HORTICULTURE HOW-TO SEMINARS GET READY FOR THE HOLIDAYS & 2020

November through May begins the new season for our highly popular Horticulture How-To Seminars in the Propagation Garden Center. The Friends of the Port St. Lucie Botanical Gardens continues to offer the monthly workshops for our paid members for free or minimal materials cost. Membership has its perks, as the cost for non-members will be \$35.00 per person.

We kick off the season in November with Paul Renwick's Workshop on 'Wreath Making for the Holidays'. Paul's talent keeps both members and guests returning, making this his third year of this successful seminar. There will be a materials charge to Members of \$10.00 per person and a \$35.00 per person for Non-Members. There will also be a chance to win one of Paul's beautiful holiday wreaths. Delights of December and Holiday Fun in the making will be announced soon.

Newsletter . . .

Editor & Design: Mark Barnes

The Gardens is managed and operated by Friends of the Port St. Lucie Botanical Gardens, Inc., a non-profit 501(c)(3) public charity organization, that was founded to help support the daily operations of The Gardens. Friends volunteers provide hands-on daily oversight of the facility, including staffing to handle the many visitors year round. Please consider becoming a member of Friends. Friends' is a 100% volunteer organization. In all cases, donations are deductible to the extent allowed by law.

PRESIDENT'S MESSAGE...

Holidays! Please include the PSL Botanical Gardens in your holiday planning this year, whether it's visiting our Gift Shop for unique gift ideas or hosting a tour of YOUR Botanical Gardens on Westmoreland Blvd with visiting friends and family.

One holiday that is celebrated by the PSL Botanical Gardens is Arbor Day, observed in January in Florida. We have a traditional tree planting and observance of memorials and dedications received from members and the public. A simple, dignified ceremony will be held January 17, 2020. As you gather with friends and family during this holiday season, consider remembering those whose memory you hold dear at the January Arbor Day celebration. There is a minimum donation of \$25 per name. Watch for more information in the December newsletter.

Please enjoy this holiday season from your Friends at the PSL Botanical Gardens. Thank you.

Joleen King
President

VIDEO OF THE MONTH

**BEAUTIFUL
COLORADO
BY DRONE**

Horticulture How-To Series

at the

Port St. Lucie Botanical Gardens Propagation Center

Our 2020 Horticulture How-To Seminar Lineup will also include the following seminars with date and times to be announced soon.

- **Master Gardener Vegetable Gardening:** Our expert will show you the basics of starting a vegetable garden. Vegetable Gardening in Florida is a whole lot different than other parts of the country and we get many questions of what, where, when and how to plant a vegetable garden. He will help you with starting a vegetable garden and he's really great at growing really delicious tomatoes too!
- **Bromeliads:** Great plant in Florida. What do you want to know about Bromeliads? We have a Bromeliad expert who will do a workshop in the Bromeliad Garden. She has been working with Bromeliads for many years' and can answer many questions you may have about growing and maintaining Bromeliads.
- **Sip and Sow Workshop:** Don't have a lot of time to have a traditional garden? Join us for a cup of coffee as you learn what vegetables and herbs will grow in small spaces. UF/IFAS Extension staff will show you how to make your own self-watering container, ideal for lettuce, tomatoes and herbs and perfect for busy individuals.
- **How to start and maintain your own Cactus Garden:** If you have stopped by our beautiful Port St. Lucie Botanical Gardens, you will see a work of art. This expert will answer all your questions and concerns to create a beautiful Cactus Garden. This workshop will be held in the Cactus Garden.
- **You can have a successful Rose Garden in your Florida yard:** This expert has over 100 rose bushes that he grows in his yard plus manages the Rose Garden at Mounts Botanical Garden in West Palm Beach. He is assisting with the redesign and update of our own rose garden at the Port St. Lucie Botanical Gardens. The workshop will be held in the Rose Garden.

To compliment our How-To Seminars we are bringing back the Children's Workshop full force in 2020. Coordinated by Illona Christie for many years', the workshops will continue to combine education and fun. They will also include our annual April Ladybug Launch, which has become a tradition at The Gardens.

Mary Petrone, Educator, Member and volunteer in our Butterfly Garden is ready and willing to lead this endeavor in 2020. Mary has much to offer from her many years as an educator to children. Part of our Gardens mission is Horticulture education to adults and children. Children are our future and a very important part of the Gardens.

