modern full working recurve bow using air pressure technique. Available in 1 3/4" & 2" thick and 60" hunting length. This laminating press needs a heat oven to cure glue such as illustrated on this page. Various laminating presses available upon request. Please allow about two weeks to deliver.

WHOLESALE PRICE: \$55.00

**NOTICE: A NEW ELECTRIC LAMINATING PRESS WILL BE AVAILABLE AT A LATER DATE AFTER SUFFICIENT EXPERIMENTING HAS BEEN COMPLETED.**

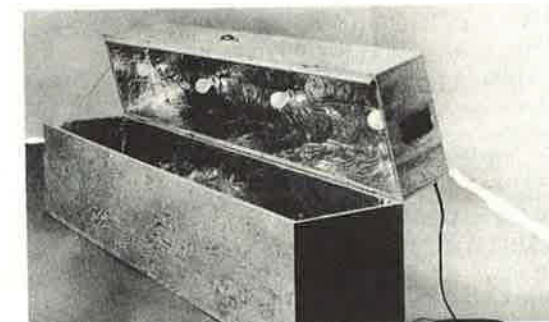

### BOW LAMINATING PRESS KIT

Bow laminating press kit is designed to furnish all the metal parts and inflating parts necessary to construct the bow laminating press. This kit does not include the wood parts — upper and lower molds. Kit includes fully illustrated booklet, full scaled blueprint and catalog, complete set for locking lower and upper molds together, hose clamps, tube, hose, pressure strip and any new information that may be helpful.

**WHOLESALE PRICE: \$14.95 per LAMINATING PRESS KIT**

### INDIVIDUAL PARTS TO BOW LAMINATING PRESS KIT

|                         |        |
|-------------------------|--------|
| Locking mechanism ..... | \$5.50 |
| Hose plug set .....     | \$4.50 |
| Tube .....              | \$2.75 |
| Hose .....              | \$2.50 |
| Pressure strip .....    | \$.75  |

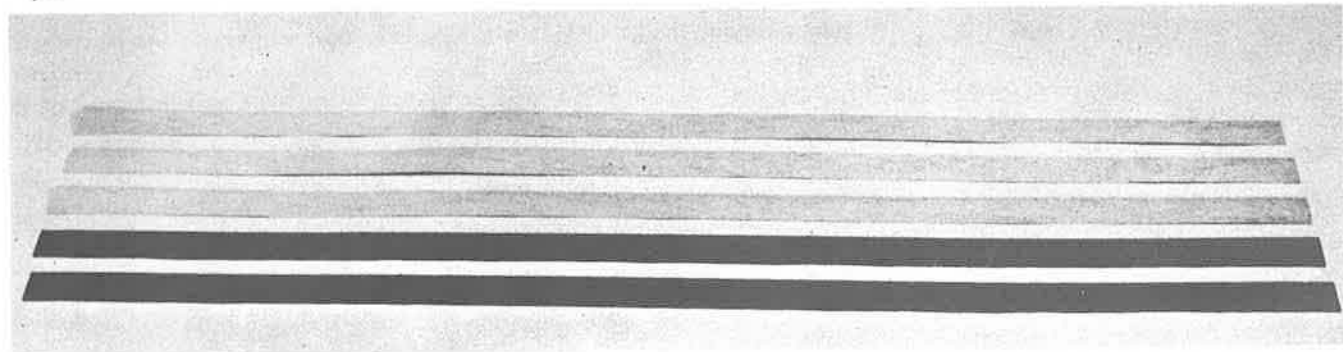

### BOW LAMINATING OVEN

Laminating oven is needed to get proper heat cure when bow is under pressure in the laminating press. Oven temperature is controlled by heat bulbs that insure a great measure of safety from fire hazards. Oven constructed from 3/4" fir ply for strength and good insulation. Inside insulated with foil to reflect heat evenly. Large enough to hold two laminating presses. Size: 16" wide, 24" high and 78" long.

WHOLESALE PRICE: \$49.50

**BOW KIT #1 (BO-TUFF HI-HEAT)**

Bo-Tuff Hi-Heat is the top grade bow fiber glass and is used by leading archery manufacturer's. This is the highest quality obtainable and is the most popular type of glass for those who want the best. Bingham Archery sells this as #1 or #2 bow kit. This glass can be used for weights up to 75 lbs. pull with no problems.

Bow kit includes 2 strips of Hi-Heat Fiber Glass 1 3/4" wide .050" thick and 69" long. Maple veneer laminations are available in .020", .038", and .050" thick. Checkbow weight chart for choosing total veneer thickness. Bow kit does not include riser (handle) or glue. These may be ordered separately from this catalog. Note 1 1/2 pts. of epoxy glue will laminate approximately 3 or 4 bows. Use only the epoxy glue listed in this catalog for best results. Laminate bow in temperatures of 180 degrees F.

AVAILABLE COLORS: White, black, green, and brown only.

BOW WEIGHTS: 25 lbs. to 60 lbs. Specify desired bow weight within 5 lbs., bow length and color. Use bow weight chart on this page to determine total veneer thickness. If you will indicate bow weight and bow length, then proper laminations can be packaged to your choice.

| QUANTITY      | WHOLESALE PRICE |
|---------------|-----------------|
| 1 to 4 kits   | \$9.50 per kit  |
| 5 to 9 kits   | \$9.00 per kit  |
| 10 to 19 kits | \$8.50 per kit  |
| 20 to 29 kits | \$8.00 per kit  |
| 30 or over    | \$7.50 per kit  |

NOTE: Discounts are counted on each order only.

**HI-HEAT BOW GLASS ONLY**

(.050" x 1 3/4" x 69")

| QUANTITY        | WHOLESALE PRICE   |
|-----------------|-------------------|
| 1 to 9 strips   | \$4.25 each strip |
| 10 to 19 strips | \$4.00 each strip |
| 20 to 39 strips | \$3.75 each strip |
| 30 to 59 strips | \$3.50 each strip |
| 60 or more      | \$3.25 each strip |

**2" BOW GLASS AVAILABLE UPON REQUEST**

**MAPLE VENEER ONLY**

(.020", .038", and .050")

|                    |                  |
|--------------------|------------------|
| 1 3/4" wide        | \$ .35 per strip |
| 100 or more strips | \$ .30 per strip |

