The "ART of Relaxation – Wall Décor

Our Story

THE TEAM

Co-Founders, Artist Lori Dubois and Attorney Joseph A. Manzo, share a long history of friendship and creative vision.

Lori and Joe worked together at the headquarters of Sony Electronics, Inc., in New Jersey, some 30 years ago. They worked side-by-side on many projects, back in the day, and shared many stories, laughter and accomplishments while there. But, like all things, new roads found them pursuing their passions in different directions.

Ironically as a testament to their bond, after more than 20 years later, their paths crossed once more; and their friendship reconnected, as if not even a day had passed! It didn't take long to recognize their shared interest in art, aesthetics and retail would enable them to join forces, once again, this time to create the Dubois Art brand.

Their pooled talent utilizes Manzo's legal expertise and stellar record as a former retail store developer at Sony Electronics Inc., and Casio Inc. and Dubois' marketing background and painting heritage to bring amazing art to fruition and momentum to build the art brand.

Joe's love of photography and coastal views is refreshing and works in tandem with Lori's creativity as an artist specializing in soothing seascapes and abstracts. In addition, they share a vision to make "The ART of Relaxation" a reality within the space you live, work or visit.

Having soothing art serve as the backdrop of the room invokes a calming energy. Joe stated, "Lori's transitional style of work is extremely tranquil and versatile and will work well in just about any setting, Often, the art is the first thing which catches your eye as you enter the room ... her work is breathtaking and definitely brings a sense of relaxation and simplistic refinement to the space."

THE BRAND

Founded in Largo, Florida, Dubois Art, LLC is a transitional wall décor brand rich in art heritage and vision. The company sees transitional and relaxing art as the landscape for today's gracious living. Offered in an array of soothing sea-glass colors, these quality giclee prints on canvas provide timeless works of art. Awarded and curated artist, Lori Dubois, specializes in refined abstracts and expressive seascapes which call to mind contemplative environments, serene places and tranquility itself. Dubois' mastery and skillful representation recreates the sea and sand as impressions of feelings rather than as a literal perspective of the seaside. Nature's panorama serves as her constant muse. Her detailed command of color and form blend the serenity of nature with ultra-chic flair to create glorious results in her highly regarded modern wall art. Her signature style accentuates world-class home décor with relaxation and living well.

VISION

Ultimately, their mission was to introduce an exceptional collection of transitional wall essentials to accommodate personal style in a variety of size orientations. Their vision has resulted in exceeding expectations with an amazing and diverse product assortment of Giclee prints on canvas availed in sizes perfectly suited for today's home decor needs.

Coming from corporate life, both Joe and Lori have a high standard of quality and penchant for design. Plans for the future include additional artistic transfers for home decor and commercial products. Given the demand for art within the design sector, it's clear they have a very exciting road ahead!