Article by Brenda Gustafson

Propagation Garden Center

at the Port St. Lucie Botanical Gardens

What's New in the Garden Center!

Plants are moving up in the Garden Center!

The Garden Center looks Super! More and more plant lovers are finding that we are the place to go for plants. YES, WE SELL PLANTS! Our plants are 99.9% propagated from cuttings around the Gardens. Thanks to our Propagation Co-Chair Ben Woodward, Dale Johnson and our dedicated volunteers. We have a full nursery of a variety of plants at very reasonable prices. Now that Fall is here and it's not so hot, you can start planting again. Take advantage of our low prices and our large variety of plants. You'll be supporting the Friends of the Port St Lucie Botanical Gardens with every purchase. **Members - 10% OFF - SEE FALL OFFERS ON PAGE 6.**

We are sprucing up the Propagation Area and are still looking for donations of one-gallon pots.

VOLUNTEERS NEEDED
If you'd like to join us and have some fun too stop by the Garden Center!

Continued on Pg 5

THANK YOU

Thank you to Suzanne Zeno pictured below for her plant and pots donation. And, to all of you who have so generously donated to the Garden Center. It would be great when you leave them off that you add the name. Remember, no invasive plants.

Young Tortoise Builds New Home

A very unusual place to start your new home, but he/she thinks its quite special!

Remember, the tortoise is protected, so be careful.

See if you can find him in the Garden.

Bus Trip!
Naples Botanical Garden
 Sponsored by the Rio Lindo Garden Club of PSL
Monday, December 2, 2019
\$55 per person

Join the Rio Lindo Garden Club for a great road trip to Naples Botanical Gardens. Don't miss this opportunity to explore an award winning jewel in Florida's crown of attractions.

Ticket includes bus transport and entrance to the Gardens.

Brown bag bus trip—pack your lunch, your snacks, nibbles to share. Food service is available at the Naples Botanical Garden if you prefer to enjoy lunch at their Fogg Cafe.

Invite your friends to join the members of the Rio Lindo Garden Club. The more, the merrier!

Bus will leave the PSL Botanical Gardens at 7 am.

For tickets and information, contact Linda Trottier
(772.879.4443 .. dtrottiers@comcast.net)

ATTENTION:

UF | IFAS Extension

UNIVERSITY of FLORIDA

University of Florida IFAS Extension Central Florida Gardening Calendar - November

What to Plant

Annuals/Bedding plants: Create a display of fall colors with cool-season plants. Some examples include impatiens, strawflower, cape daisy, and pansy. **See Annuals:** http://edis.ifas.ufl.edu/topic_annual_landscape_plants

Bulbs: Many bulbs like to get their start in cool weather. Bulbs to plant this month include amaryllis, crinum, and the many varieties of elephant's ear. **See Bulbs for Florida:** http://edis.ifas.ufl.edu/topic_bulbous_flowers

Herbs: Continue planting herbs from seeds or plants. A wide variety of herbs like cooler, dryer weather, including cilantro, dill, fennel, parsley, sage, and thyme. **See Herbs:** http://edis.ifas.ufl.edu/topic_herbs

Vegetables: Lots of choices exist for November including beans, broccoli, kale, snow/English peas, and strawberries. **See Vegetable Gardening in Florida:** http://edis.ifas.ufl.edu/topic_vegetable_gardening

What to Do

Perennials: Divide and replant overgrown perennials and bulbs now so that they establish before the coolest weather arrives. **See Seeds and Propagation (Lawn and Garden):** http://edis.ifas.ufl.edu/topic_garden_propagation

Lawns: Watch for brown patch and large patch until May. These fungal diseases cause areas of grass to turn brown. Since treatment is difficult, prevention with proper cultural practices is key. **See Turf Diseases:** http://edis.ifas.ufl.edu/topic_turf_diseases

Scale insects: Take advantage of lower temperatures to apply horticultural oil sprays to control scale insects. **See Landscape Pest Management:** http://edis.ifas.ufl.edu/topic_landscape_pests

Irrigation: Turn off systems and water only if needed. Plants need less supplemental watering in cooler weather. **See Landscape Irrigation:** http://edis.ifas.ufl.edu/topic_landscape_irrigation

Poinsettias: Watch for hornworms on poinsettias planted in the landscape. This pest can quickly defoliate a plant. Handpick or treat only the infested area. **See Poinsettias:** http://edis.ifas.ufl.edu/topic_poinsettia
