

WALKING PATH Replacement continues

Phase I of the Replacement of our Walking Paths has *ALMOST* been *COMPLETED* with the exception of the paths that run from Bush Hill Terrace to Pecan Grove Lane and Rolling Fork Way (see highlighted map below).

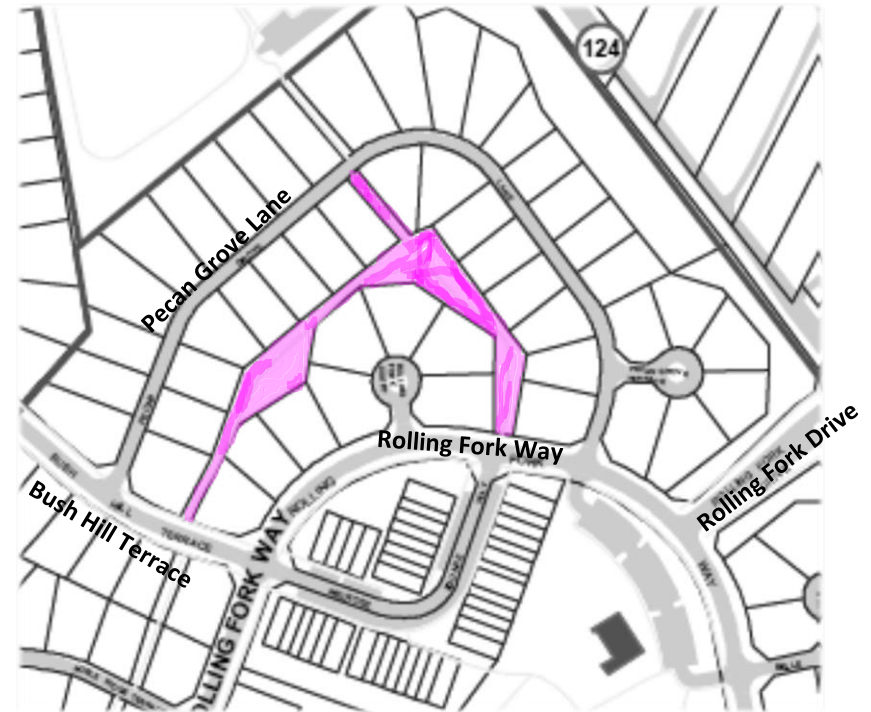

These paths will be repaired after school is out for the summer (on or around June 20th as weather permits). This section of paths will be **CLOSED** and **off limits** to *EVERYONE* during the reconstruction.

Note of Caution – again the Paths running from Bush Hill Terrace to Pecan Grove Lane and Rolling Fork Way will be **COMPLETELY** closed for use by everyone during the reconstruction.

The Area will be a full “Construction Work Zone” and unsafe. So please abide by the posted closing signs and please make your CHILDREN aware of the dangers of entering or playing in a hazardous work area.

POOL PARKING LOT – a Section still remains CLOSED

The upper end of the Pool Parking lot will continue to be used by our contractor while the Path reconstruction is being done. Please do not park in the upper end of the pool parking lot (near Melrose Square) until further notice.

For your Safety & the Safety of your Children

Please DO NOT ENTER the Construction Zone

Thank you for your continued Patience – Plantations Two HOA Board of Directors
