SBCC-24T & SBCC-24A

Card Cutters

Shark Finishing Machinery introduces to its line of digital print finishing equipment the SBCC-24A & SBCC-24T Business Card Cutters. These automatic card cutters are available in both a table top model and air feed floor model. They come standard with gutter cut producing 24-up business cards from a 12" x 18" sheet. Able to cut coated stock, laminated stock, card stock and other printed material. Equipped with waste bin, easy to use LCD display screen and the ability to control the cutting accuracy with a register mark reader. These high precision machines are built stylish and durable with self-sharpening blades and the ability to cut 500 business cards in under 3 minutes. Stop wasting valuable time by cutting your business cards on your paper cutter. Our card cutters are simple to operate and require very little maintenance.

- Paper Size 12 x 18 in.
- Automatic
- Gutter Cut
- Speed of up to 500 business cards in under 2.5 minutes
- Custom cutting cartridges available
- Equipped with Register Mark Reader for cutting accuracy
- Long life self-sharpening blades
- Cut laminated paper, coated paper, card stock, photo paper and more
