

Hello!

My name is Kelly Zoller, the Shelter's newest employee. I am a passionate animal lover and have many exciting dreams and visions for the animals that come into our care. My goal is to help each animal we rescue find a forever home with a loving family. In order to be successful, the Shelter needs your involvement.

To achieve this goal, I am planning to get fundraisers started again and hold Open House Adoption Events every month. I am also looking for a great group of volunteers that will come to the Shelter on a regular basis. Animals really thrive when they get loving attention from people! So, if you love pets, give me a call!

I will be posting a Wish List for the Shelter. It includes many items we need on a continuous basis, and also future plans and projects we would like to accomplish. Donations and contributions are always welcome!

Presently, some of our pets are placed with loving families in other areas. While they are waiting to transition into their forever home, we need temporary foster families to love and care for them. Volunteers are always encouraged to help us in all areas of care. Your reward will be the grateful affection from the rescued animals.

If you are looking for a loyal pet for your family, please consider adopting from the Ward Animal Shelter. You can give a new life to a rescued animal. If you have any questions, please give me a call at 501-766-4396, or email me at Kelly.zoller@yahoo.com
