**Volunteer SPOTLIGHT**

**Karen Cottrell first learned about EPMA while attending a Because You Care walk event. After learning what the group was about, she began following EPMA on social media and her interest grew from there. She has two dogs, Gemma and Diesel, both adopted from the Anna Shelter. She enjoys being involved with EPMA because she feels she's part of a group that is making a difference. She is looking forward to seeing what positive effects our local group will cause!**

**Thank you for all that you do, Karen! :)
