Family Promise News

Volunteers are the heart of the Family Promise network.

You are the one that guides me When I'm lost in the Darkness of the night. When I'm adrift on a sea of doubt You are my guiding light. You are the one who hears my voice When my words are held within. You are the one that calms me When my world is crashing in. You are the one I talk to When no one can understand, You are the one that walks with me, You hold my trembling hand. You are the one who sees me For what I hope to be You are the one that lifts me up to be more than I can be.

Family Promise of Lincoln County is proud to report that since January 2014 we have served 86 families with children, totaling 270 individuals. We at Family Promise want to thank you all for your on-going support! We couldn't make this happen without you. We are proud that 80 percent of the families that come through our program graduate into their own home!

As most of you know there has been a T-Rex circulating the community placing tents in or around local business's and community member residences. The tenting fundraiser was a huge success! Raising over \$ 2000. Stay tuned next year to see who will be placing tents next year!

Our first Celebrity Server event was so much fun! We would like to thank Kaety Jacobson and David Gomberg for being such wonderful hosts and we would like to thank the Beach Club and Event Center for taking part in the fun by letting use their wonderful establishment and employees!

The Family Promise model is unique and cost effective. By mobilizing the community and building partnerships with congregations and social service agencies, schools and individual volunteers we are able to provide shelter, meals, support and much more as families strive for sustainable independence.

Currently we have 12 participating churches and we are ideally looking to have 14-16. We would like to give Dierdre Reynolds a huge thank you for allowing the use of congregational for several extra weeks over the 2018 year.

We had a wonderful family of three that with the help of the community was gifted a vehicle which is a huge barrier to success! We are so proud to announce that the family has successfully graduated the program and moved into their own place! Furniture and all. Thank you for all your SUPPORT!