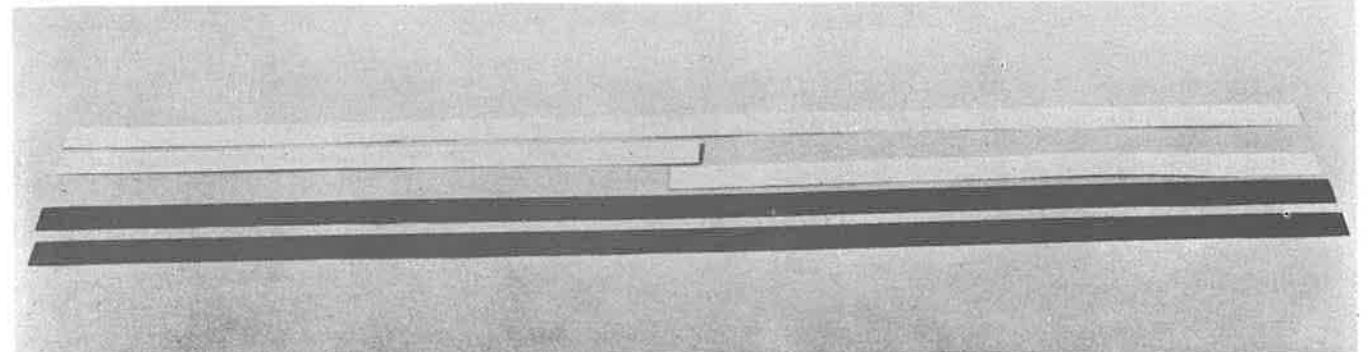

**BOW WEIGHT CHART**

The new HI-HEAT bow glass is available in a thickening of .050" to give a better arrangement in bow weights. Veneers may vary in thickness from shipment to shipment so the micrometer is the only way to be sure in measuring total veneer thicknesses.

| TOTAL VENEER THICKNESS | 56" RISER | 60" RISER | 66-69" RISER |
|------------------------|-----------|-----------|--------------|
| .090"                  | 32-36#    | 26-30#    | 22-26#       |
| .100"                  | 37-41#    | 32-36#    | 28-32#       |
| .110"                  | 44-46#    | 38-42#    | 34-36#       |
| .120"                  | 53-57#    | 45-49#    | 39-43#       |
| .130"                  | 60-64#    | 50-54#    | 44-48#       |
| .140"                  | 70-80#    | 58-62#    | 50-54#       |

NOTE: Any change in bow design, riser length or bow length will change pull of bow. It is wise to keep records of each bow design.

NOTE: 2" Bo-Tuff Glass available upon request at \$1.35 extra per kit.

**BOW KIT #2 (BO-TUFF HI-HEAT)**

Bow kit #2 is the same high quality glass as kit #1. However, when using taper maple laminations as in kit #2 it is necessary to convert lower mold of laminating press to adjust to the changing pressures caused by taper laminations. The pair of taper laminations each 36" long when laminated into a bow cause a change of pressure with the butt ends thicker at the center of the bow form and thinner towards bow riser tips. This tapering effect will not allow for complete pressure for the length of the riser area unless lower form has a taper lamination build into it in reverse to taper in bow. To convert lower mold for taper laminations but thin ends of taper laminations in center of lower mold and glue between mold and formica strip. Check blueprint for information. This conversion will allow both taper and maple laminations to be used in bow laminating.

Bow kit #2 includes the same as bow kit #1, except 1 3/4" taper laminations have been substituted in the place of two veneers. This kit includes 2 Hi-Heat laminations 69" long x 1 3/4" wide, .050" thick with 1 long veneer 1 3/4" x 69" long and 1 pair of taper laminations each 1 3/4" x 36" long.

Taper laminations will assure a more even distribution of stress along a bow limb and will give a longer lasting life to bow. Also, the butte ends can be cut off at various lengths to further adjust to various bow weights. Check Bow weight chart to determine lamination thickness or order by bow weight and bow length and proper thicknesses will be packaged to your needs.

SPECIFY: White, Black, Green, or Brown only.

| QUANTITY      | WHOLESALE PRICE |
|---------------|-----------------|
| 1 to 4 kits   | \$10.15 per kit |
| 5 to 9 kits   | \$ 9.65 per kit |
| 10 to 19 kits | \$ 9.15 per kit |
| 20 to 29 kits | \$ 8.65 per kit |
| 30 or more    | \$ 8.15 per kit |

**TAPER MAPLE EDGE GRAINED LAMINATIONS ONLY (1 3/4")**

.090", .100", .110" and .120" - 36" long

WHOLESALE PRICE:

\$1.30 Per Pair Taper .002" per running inch.

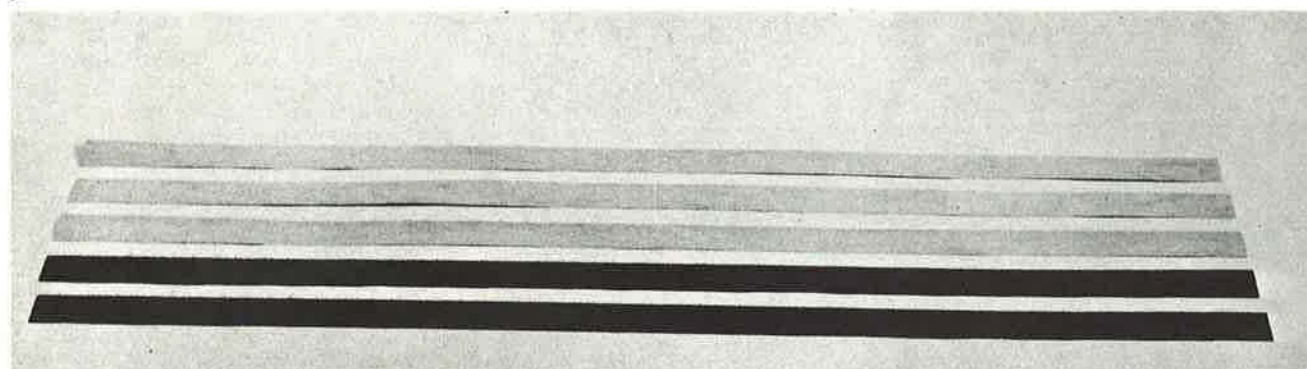

**PARALLEL EDGE GRAINED MAPLE LAMINATIONS**

.030", .040", .050" (1 3/4") 36" long

\$1.20 per pair

**BOW WEIGHT CHART**

| 1 Pr. Taper Laminations .110" with .050" veneer.   | 54-58#               | 48-52#               | 44-48#                  |
| 1 Pr. Taper Laminations .120" with .050" veneer.   | 60-64#               | 54-58#               | 50-54#                  |

**BOW KIT #3 (POLY POXY BO-TUFF)**

Poly Poxy Bo-Tuff fiber glass is a glass developed by manufacturer for those who want a less expensive glass for lighter bows. This is a good glass but with limitations. This should not be used in bows over 50 lbs. pull when using parallel maple veneers. This glass can be used in bows up to 55 lbs. pull when using taper maple laminations in limb constructions.

