If you have not yet taken your photo, please follow the recommendations below to achieve the best possible result.

### PHOTO REQUIREMENTS

In order to produce a quality product, we need a quality photo (Think: quality IN = quality OUT). Please review the following DO'S and DON'TS related to photos:

- **DO** submit a high-resolution photo. The higher the resolution the better! The MINIMUM resolution for this type of banner is 150ppi. The IDEAL resolution is 300ppi. For more information on how to achieve proper resolution, please [click here](#). This site offers LOTS of great information on how to take a photo that will look great on your banner.
- **DO NOT** submit photos gathered from social media sites. While they might look good online, they will very likely will not print well at banner size.
- **DO** make sure to have authorization if submitting a photo from your senior photo shoot earlier in the school year. Some professional photographers prohibit the use of their photos and place watermarks on them to prevent illegal usage.
- **DO** submit photos with portrait orientation. Poses should be compact, so the overall shape of the subject is taller than it is wide (see examples above). Use caution when using equipment such as bats, tennis rackets or golf clubs as they tend to make the photo too wide and unusable in the design options.
- **DO** review your photo closely prior to submission. We will not provide any image touch-ups, such as blemish or red eye removal, and we cannot sharpen a photo that is out of focus. In addition, be mindful of the background of your photo as it will become part of the finished product.

## OTHER IMPORTANT INFORMATION:

- **PLEASE ENSURE CORRECT SPELLING!** All student names will be copied and pasted from each order into the design template. This allows us to skip the proof approval process and expedite production. ***Banners will not be reprinted due to spelling errors.***
- If we find the resolution of your photo to be less than desirable, we will contact you via email requesting a higher quality image. Please keep an eye on your email!
- The primary focus of each photo should be the student. Backgrounds will be cropped to fit the design as needed.
- We reserve the right to alter the selected design if the provided photo does not fit within the design template appropriately. In the event we find it necessary to alter the design, we will send email communication to gain final approval of the design. Again, please watch your email for any such messages and respond as quickly as possible to avoid delays.
- Unless we find it necessary to make a significant change to your selected design, you will not receive an artwork proof of your banner.
- In order to maximize our productivity, printing will occur in batches as soon as multiple orders are received and prepared for printing. Encourage other parents to order to decrease wait times!
- Once the shipping label has been created for your order, you will receive an email with USPS tracking information.

## ORDER DEADLINE: APRIL 18<sup>TH</sup>

We will accept and process orders at any time, however, orders received after April 18<sup>th</sup> may be delayed due to production limitations.
