

THE RISE OF THE 4TH REICH

A PARALLEL BLUEPRINT FOR THE COMING NEW WORLD ORDER

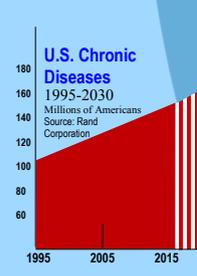

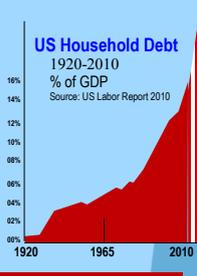

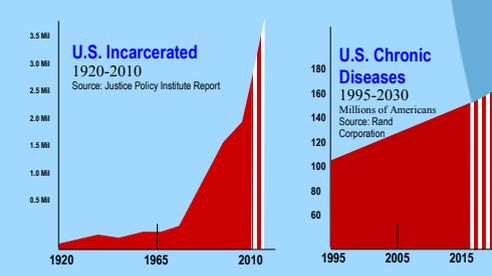

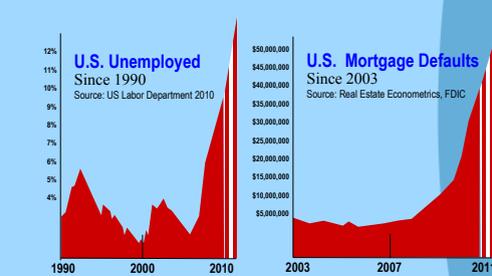

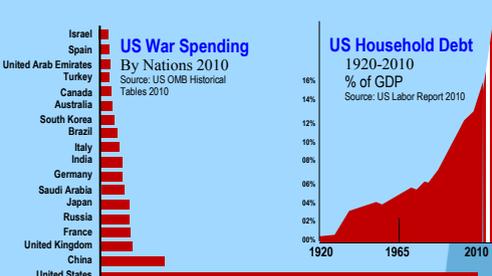

The purpose of this chart is to illustrate the parallel historical blueprint of Nazi Germany that led up to a World War. It is becoming apparent that the United States also is strikingly headed for such a 'parallel blueprint.' The US is poised to help usher in the next 'Reich' or New World Order (NWO) given the current political, economic and moral underlying symptoms of America. The key vital signs for the current condition of the US is troubling. They are indicating that the US is on the brink of political, social, economic and moral implosion as was Germany. Two parallel timelines are used. The bench-mark years for both timelines will be the US Market Crashes of 1929 and 2008. The Crash in the US of 2008 and the events since 9-11 seem to echo the same scenarios that played-out in Nazi Germany soon after the 1929 Crash. The parallel US timeline is speculative and not a 1-for-1 direct correlation. Nonetheless, history is appearing to repeat itself because some key dates and trends are remarkably and shockingly similar to both. The technology is now in place in the US to carry out a systematic repression of US Citizens on a scale Hitler would have been envious of. This chart pictures the corresponding events of both nations that could be the workings -if by design of a 'Blueprint for the next New World Order' to be ushered in once the USA is fully imploded as was Germany. This next version of the NWO could be the forging of the anticipated 'last' regional super-state of Daniel's End Times 10-Toe Confederation of the Antichrist. This scenario could potentially involve the nations that would encompass the 'New Europe' having a core of 5 nations in the West and 5 nations in the East -after the collapse of the Euro and then subsequently the Dollar.

SOME OBSERVATIONS BETWEEN THE PARALLEL TIMELINE EVENTS, FACTUAL & PROJECTED

- The Market Crash of 1929 mirrors the events and effects of the 2008 Crash for both nations with record unemployment, layoffs, soup-lines, home, business foreclosures bank failures and banker bailouts.
- The 2008 crash is just about bottoming-out as did the 1929 one that lasted about 3-4 years. This led to social turmoil as we are witnessing with the Tea Party and Occupy Wall Street movements.
- Thereafter, Germany was infused with new currency funds, militarized, made a religious pact and started chipping away at citizen's civil liberties through false flag attacks and legislative acts as with the US.

WORLD WAR

- Sep 1st 1939, Germany invaded Poland without start of WW2.
- Nazi Pack with Soviets.
- In Oct Nazis begin euthanasia of sick & disabled.

THE CRASH
Oct 29, 1929 The Crash took 4 years to bottom-out. Around 12 million were unemployed. 12,000 people lost their jobs every day. Nearly 20k companies and 16k banks went bankrupt. 1 in 20 farmers were evicted. Nearly 23,000 suicides in 1 year.

THE CRASH
Sep 29, 2008 Millions are unemployed up to 20% unofficial. 45-50 million are on food-stamps, foreclosures, tent cities are common, businesses are closing, but Banks get bailed out with tax money as their executives get million-dollar bonuses.

PROBLEM - REACTION - SOLUTION
It appears that the year 2015 will be a huge benchmark year in terms if the US will follow the path of Nazi Germany prior to WW2. Given the scenarios of historical fact, the US seems to have the same national symptoms. This scenario could lead the US to an imminent implosion of its economy, foremost. It appears to be by design to help forge the next NWO with the transfer of the US' wealth, power and resources. Since 9-11, the mechanisms for what Hitler wanted to do with the Jews and other undesirables, is now possible due to current advanced technologies that will soon be unleashed on a mandatory scale never before seen on Earth.

United States Vital Signs- A Sick Nation

As with Germany after the Market Crash of 1929 and false flag attacks that eroded the civil liberties in exchange for 'security,' so too the US now has the same symptoms of immanent collapse. In this context, a nation has never been able to sustain these levels or 'vital signs' and continue to be a 'Super-Power' and world leader. Given the current figures from the US's own government data, the USA is in deep trouble and very ill; some speculate beyond hope and recovery. The world is on the threshold of a needed 'New World Order' to be had. The US sadly, if by design is being used as Germany to usher in the next stage of the Luciferian New World Order (NWO). Through 'Order out of Chaos,' the parallel to what happened in Germany is a blueprint of what has and is currently happening to the US. All that is needed is a major 'Event' or another false-flag attack on the US like 9-11 to initiate the full implosion. The US has opted for 'security in exchange for rights' and the apparatus (REX 84, US Patriot Act, PD 51, HR 5122, HR 645, etc.) are now in place to carry out this scheme as it has been designed to do.