Poly Poxy fiber glass is limited in length available in 66" only, 2" wide only and .040" thick. Although this glass is less in thickness than the Hi-Heat glass, the 2" wider laminations will produce about the same bow weight as the 1 3/4" Bo-Tuff Hi-Heat glass.

**CAUTION:** In order to use this wide type glass, you should widen your laminating press from 1 3/4" width to 2" width. The wider bow will allow more room for a better proportioned limb and for various riser shapes. 2" laminations can be used on a 1 3/4" press if care is taken to allow laminations to overlap 1/8" on both sides of mold.

Poly Poxy kit #3 includes two strips of Poly Poxy bow glass 2" x .040" x 66" long with three 2" maple veneers 66" long and the proper thickness for desired bow weight. Check kit for maple laminations or indicate desired bow weight, length, and the kits will be packaged to the proper weight. Poly Poxy bow glass using maple veneer is designed for bows up to 50 lbs.

**COLORS:** Oxford black, green, brown and ivory.

Specify bow weight, color and bow length.

| QUANTITY         | WHOLESALE PRICE |
|------------------|-----------------|
| 1 to 4 kits      | \$7.00 per kit  |
| 5 to 9 kits      | \$6.50 per kit  |
| 10 to 19 kits    | \$6.00 per kit  |
| 20 to 29 kits    | \$5.50 per kit  |
| 30 and over kits | \$5.00 per kit  |

**POLY POXY BOW GLASS ONLY**

2" wide, .040" thick, .66" long.

**COLORS:** Oxford black, green, brown and ivory.

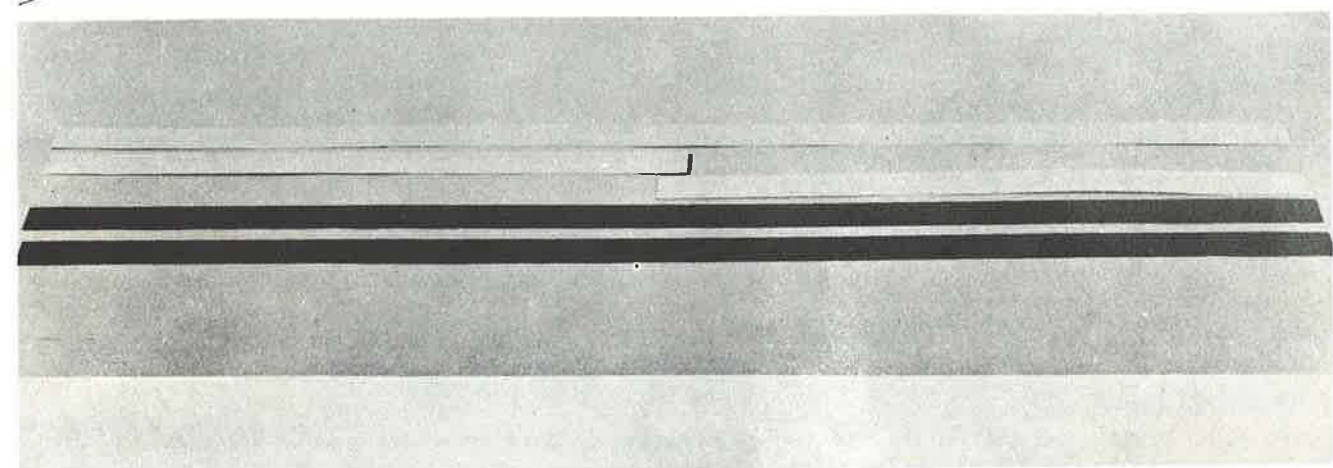

| QUANTITY          | WHOLESALE PRICE |
|-------------------|-----------------|
| 1 to 9 strips     | \$3.00 each     |
| 10 to 19 strips   | \$2.75 each     |
| 20 to 39 strips   | \$2.50 each     |
| 40 to 59 strips   | \$2.25 each     |
| 60 or more strips | \$2.00 each     |

**MAPLE VENEER ONLY 2"**

Available in .020", .038", and .050", 66" and 72" long.

|              |                  |
|--------------|------------------|
| Any quantity | \$ .35 per strip |
| 100 or more  | \$ .30 per strip |

| BOW WEIGHT CHART  |           |           |  |
|---|-----------|-----------|--|
| Veneers may vary in thickness, so, it is wise to keep records of total thickness of maple veneer to determine bow weights. If micrometer is available then total thicknesses can be determined by using combinations of veneer thickness. |           |           |  |
| TOTAL VENEER THICKNESS  | 56" RISER | 60" RISER |  |
| .090"   | 32-36#    | 26-30#    |  |
| .100"   | 37-41#    | 32-36#    |  |
| .110"   | 44-46#    | 38-42#    |  |
| .120"   | 53-57#    | 45-49#    |  |
| .130"   | 60-64#    | 50-54#    |  |
| .140"   | 70-80#    | 58-62#    |  |

**BOW KIT #4 (POLY-POXY BO-TUFF)**

This kit is the same as kit #3 except taper laminations have been substituted for two of the full length maple veneers. Kit includes 2" Poly Poxy bow glass, 1 pr. of taper 2" laminations each 36" long, and 1 full length veneer 2" x 66".

**CAUTION:** Please note that laminating press must be designed for taper laminations. Poly Poxy bow glass with taper maple laminations is designed for bows up to 55 lbs.

**COLORS:** Oxford black, brown, green, and ivory.

Specify bow weight, length and color.

| QUANTITY         | WHOLESALE PRICE |
|------------------|-----------------|
| 1 to 4 kits      | \$7.65 per kit  |
| 5 to 9 kits      | \$7.15 per kit  |
| 10 to 19 kits    | \$6.65 per kit  |
| 20 to 29 kits    | \$6.15 per kit  |
| 30 and more kits | \$5.65 per kit  |

**POLY POXY BOW GLASS ONLY 2"**

| 1 pr. Taper laminations .120" with 1 .050" veneer.  | 60-64#            | 54-58#            |  |

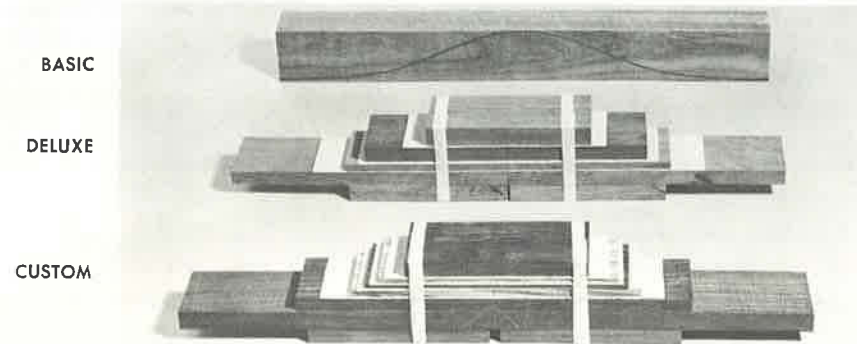

#1 style Riser Kit

#2 style Riser Kit

**RISER KITS:** Please note that Bingham Archery now has available three selections of riser kits and two styles. These kits are available in 20", 24", and 30" lengths.

**BASIC ECONOMY RISER KIT.** This kit is a solid block of exotic wood (Shedua) with a dark brown contrasting grain used by leading manufacturer's in their top line of bows. This comes in 2" x 3" in 20" and 24" lengths and 2" x 3 1/2" in the 30" length. This block may be cut to any style of riser using the cut away pcs for necessary overlays.

**DELUXE LAMINATED RISER KIT:** This kit is cut, jointed, and packaged with a selection of bubinga (African Rose Wood), zebra wood, shedua, and some contrasting India rose woods as feature strips. Maple veneer will be used to accent and show contrast for the most in beauty. Riser is ready for laminating. Risers will be packaged in several variations for greater interest.

**CUSTOM LAMINATED RISER KIT:** This kit will be the same kit as the deluxe kit but with more East India Rosewoods used and packaged to the selection of woods requested. These woods are the ones used in bows that sell for \$150.00 to \$250.00 by leading manufacturer's. You may send drawing of special riser arrangements for your own personal bow. Price will be as listed below as long as requests are within reason.

| QUANTITY   | BASIC ECONOMY RISER KIT |        |        | DELUXE LAMINATED RISER KIT |        |        | CUSTOM LAMINATED RISER KIT |        |        |
|------------|-------------------------|--------|--------|----------------------------|--------|--------|----------------------------|--------|--------|
|            | 20"                     | 24"    | 30"    | 20"                        | 24"    | 30"    | 20"                        | 24"    | 30"    |
| 1 to 4     | \$2.40                  | \$2.90 | \$4.00 | \$3.30                     | \$3.90 | \$5.80 | \$4.30                     | \$5.20 | \$6.80 |
| 5 to 9     | \$2.30                  | \$2.80 | \$3.90 | \$3.20                     | \$3.80 | \$5.70 | \$4.20                     | \$5.10 | \$6.70 |
| 10 to 19   | \$2.20                  | \$2.70 | \$3.80 | \$3.10                     | \$3.70 | \$5.60 | \$4.10                     | \$5.00 | \$6.60 |
| 20 to 29   | \$2.10                  | \$2.60 | \$3.70 | \$3.00                     | \$3.60 | \$5.50 | \$4.00                     | \$4.90 | \$6.50 |
| 30 or more | \$2.00                  | \$2.50 | \$3.60 | \$2.90                     | \$3.50 | \$5.40 | \$3.90                     | \$4.80 | \$6.40 |

Note: Kits may be mixed to get quantity price. 20" length will function for 56" 24" for 60" bow and 30" for 66" or 68" bow.

**EBONY PLASTIC RISER MATERIAL:** Special riser material now available in plastic material that can be sawed and sanded much like wood. Ideal for feature strips and custom work. Available in black. Cost \$4.00 per strip. Limited to feature strips 3/4" x 24" x 2 1/4".

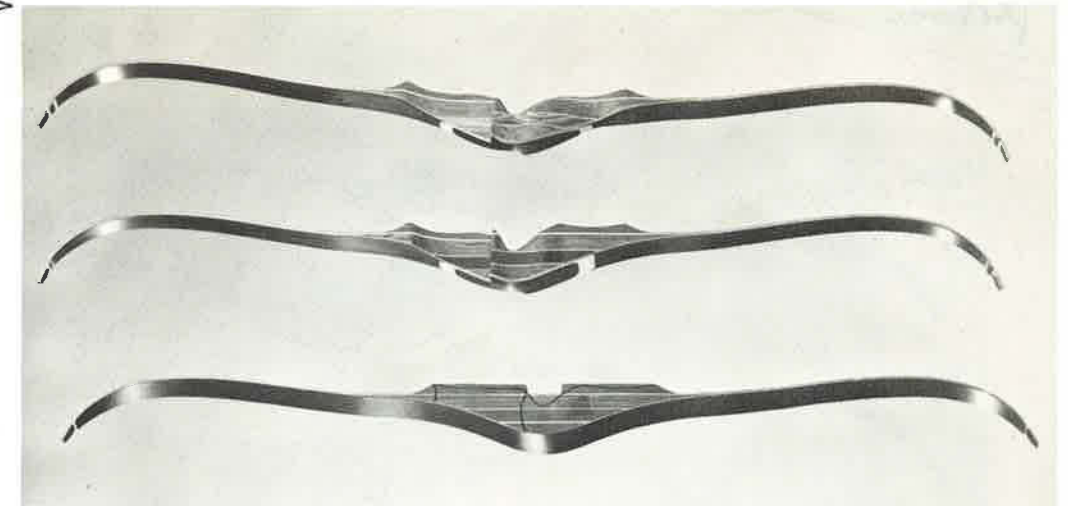

**OVERLAY MATERIALS:** Fiber glass pcs in short lengths available. Colors same as bow glass. 12" strips .35 each. 6" strip .15 each. Available in Hi-Heat or Poly Poxy.

CUSTOM

DELUXE

BASIC

**STANDARD BASIC HUNTING BOW (Semi-Finished)**

Bow is constructed from 2" Poly-Poxy bow glass using 1 pair of tapered edged grained maple laminations and 1 full length veneer designed to give very fast and stable full working recurve limbs. Riser section (handle) is laminated with at least five contrasting colors of exotic, imported woods for the most in strength and beauty. Limbs are tillered, shaped, and weighed at 28" draw. Only the corners need to be rounded off on the limbs in preparation for the application of finish. Riser section is traced for suggested shape with all shaping yet to be done by purchaser. Overlays have been laminated to face side of riser section. Bow is available in three hunting lengths - 56", 60", and 66". String and arrow rest is included in price of bow. Complete instructions for completing bow included. 66" bow comes with Hi-Heat glass.

**COLORS:** Oxford black, brown, or green. Bows are stock piled during slack season, so please state second choice in color. Bow weights 30 to 55 lbs., specify in five pound increments. 60# bows or over \$2.00 extra.

**SPECIFY:** Bow length, bow weight, and color. Specify right or left hand.

| QUANTITY    | 56"     | 60"     | 66"     |
|-------------|---------|---------|---------|
| 1 to 4 bows | \$20.00 | \$21.00 | \$25.00 |
| 5 to 9 bows | 19.00   | 20.00   | 24.00   |
| 10 or more  | 18.00   | 19.00   | 23.00   |

**STANDARD DELUXE HUNTING BOW (Semi-Finished)**

Deluxe hunting bow is the same as the Basic Hunting bow listed above, but with additional work completed. Deluxe bow comes with sight window and general handle shape band-sawed out. Overlays have been laminated to riser section on back side and at bow limb tips with contrasting pieces of fiber glass. This bow can now be finished without the use of power machines if need be. Only a wood rasp and sandpaper is needed to prepare bow for application of finish.

