

## 600 Yard Fun Shoot Shreveport Match, October 7-9th, 2022

Attached here are the guidelines for the "600 Yard Fun Shoot" we will be holding in conjunction with the FCSA sanctioned match at the Long Range Alley Gun Club near Shreveport, LA in October, 2022. We would like everyone who wants to shoot this match to print these out and become familiar with them. There are changes to the way the match will be shot this year.

We will try to start this fun shoot as soon as possible to after the end of the match on Saturday. We think if everyone knows what to expect and what is expected of them, we can pull this off and have it be a positive event for everyone.

### **Guidelines:**

There will be an open class for calibers under .50 BMG. Please pre-register if you intend to shoot the 600 yard match. Pre-registration is very important because it allows us the opportunity to determine how much ammo we need to buy to hold the event.

Cost for the event is \$75 for anyone shooting the provided brass ammo and the shooters can keep their brass. There is a \$25 entry for the plastic case ammo provided. The "OPEN" class cost is \$25 and participants provide their own ammo. Awards will be given out for 1st place winners of the best 'Semi-Auto shooters' and for 'Practical Match shooters'. (single shot/bolt action rifle). All shots to be shot from the ground. A spotter/observer is allowed who can communicate directly with the shooter during record shooting. The 50 BMG rifle used must be capable of shooting military ball ammo with non-neck turned brass. The ammo will be supplied by the Match Director. No weighing, measuring or tweaking of the ammo is allowed. The ammo will be passed out on the line just before the start of competition.

Bipods may be used, but the legs must be able to fold independently from each other. No horizontal bracing between the legs. No front rest other than a bipod is allowed.

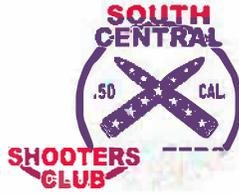

## **600 Yard Fun Shoot Shreveport Match, October 7-9th, 2022**

A rear sandbag, or monopod, is allowed. One or several soft, pliable shooting mats are allowed.

The match director will determine if any gun is not in compliance with the “spirit” of the class. The decision of the match director is final. A briefing will be held to go over these guidelines and to answer any questions. Each shooter will be assigned a target number they will be shooting on with the target set up. As soon as we are finished with the 1000 yard competition Saturday we will move the shooting to the area just beyond the 600 yard line to set up for the 1st relay. There will be communications with the pits during the time we are shooting.

After everyone has arrived at the 600 yard line, shooters will have ~10 minutes to set up their equipment. During this period, 20 rounds of ammo will be handed out to each competitor who will be shooting.

## 600 Yard Fun Shoot

### Shreveport Match, October 7-9th, 2022

After the ten (10) minute set up period is complete, shooters will be called to the firing line for the first sighter period.

**1st Sighter Period:** Each shooter will have 5 minutes to fire Five rounds at the "Spotter Target" in the impact area. (pie plate) As soon as everyone on the firing line has fired their 5 sighter rounds, a cease fire will be called and we will immediately go into "record fire" period.

**Record Fire:** Each shooter will have 10 minutes to shoot fifteen (15) rounds of record fire at their target. As soon as all shooters have completed their fifteen (15) record rounds, or the 10 minutes is up the record period will be over. The target will remain up during the 15 round scoring period. Scores and results will be announced on Sunday.

**We will shoot as many relays as necessary based on the number of shooters who sign up to shoot the 600 yard match.**

We will have the "open" class. Bring your own ammo and gun and have fun. \$25 entry and 1st place award.

---

**Good Luck and let's have fun!**
