For Immediate Release

Buick Drive One For Your Students

The Lincoln County R-III Education Foundation has partnered with Behlmann Buick GMC to potentially raise \$10,000 for the Lincoln County R-III School District. Buick will donate \$10 for each valid test drive up to 100 test drives. If the event exceeds 100 test drives, Buick will retroactively double the first 100 test drives, and donations will then be \$20 per test drive. With the expectation to maximize the full donation of \$10,000, we need 500 test drivers to come out to drive either Buick or GMC vehicles. There will be an array of different makes and models to suit ones taste. Drivers must be 21 years of age and there is a limit of two test drivers per household. This event will be held on Thursday, August 11 from 10am–6pm in the lower parking lot of Troy Middle School. Please come join us and help the students of the R-III School District.

The Lincoln County R-III Education Foundation (LCR3EF) is a 501(c)(3) nonprofit organization supporting education excellence in the R-III school district by funding projects and programs not otherwise possible within the constraints of the district's annual operating budget. In four short years, LCR3EF has reinvested over \$500,000 in our schools and communities. The Education Foundation also provides nonprofit and financial guardianship to Bright Futures Lincoln County, Buddy Bags and Shafer Brothers Baseball Youth Participation Fund, social service and experience organizations meeting the physical and emotional needs of the children in our schools.