**SPECIFY:** Bow length, bow weight and color. Specify right or left hand.

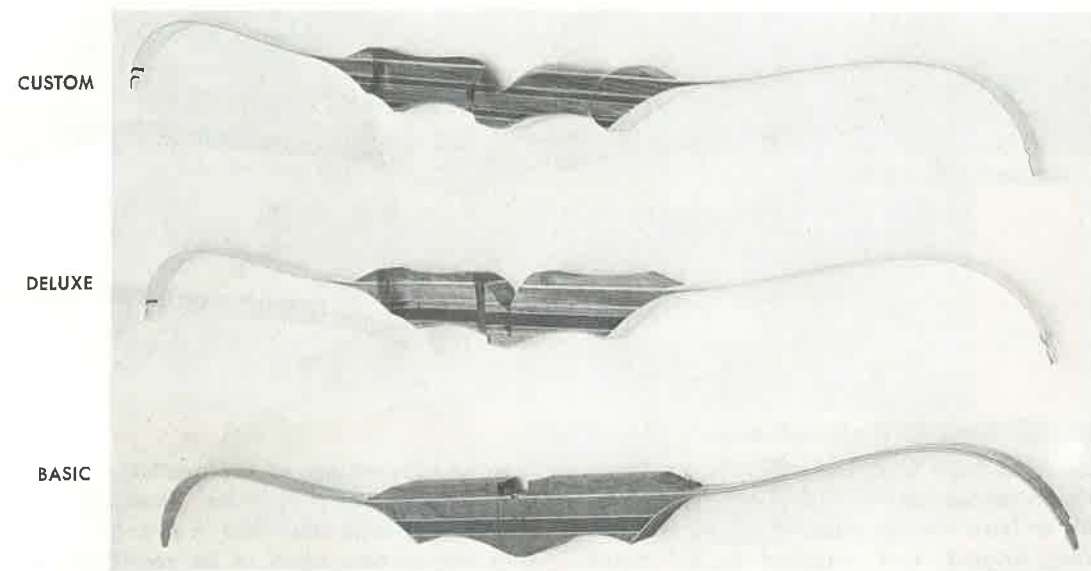

| QUANTITY    | 56"     | 60"     | 66"     |
|-------------|---------|---------|---------|
| 1 to 4 bows | \$24.00 | \$25.00 | \$29.00 |
| 5 to 9 bows | 23.00   | 24.00   | 28.00   |
| 10 or more  | 22.00   | 23.00   | 27.00   |

**STANDARD CUSTOM HUNTING BOW (Semi-Finished)**

Custom hunting bow is the same as the Deluxe Hunting Bow with a great deal of additional work completed. The riser section has been completely shaped. String grooves have been filed. This bow can be completed with only sanding and application of finish yet to be done by purchaser. A very good bow for the instructor to show students how bow should be shaped. Bow in limited stock. Please give a few days for delivery.

**SPECIFY:** Bow weight, bow length, color and left or right hand.

| QUANTITY    | 56"     | 60"     | 66"     |
|-------------|---------|---------|---------|
| 1 to 4 bows | \$28.00 | \$29.00 | \$33.00 |
| 5 to 9 bows | 27.00   | 28.00   | 32.00   |
| 10 or more  | 26.00   | 27.00   | 31.00   |

**BASIC TARGET BOW (Semi-Finished)**

The 68" length is designed for the tournament shooter who wants the very best in accuracy. Limbs are smooth, fast action, full working recurves constructed from 2" Hi-Heat glass, 1 pair of taper laminations, and 1 full length veneer. Riser is laminated from several contrasting colors of exotic hard woods to give the most in beauty and strength. Riser section is traced with suggested shapes ready to be band-sawed. Limbs need only the corners rounded off and the string groove to be filed. Arrow rest and string furnished with bow. Bow weights are 25 to 60 lbs. in five lb. increments.

COLOR: 68" bow in White or Black.

|                 |            |              |
|-----------------|------------|--------------|
| 1-4 bows        | 68" length | \$30.00 each |
| 5-9 Bows        | 68" length | 29.00 each   |
| 10 or more bows | 68" length | 28.00 each   |

**DELUXE TARGET BOW (Semi-Finished)**

Deluxe Bow is the same as the Basic Bow with additional work completed. Sight window and riser shape have been cut out with band-saw. Overlays have been laminated to limb tips and to the back side of the riser section with contrasting fiber glass to furnish a very rich design to bow. This bow may be shaped with only rasp and sandpaper in preparation for application of finish. Specify bow weight.

