We asked kids about the  
**After School Bowling Program**  
and they said this...

**I learned this about bowling:**

It's awesome! ○ To follow through ○ How to do a curve ball ○ That I can throw a heavier ball ○ To bowl with my left foot forward ○ Lane courtesy ○ Even if you have a low score you still have fun ○ How to throw the ball straight ○ Where to stand on the lane ○ Keep your eye on your target ○ How to bowl league style ○ The bowling lane is 60' long ○ Bowling is fun and not all about winning ○ This is a game that requires practice ○ 300 is the highest score ○ Bowling pins are made of wood ○ How to bowl without bumpers.

**I like this about the program:**

To hang out with my friends ○ To be a better bowler ○ It is fun ○ League style bowling ○ Getting snack from the café ○ The coaches are nice and help us with our bowling ○ We get to bowl 3 games.

**I want to know more about bowling:**

How do you learn different styles of bowling? ○ More bowling tips  
○ How to get a perfect score ○ How is a bowling pin made?  
○ How much does a bowling ball cost? ○ How to keep score  
○ Why do the lanes have arrows? ○ How to count boards  
○ How to get a strike/pick up a spare ○ The history of bowling
