

Baldwin Walking Paths  
Request for Proposals

The Town of Baldwin has received limited funding for the development of walking paths on town owned property and is looking for assistance from organization(s) with experience in this area. Assistance can be in laying/marketing out suggested paths and/or actual installation of paths. Attached are some maps of the town owned land with some possible paths for reference purposes. Other suggestions will be considered.

If you are interested in helping, please send your information and proposal to:
