A Committee has established a Local Rule allowing players to use a device to measure or gauge distance only (see the Note to Rule 14-3). However, if a distance-measuring device has additional functionality that can gauge or measure other conditions that might affect a player's play (e.g., elevation change, wind speed, etc.), the use of any such additional function would be a breach of Rule 14-3, and in Match play would be loss of hole; Stroke Play – Two stroke penalty. For subsequent offense - Disqualification.
- B. The following uses for a cellular phone during a stipulated round are not a breach of Rule 14-3:
 - 1. Using phone for matters unrelated to golf (e.g., calling home);
 - 2. Accessing information on advice related matters published prior to the start of the player's round (e.g., yardage book, swing tips);

If the player repeatedly distracts or offends an opponent or fellow competitor by using a cellular phone the player will be disqualified under Rule 33-7.

SECTION 10. PACE OF PLAY

- A. RULE 6-7 "The player must play without undue delay and in accordance with any pace of play guidelines that the committee may establish. Between completion of a hole and playing from the next teeing ground, the player must not unduly delay play." The responsibility for maintaining the pace of play belongs with the player. If you keep up with the group in front of you, there will be no pace of play issue. If you fall behind, you are expected to play efficient golf and get back into position. If you have a lost ball or a ruling gets you out of position, it is your responsibility to get back into position as soon as possible.
- B. OUT OF POSITION:
 - 1. A group is out of position if: when approaching the tee on a par 3 hole, there is an empty hole ahead of you; when approaching the tee on a par 4 hole, the hole is empty or the preceding group is leaving the green; when approaching the tee on a par 5 hole, the preceding group is on the green.
 - 2. When a group is out of position, they will be given a verbal warning that they are out of position and are expected to get back into position within the next two holes. If a group doesn't get back into position, individual players may be monitored or timed for failing to comply with the pace of play policy. Each player is

expected to play any stroke within 45 seconds during timing of the player's stroke. Timing will begin when a player has had a reasonable opportunity to reach her ball, it is her turn to play and she can play without interference or distraction. Time spent walking backward or forward to determine yardages, taking practice swings or changing clubs once one has been selected for play, will count as part of the time taken for the stroke.

3. On the putting green, timing begins after a player has been allowed a reasonable amount of time to lift, clean and place or re-place her ball, repair her ball mark and other ball marks on her line of putt, and remove loose impediments on her line of putt. Time spent taking practice strokes and looking at the line from beyond the hole and/or behind the ball will count as part of the time taken for the next stroke.

C. PACE OF PLAY PENALTIES:

1. Any player in a group being timed who exceeds the applicable time to play a stroke, will be advised as soon as possible. The following are the penalties, in sequence, for any player being timed who takes more than 40 seconds to play a stroke when it is her turn to play.
2. **1st** timing of more than 45 seconds **Warning**
3. **2nd** timing of more than 45 seconds **One stroke**
4. **3rd** timing of more than 45 seconds **Two strokes**
5. **4th** timing of more than 45 seconds **Disqualification**, if the committee deems there is an extreme case of abuse of the pace of play policy which warrants such action.

- D. A player who disputes the penalties assessed by a rules official may take the issue to the rules committee upon completion of the round and before signing and returning her scorecard.
