

Founder's Note

Back in the late 1990s when my daughter was five years old, she came down with a fever, swollen glands and flu-like symptoms. Normally this type of condition would last about 10 days or so with her, however, I was 'led' to rub some frankincense on to her swollen glands. In about 10 minutes I noticed that the swelling, as well as the fever had subsided! She seemed to be feeling better so I rubbed a few more drops on her chest and back. Two days later she was free from any flu symptoms and we have been using frankincense and myrrh since then.

This started my research into frankincense and myrrh and the birth of this company. For thousands of years so many people have been helped by these oils. I am honored to be instrumental in bringing them back to the limelight.

History

In ancient times, frankincense and myrrh were treated as top commodities. Our ancestors knew they were worth their weight in gold because they had so many medicinal, anti-aging, pest control and other convenient household and garden uses. Possession of frankincense and myrrh was a sign of wealth and was thought to attract more prosperity.

Frankincense, myrrh and gold were the only gifts brought to baby Jesus by the three wise kings. Please do not overlook their importance. Order yours today!

Recent research has revealed that the principle ingredients in frankincense and myrrh are very similar in chemical structure to human hormones, which may explain the enduring popularity of these ancient treasures for at least 5,000 years. The aromatherapy benefits of both are unparalleled; and with their flesh preserving properties, they are nature's best kept anti-aging and beauty secrets.

Use them daily for their refreshing aroma and remarkable therapeutic value.

High Quality Essential Oils

These essential oils are of the highest quality. The carbon distillation process maintains their natural color and fragrance. They help bring oxygen and nutrients to the cells and have high vibrational frequency levels. In ancient times, use of essential oils like frankincense and myrrh included but were not limited to: anti-depressant, anti-viral, anti-toxic, anti-bacterial, anti-inflammatory, anti-tumor and anti-fungal. These products are highly concentrated! No carrier oils have been added. However, they may be diluted with carrier oils, water, vinegar or grain alcohol to obtain the desired strength but please SHAKE WELL.

Directions

Dab a small amount on the inner forearm. For external use only! Discontinue use if redness appears. Keep away from eyes and out of the reach of children. If you are pregnant, nursing or sick, ask for your doctor's approval. May stain clothing.

We are always adding new products (not shown) like: Rama, Michelangelo, Magnolia Moon, Honeysuckle Rose.

General use:

Rub liberally on to skin, around the neck, chest, wrists and forearms, and breathe in a few good whiffs to help strengthen the immune system.

Helpful Hints

Increase or decrease strength to suit your own liking and needs. Experiment to determine which oil you prefer.

Bath soak:

No more than ten drops of frankincense for a soothing soak.

Room freshener:

One ml (30 drops) of your choice of oil with 8 oz. of water. Spray on to pillows, sheets, air condition filters, cars, boats, etc.

Pet spray:

Dab oil straight on to fur or mix 2 ml or more if desired with 8 oz. water.

Mosquitoes and pests:

Dab frankincense/myrrh directly on to skin and hair to prevent bites. Relieves itching if already bitten. May stain clothing.

House cleanser:

Great smelling disinfectant that also repels insects. Mix with water, alcohol, or vinegar.

Beauty treatment:

Add a few drops to lotions, creams, shampoos and conditioners. Use with water and a cotton ball for a terrific facial cleanser. Experiment and have fun!

Share. Enjoy. Experiment.