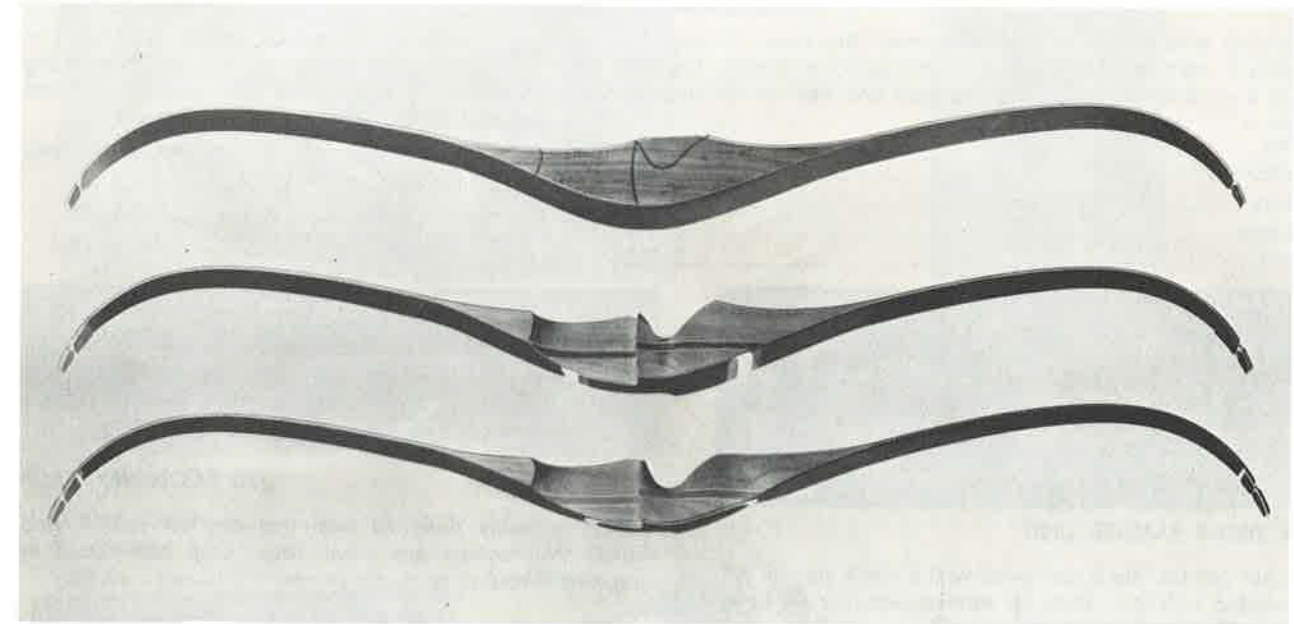

|                 |            |              |
|-----------------|------------|--------------|
| 1-4 bows        | 68" length | \$35.00 each |
| 5-9 bows        | 68" length | 34.00 each   |
| 10 or more bows | 68" length | 33.00 each   |

**CUSTOM TARGET BOW (Semi-Finished)**

Custom bow is the same as the Deluxe bow but with a great deal more work completed. String grooves have been filed, riser section has been completely shaped ready for sanding. Stabilizer insert if desired. If bow is sanded and completed with great care, this bow will compare with bows selling for \$125.00 to \$175.00.

SPECIFY: Bow weight.

|                 |            |              |
|-----------------|------------|--------------|
| 1-4 bows        | 68" length | \$40.00 each |
| 5-9 bows        | 68" length | 39.00 each   |
| 10 or more bows | 68" length | 38.00 each   |

**52" HUNTER SPECIAL (Semi-Finished)**

Bingham Archery is proud to introduce a new line of bows for the person who enjoys the short fast bow. This design is now available at a very low price considering the quality and performance built into this very popular model. Bow is designed with deflexed limbs and recurved to give maximum performance without stacking at normal draw length. Limbs use tapered maple laminations and Poly Poxo glass. Hi-Heat glass available for \$2.00 extra. Bow weights up to 55 lbs.

**BASIC 52" HUNTER SPECIAL (Semi-Finished)**

Basic bow comes with solid exotic wood riser. Limbs are tillered and shaped with nocks filed for string. Riser is traced with suggested shape. Band sawing and shaping of riser to be completed by purchaser. String, arrow rest and illustrated instructions furnished for price of bow. Bow weights up to 55 lbs. For bow weight above 55 lbs. order Hi-Heat glass.

|                 |                 |                 |                 |
|-----------------|-----------------|-----------------|-----------------|
| QUANTITY        | 1 to 4 bows     | 5 to 9 bows     | 10 or more bows |
| Wholesale price | \$20.75 per bow | \$19.75 per bow | \$18.25 per bow |

**DELUXE 52" HUNTER SPECIAL (Semi-Finished)**

Deluxe bow comes with added features and work completed. Riser is laminated from Rose wood including feature strips of East India rose wood. Riser is cut out to suggested shape with only the final shaping to be done with wood rasp. Sanding and applications of finish to be completed by purchaser. Bow weights up to 55 lbs. Order Hi-Heat glass for bows over 55 lbs.

|                 |             |             |                 |
|-----------------|-------------|-------------|-----------------|
| QUANTITY        | 1 to 4 bows | 5 to 9 bows | 10 or more bows |
| WHOLESALE PRICE | \$24.75     | \$23.75     | \$22.75         |

**CUSTOM 52" HUNTER SPECIAL (Semi-Finished)**

Custom bow comes with additional work completed from the Deluxe stage. Riser section is completely shaped with only sanding and application of finish to be completed by purchaser. Both Deluxe and Custom come with string, arrow rest and instruction material furnished with price of bow. Bow weights up to 55 lbs. pull. Add \$2.00 for bow weights over 55 lbs.

|                 |                 |                 |                 |
|-----------------|-----------------|-----------------|-----------------|
| QUANTITY        | 1 to 4 bows     | 5 to 9 bows     | 10 or more bows |
| WHOLESALE PRICE | \$28.75 per bow | \$27.75 per bow | \$26.75 per bow |

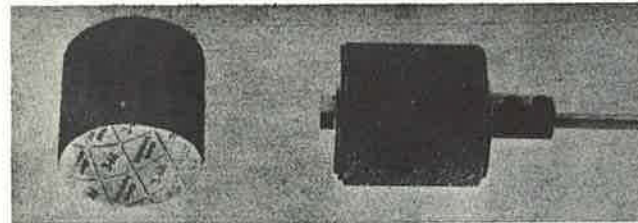

### EPOXY GLUE

The only glue to use for laminating bows and risers. Packaged in two parts. Mix 2 parts epoxy resin with 1 part epoxy hardener. 1 1/2 pints will laminate 3 or 4 bows. Epoxy can be used one year to the next with no shelf life.

| QUANTITY      | WHOLESALE PRICE |
|---------------|-----------------|
| 1 1/2 gallons | \$17.95         |
| 3 Quarts      | \$10.45         |
| 1 1/2 quarts  | \$ 5.85         |
| 1 1/2 pints   | \$ 3.50         |

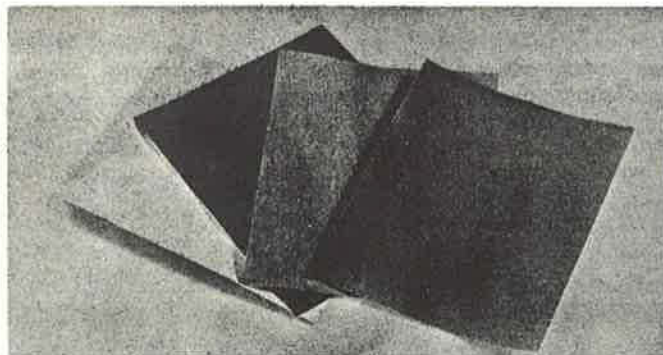

### DELTA DRUM SANDER UNIT

Sander unit fits into a drill press with a chuck size of 1/2". Rod included with unit. Ideal for sanding accurate feathered tapers on risers (Bow Handles).

Unit with rod .....\$9.95 each

Extra 3" x 3" Aluminum oxide sanding sleeves.

