

## **Katherine Orcutt, PT, CCRT**

Katherine has over 20 years of experience as a human physical therapist. She earned her Bachelor of Science and Certificate in Physical Therapy from Simmons College in 1981. She spent over 14 years working for Spaulding Rehabilitation Hospital doing neurological, orthopedic and oncology in-patient rehab, as well as out-patient orthopedics, particularly enjoying working with spinal dysfunction and pain.

It was almost too good to be true for Katherine, a life-long dog lover, to learn that she could use her PT skills with canine patients. She earned her Certification as a Canine Rehabilitation Therapist in 2014 from the Canine Rehabilitation Institute.

Katherine has enjoyed the companionship of many dogs and cats over the years, including a Miniature Schnauzer (Wolfgang), an Australian Terrier (Sydney), a good- old Shepherd mix (Gobo), a few feisty cats (Sox, Seth, Milo and Matte) and two Greyhounds (Ogee, and currently Rosco, the love of her life.)

Having always enjoyed getting to the root of rehab problems in order to provide treatment that is effective and returns people to fuller lives, Katherine is very excited now to be doing the same for dogs.
