

# Toronto Father Pens Children's Book that Motivates and Inspires Children and Parents to Go the Extra Mile

*Oliver & the Octo-Helmet* is his first children's book in a series based on the success principals of Napoleon Hill

FOR IMMEDIATE RELEASE

TORONTO, ON (Nov. 23, 2017) - Coming up in December is Motivation Month and first-time Toronto author Aaron Chan is helping empower and inspire children, and their parents, to go the extra mile with his recently released picture book *Oliver & the Octo-Helmet*.

Published by Toronto's Upon A Star Books, *Oliver & the Octo-Helmet* follows the story of Oliver, an adventurous octopus who wants to go deep-sea exploring but requires an Octo-Helmet in order to do so. He is 30 shells short so he makes a plan to earn the rest of the money and along the way learns about the importance of going the extra mile.

Chan, who is the father of two boys, is planning on writing 17 books in the Oliver Octopus series, each one based on the success principles taught by Napoleon Hill, the author of *The Law of Success* and the advisor to former U.S. president Franklin D. Roosevelt.

"The goal of this book is to light up the imagination of the kids who read it and to inspire both kids and parents to practice the principle of 'going the extra mile' in their lives," Chan said.

## **About Aaron Chan**

Chan is an accountant by day and a children's book author by night, writing books that not only entertain and touch the heart, but teach valuable life lessons that influence children in a positive way. Chan successfully launched *Oliver & the Octo-Helmet* on Nov. 12 at an event in North York. He lives with his wife, Bonnie, and their two boys, Lucas and Jaden. He can be reached at [www.oliveroctopus.com](http://www.oliveroctopus.com).