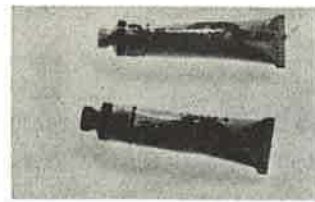

| QUANTITY           | WHOLESALE PRICE |
|--------------------|-----------------|
| 1 to 5 sleeves     | \$ .50 each     |
| 6 to 11 sleeves    | \$ .45 each     |
| 12 or more sleeves | \$ .40 each     |

### SANDPAPER 9" x 11" sheets

Abrasive materials for sanding bow in several grit sizes. Garnet open coat abrasives and Silicon Carbide (wet or dry).

| GRIT SIZE                 | WHOLESALE PRICE  |
|---------------------------|------------------|
| #80 grit garnet           | \$ .07 per sheet |
| #80 grit garnet           | \$ .75 per doz.  |
| #120 grit garnet          | \$ .07 per sheet |
| #120 grit garnet          | \$ .75 per doz.  |
| #180 grit silicon carbide | \$ .12 per sheet |
| #180 grit silicon carbide | \$1.40 per doz.  |
| #280 grit silicon carbide | \$ .12 per sheet |
| #280 grit silicon carbide | \$1.40 per doz.  |

### TUBES OF EPOXY GLUE

Small quantities of epoxy glue in two tubes. Not recommended for laminating bows. Use for small jobs such as overlays and glass arrow inserts and points.

| QUANTITY      | WHOLESALE PRICE |
|---------------|-----------------|
| 1 to 4 pairs  | \$.80           |
| 5 to 11 pairs | \$.75           |
| 12 or more    | \$.70           |

### #50 BOW RASP

#50 specially designed rasp that can cut smooth and sharp. Will outlast any other rasp. One half round in shape. #10 rasp at economy price.

#50 \$4.75 each

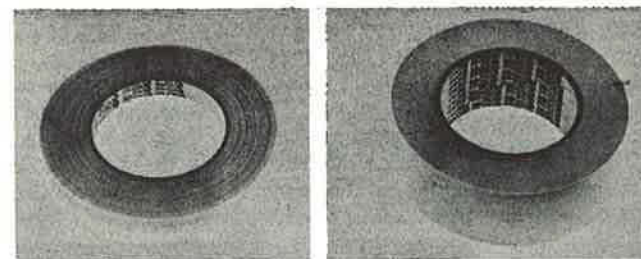

### #10 ECONOMY RASP

#10 \$2.75 each

### 6" ROUND FILE

The right file for shaping bow nocks and string groves. Do not order 4" size as this size is not the best for bow work.

WHOLESALE PRICE  
\$ .75 each

### MASKING AND FILAMENT TAPE

2" and 1 3/4" masking tape is used for protecting surfaces of bow glass from glue. 3/8" filament tape is used for fastening laminations down to lower form.

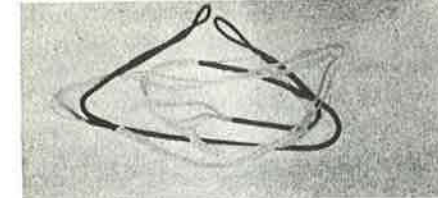

| SIZE                | WHOLESALE PRICE |
|---------------------|-----------------|
| 3/8" filament tape  | \$1.25          |
| 1 3/4" masking tape | \$1.50          |
| 2" masking tape     | \$1.60          |

### BOW FINISH (New Type)

The best bow finish available. This is a catalytic varnish. Suitable for spray gun application. Dries rapidly. Available in gallon and quart. Use synal thinner for thinning. Lacquer thinner good for cleaning.

| QUANTITY               | WHOLESALE PRICE |
|------------------------|-----------------|
| 1 gallon finish        | \$7.50 per gal. |
| 1 qt. finish           | \$2.50 per qt.  |
| 1 gallon synal thinner | \$3.50 per gal. |

### BOW STRINGS

Dacron strings with nylon serving waxed. Available in 48", 50", 52", 54", 56", 58", 60", 62", 64", 66", 68", 69", 70", and 72". NOTE: Strings are ordered by the bow length not the actual length of string.

| QUANTITY           | WHOLESALE PRICE |
|--------------------|-----------------|
| 1 to 5 strings     | \$.95 each      |
| 5 to 9 strings     | \$.85 each      |
| 10 or more strings | \$.75 each      |

### DACRON BOW STRING

Prewaxed string for making bow strings. One spool will make about 25 strings. New stronger type.

| QUANTITY         | WHOLESALE PRICE |
|------------------|-----------------|
| 1 spool          | \$2.20 each     |
| 2 spools         | \$2.10 each     |
| 5 or more spools | \$1.95 each     |

### BOW STRINGER

A device for stringing bow to assure both limbs will bend uniformly. Excellent for unfinished and heavy bows.

| QUANTITY   | WHOLESALE PRICE |
|------------|-----------------|
| 1 to 5     | \$2.00 each     |
| 6 to 11    | \$1.90 each     |
| 12 or more | \$1.80 each     |

### STRING WAX

Used to prepare bow strings and to prevent fraying of strings.

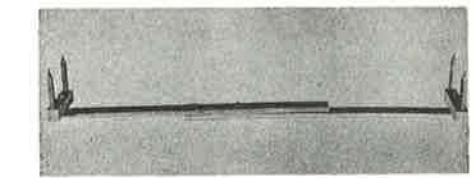

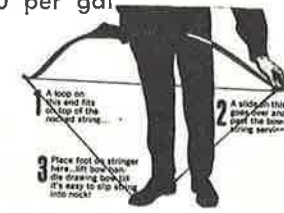

| QUANTITY   | WHOLESALE PRICE |
|------------|-----------------|
| 1 to 5     | \$.20 each      |
| 6 to 11    | \$.18 each      |
| 12 or more | \$.16 each      |

### SPRAY CAN BOW FINISH

Polyurethane spray can is easy to apply. Only pressure can with fan shaped spray pattern. Available in pint size only.

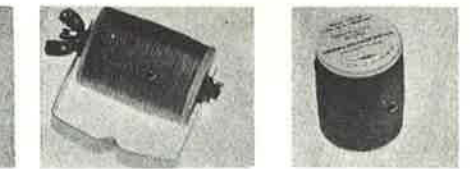

| QUANTITY         | WHOLESALE PRICE |
|------------------|-----------------|
| 1 to 5 pints     | \$1.95 each     |
| 6 to 11 pints    | \$1.85 each     |
| 12 or more pints | \$1.75 each     |

### STRING JIG

A device for making strings. Adjustable for any length string.

WHOLESALE PRICE  
\$6.50 each

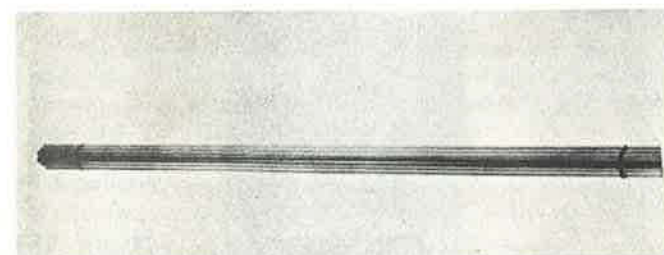

### STRING SERVING JIG

Jig for serving loops and reinforced areas in making bow strings. Jig and 1 spool included. Extra thread: White, red, yellow, black, green, blue.

| QUANTITY   | JIG    | EXTRA SPOOL |
|------------|--------|-------------|
| 1 to 5     | \$1.60 | \$.68       |
| 6 to 11    | \$1.50 | \$.64       |
| 12 or more | \$1.40 | \$.60       |

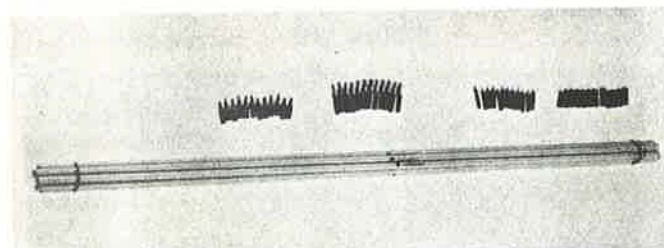

**PORT ORFORD CEDAR SHAFTS**

Select shafts available in 5/16" diameter for bow weights under 40 lbs. pull. All weights over 40 lbs. pull order 11/32" diameter. Order 5 lbs. heavier for hunting. Shafts spine tested within 5 lbs. range. Specify bow weight and draw length when ordering shafts.

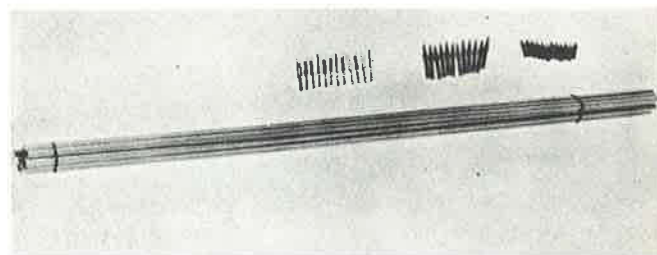

| QUANTITY                 | WHOLESALE PRICE |
|--------------------------|-----------------|
| 1 to 4 doz. <i>3 doz</i> | \$1.80 per doz. |
| 5 to 8 doz.              | \$1.60 per doz. |
| 100 shafts               | \$11.25 per 100 |
| 500 shafts               | \$10.25 per 100 |
| 1,000 shafts             | \$84.00         |

**GORDON GLASS HUNTING SHAFT**

Hunter special glass shafts include nocks, nock inserts, target points or hunting inserts. Add 5 lbs. spine to shafts ordered for hunting. Specify bow weight and length of draw. Specify target point or hunting insert. Colors: White, yellow, or tan. 45, 55, 65, and 75 lbs. only.

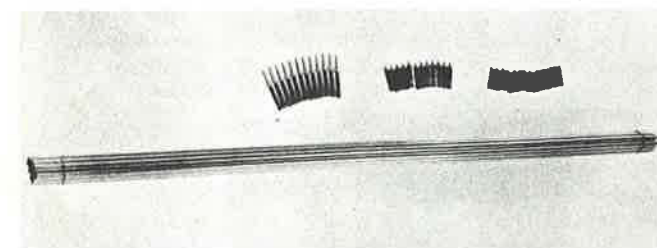

| QUANTITY                      | WHOLESALE PRICE |
|-------------------------------|-----------------|
| 1 to 9 doz.                   | \$6.96          |
| 10 to 19 doz.                 | \$6.46          |
| 20 doz. or more               | 5.96            |
| Extra nock inserts plastic    | \$.60 per doz.  |
| Extra target points           | \$.96 per doz.  |
| Extra hunting inserts plastic | \$.60 per doz.  |
| Extra hunting inserts metal   | \$1.20 per doz. |
| Extra nock inserts metal      | \$.96 per doz.  |

**BING GLASS SHAFTS**

Gordon glass shaft that can be used for both target and hunting. A economy glass but so near perfect that rolling these on a glass surface shows very little, if any, wobble. The ideal shaft for the average shooter and for the hunter who wants real quality. These shafts are the best value available. Specify bow weight and draw length. Order 5 lbs. heavier for hunting shafts. Shaft available with target point or hunting or field insert. Nocks, target points or hunting-field insert included with price of shafts. Use epoxy glue for installing inserts or target points to shaft. 30 to 75 lbs. Color choice not guaranteed.

NOTE: MANY OTHER TARGET FACES ARE AVAILABLE THAT ARE NOT LISTED IN THIS CATALOG

## WHAT'S NEW FELLOW INDUSTRIAL ARTS TEACHERS

Please note the price changes in the new 1971 catalog. Many of the popular items such as shafts, feathers, points, nocks, and bow kits have been reduced in price.

**SPECIAL SERVICE TO INSTRUCTORS:** To help in showing the correct way to tiller and shape a bow Bingham Archery will shape limbs, tiller limbs, and customize riser area of one of your bow blanks which has been laminated by you from one of my kits. Bow will be returned post paid. This is a one time offer to those who have purchased a combined total of 10 bow kits.

**FREE BOW:** A free customized bow will be sent to the instructor who has ordered a combined total of 30 semi-finished bows during one school year. This is a one time service to help your archery program be more successful. On first order of 10 bows one will be customized free.

**NEW ACCOUNTS:** For the instructor starting out as a new account Bingham Archery will sell one semi-finished bow at 1/2 price when ordering 5 or more bows.

THE FOLLOWING INFORMATION IS SUGGESTED BY MANUFACTURER TO HELP CLEAR ANY MISUNDERSTANDING AS TO GRADING AND LIMITATIONS OF BOW GLASS: Bo-Tuff fiber glass is a general term for the Gordon bow glass. This fiber glass is available in two grades. The first grade is called HI-HEAT and the economy grade is called POLY POXY. Unfortunately some dealers represent POLY POXY as being first grade. The Hi-Heat Bo-Tuff is used by leading archery manufacturers in their top line of bows. Hi Heat bow glass is world famous and the only glass to shoot an arrow for a distance of over 1 mile. Poly Poxo glass laminations can be used with good results when used with the following limitations: When using maple veneers in bow limbs the poly poxy will function good up to 50 lbs. pull. When using taper maple laminations in limb design then bows can be designed to pull up to 55 lbs. pull. For heavier bows and for those wishing the very best then Bo-Tuff Hi-Heat glass is the best value. Please note that Bingham Archery sells the Hi-Heat glass in Bow kit #1 and #2. Poly Poxo is available in Bow kit #3 and #4. Poly poxy is limited to .040" x 2" by 66" long with Hi-Heat available in 1 3/4" width .050" x 69" or longer. It was necessary to make Poly Poxo 2" wide to perform as indicated above.

Yours for better shooting,

ElMont L. Bingham
